WTIA 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2018

Note 1 - Plan Description

The following description of WTIA 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreements for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan established by the Washington Technology Industry Association 401(k) Collective (WTIA or the Sponsor) and adopted by various participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration - Great-West Trust Company, LLC (Great-West Trust) was a custodian of the Plan as of December 31, 2017 and for the period January 1, 2018 through July 31, 2018. Charles Schwab Bank (Schwab) became a custodian of the Plan on August 1, 2018. Great-West Life & Annuity Insurance Company (Great-West Life) was also a custodian of the Plan as of December 31, 2018 and 2017 and for the year ended December 31, 2018.

Eligibility - Participating employers have various service requirements which range from immediate eligibility up to a one year of service requirement. Additionally, there is no age requirement to enter the Plan for most participating employers; however, some employers require employees to reach the age of 18 or 21 to be eligible for participation in the Plan.

Contributions - Employees may elect to defer up to 100% of their compensation as pre-tax or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible defined benefit or defined contribution plans (rollover).

Participating employers may elect to make discretionary or fixed employer matching contributions. Four adopting employers (All Star Directories, Inc., BitTitan, Inc., Redmond Technology Partners, LLC, and YouScript, Inc.) made matching contributions during 2018. Adopting employers may also make discretionary nonelective contributions. No discretionary nonelective contributions were made during 2018.

The Plan also allows adopting employers to make safe harbor matching or nonelective contributions. Effective August 1, 2018, safe harbor nonelective contributions were no longer allowed under the Plan. Three adopting employers (WTIA, Industrial Software Solutions, and Swift HR Solutions, Inc.) made safe harbor contributions during 2018.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with an allocation of (a) employer contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in employer non safe harbor matching and nonelective contributions varies by adopting employer. All participants will become 100% vested in all contributions to their account after completing 6 years of service with the employer.

Forfeitures - Forfeitures may be used to reduce future employer contributions or pay administrative expenses of the Plan. At December 31, 2018 and 2017, there were approximately \$30,000 and \$71,000, respectively, in unallocated forfeitures available for the Sponsor to use as described above.

WTIA 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2018

Note 1 - Continued

Notes Receivable From Participants - A participant may borrow the lesser of \$50,000 or 50% of his or her vested balance, with a minimum loan of \$1,000. Loan terms range from one to five years unless the loan qualifies as a home loan in which case the repayment term can be extended. The interest rate is set at 2.0% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS for 2017 are recorded as a liability at December 31, 2017.

Payment of Benefits - Benefits are recorded when paid.

WTIA 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2018

Note 2 - Continued

Investment Management and Administrative Expenses - Administrative costs for investment advisory, investment management, recordkeeping, auditing, and other administrator fees are paid by the Plan. Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts. The Sponsor and participating employers may elect to pay other expenses related to the Plan's administration.

Subsequent Events - The Plan's management has evaluated subsequent events through January 15, 2020, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value Measurements as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,373,261	\$ -	\$ -	\$ 16,373,261

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,190,745	\$ -	\$ -	\$ 23,190,745

Note 4 - Fully Benefit-Responsive Investment Contracts

The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Note 5 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2018 and 2017, and investment income or loss and transactions for the year ended December 31, 2018, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life, Great-West Trust, and Schwab. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 6 - Party-in-Interest Transactions

Certain plan investments held during the year were shares of mutual funds managed by affiliates of Great-West Trust and Schwab. The Plan also holds a fully benefit-responsive guaranteed investment contract issued by Great-West Life. Great-West Trust, Great-West Life, and Schwab provided custodial services to the Plan and, therefore, transactions with such investments and fees charged by Great-West Trust, Great-West Life, and Schwab qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

The Plan paid investment advisory, investment management, recordkeeping, auditing, and third-party administrator fees totaling approximately \$275,000 which are considered exempt party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Income Tax Status

The Sponsor and participating employers adopted a Thorson, Barnett & McDonald P.C. volume submitter plan document. Thorson, Barnett & McDonald, P.C. received an advisory letter from the IRS dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan provides for various investment options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statement to the Form 5500 at December 31:

	<u>2018</u>	<u>2017</u>

Note 11 - Delinquent Participant Contributions

The Sponsor determined there were paydates during 2016, 2017, and 2018 in which participant deferral contributions and loan repayments totaling \$787,943 were not deposited by the Sponsor and participating employers as plan assets within the time limitation stipulated under the Department of Labor's regulations. These delinquent deposits are considered nonexempt prohibited transactions. The Sponsor is working with their third-party administrator to calculate and remit lost earnings for the late contributions identified in 2018. Lost earnings were calculated and restored in 2018 for late contributions identified from 2017 and 2016.
