Note 1 – Description of plan

The following description of the Consolidated Trucking Services Retirement Plan (the Plan) provides only general information. Osterkamp Trucking, Inc. is the Plan Sponsor (the Plan Sponsor and Plan Administrator). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established January 1, 1997 and was restated effective April 1, 2015 to include the language and provisions from the Pension Protection Act (PPA). The Plan was established by the Plan Sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

ADP Retirement Services (ADPRS) has been contracted to serve as the Custodian of the Plan. Effective January 1, 2016, Reliance Trust Company has been contracted to serve as the Trustee of the Plan.

Eligibility and participation

The Plan is a contributory plan covering all full time employees of the Plan Sponsor who have completed three months of service. Participants will be able to enter into the Plan on the first day of the month following the date on which the above eligibility requirements are met.

Participant contributions

The Plan is a contributory plan whereby participants may contribute up 70% of their compensation not to exceed $18,500 for the year ending December 31, 2018 and $18,000 for the year ending December 31, 2017. Participants age 50 or older may elect to defer up to an additional $6,000 of "catch up" contributions to the Plan.

Under provisions of the Plan, participants have the option to rollover contributions or any lump sum distribution received by an employee from a pension or profit sharing plan meeting the requirements of Internal Revenue Code Section 401(a).

Employer contributions

The Plan Sponsor makes matching contributions of 35% of the employee's compensation, not to exceed $1,500 or 70% of eligible earnings. For the year ended December 31, 2018, the Plan Sponsor made matching contributions in the amount of $222,471.

Participant accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions, and an allocation of Plan investments earnings. Each participant's account is decreased by investment losses and depreciation in the value of investments, as well as withdrawals, distributions, and fees from their account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1 – Description of plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Vesting in employer contributions and earnings thereon, is based on years of continuous service. Participants are vested at 0% with three years or less of service and 100% after three years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 30 years if used to purchase participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. Interest rates on participant loans ranged from 4.25% to 6.25% as of December 31, 2017 and from 4.25% to 7.25% as of December 31, 2018. Principal and interest is paid ratably through payroll deductions or participant payments.

Payments of benefits

Upon retirement, death, disability, or termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan. Benefits provided under this plan are neither insured nor guaranteed by the Plan Sponsor, by the Pension Benefit Guarantee Corporation, a federal governmental agency, nor under any state or federal law.

Distributions and corrective distributions payable

Distributions payable represents amounts due to terminated participants who received distributions with forfeitures calculated incorrectly. Amounts payable to previous participants total $25,889. As of the date of the issuance of these financial statements, no correcting distributions have been made.

Corrective distributions represent payments made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Amounts payable to participants totaling $3,273 for contributions in excess of amounts allowed by the IRS are recorded as a liability and are included in deductions from net assets as corrective distributions. The Plan distributed the 2018 Plan year excess contributions to the applicable participant in March 2019.

Forfeitures

Forfeited balances of terminated participating non-vested accounts may be used to reduce Plan Sponsor contributions to the Plan. During the year ended December 31, 2018, amounts forfeited totaled $38,625. During 2018, $38,440 was used to reduce employer matching contributions. As of December 31, 2018, the amount of forfeitures available to offset future Plan Sponsor contributions is $1,939.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2 – Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred.

Investment options

The participant and employer matching contributions are allocated to the various investment options offered by the Plan as directed by the participants. The investment options include common/collective trusts that invest in a variety of underlying funds and in registered investment companies.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of both realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees paid by the Plan for certain administrative fees amounted to $6,898 for the year ended December 31, 2018. Fees paid directly by the Plan Sponsor totaled $16,500 for the year ended December 31, 2018

Subsequent events

Subsequent events have been evaluated by the Sponsor's management through January 17, 2020 the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2018 that required recognition or additional disclosure in the current period financial statements.

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018 and 2017. The valuation methodologies used for the assets measured at fair value is as follows:

Registered investment companies (mutual funds): The fair values of the registered investment companies are based on quoted market prices (Level 1 inputs).

Common/collective trusts: Fair values are determined daily by the respective fund manager and represent the net asset value (NAV) of the underlying investments within the respective CCTs. The net asset value represents the price at which Plan participants would transact their respective CCT interest at any point in time.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,285,788	$ -	$ -	$ 7,285,788
Investments measured at net asset value				$ 247,247
Total investments	$ 7,285,788	$ -	$ -	$ 7,533,035

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,925,457	$ -	$ -	$ 6,925,457
Investments measured at net asset value				$ 268,118
Total investments	$ 6,925,457	$ -	$ -	$ 7,193,575

Note 4 – Information certified by the trustee

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain certified information need not be subject to independent audit.

The Plan Sponsor has obtained certification from the trustee that the following information included in the Plan's financial statements is complete and accurate, as of and for the year ended December 31, 2018 and 2017:

	2018	2017
Investments in registered investment companies	$ 7,285,788	$ 6,925,457
Investments in common collective trusts	247,247	268,117
Interest, dividends, and other income	542,883	255,728
Interest income on notes receivable from participants	16,539	13,648
Net (depreciation) appreciation in fair value of investments	$ (1,106,854)	$ 767,490

Note 5 – Party-in-interest transactions

Certain Plan investments are managed by ADP Retirement Services, the custodian of the Plan. These transactions qualify as party-in-interest transactions. The Plan also holds notes receivable representing participant loans. These transactions also qualify as party-in-interest transactions. These transactions are exempt from prohibited transactions rules under ERISA.

All of these party-in-interest transactions are exempt from prohibited transaction rules under ERISA.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

Note 7 – Tax status

The IRS has determined and informed the plan sponsor by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken.

The Plan is subject to potential audits on open years by any jurisdiction in which it operates. The statute of limitations for federal purposes is generally three years.

Note 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts' balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Schedule H of Form 5500 to financial statements

The following is a reconciliation of net assets available for benefits, per the financial statements, at December 31, 2018 to Form 5500:

Net assets available for benefits, per the financial statements	$	7,793,426

Corrective distributions payable as of December 31, 2018		3,273
Net assets available for benefits per Form 5500	$	7,822,588

The following is a reconciliation of changes in net assets available for benefits, per the financial statements, at December 31, 2018 to Form 5500:

Changes in net assets available for benefits, per the financial statements	$	344,782
Additional accrued benefits paid to participants for the year ended December 31, 2018		10,424
Corrective distributions as of December 31, 2018		3,273
Rounding		2
Changes in net assets available for benefits per Form 5500	$	358,481

Note 10 – Prior period adjustment

There was a prior period adjustment to the December 31, 2017 financial statements due to notes receivable from participants being recorded incorrectly in the amount of $12,156 as of December 31, 2013. This resulted in an decrease to the net assets available for benefits as of January 1, 2018, in the amount of $12,156.

Note 1 – Description of plan

The following description of the Consolidated Trucking Services Retirement Plan (the Plan) provides only general information. Osterkamp Trucking, Inc. is the Plan Sponsor (the Plan Sponsor and Plan Administrator). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established January 1, 1997 and was restated effective April 1, 2015 to include the language and provisions from the Pension Protection Act (PPA). The Plan was established by the Plan Sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

ADP Retirement Services (ADPRS) has been contracted to serve as the Custodian of the Plan. Effective January 1, 2016, Reliance Trust Company has been contracted to serve as the Trustee of the Plan.

Eligibility and participation

The Plan is a contributory plan covering all full time employees of the Plan Sponsor who have completed three months of service. Participants will be able to enter into the Plan on the first day of the month following the date on which the above eligibility requirements are met.

Participant contributions

The Plan is a contributory plan whereby participants may contribute up 70% of their compensation not to exceed $18,500 for the year ending December 31, 2018 and $18,000 for the year ending December 31, 2017. Participants age 50 or older may elect to defer up to an additional $6,000 of "catch up" contributions to the Plan.

Under provisions of the Plan, participants have the option to rollover contributions or any lump sum distribution received by an employee from a pension or profit sharing plan meeting the requirements of Internal Revenue Code Section 401(a).

Employer contributions

The Plan Sponsor makes matching contributions of 35% of the employee's compensation, not to exceed $1,500 or 70% of eligible earnings. For the year ended December 31, 2018, the Plan Sponsor made matching contributions in the amount of $222,471.

Participant accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions, and an allocation of Plan investments earnings. Each participant's account is decreased by investment losses and depreciation in the value of investments, as well as withdrawals, distributions, and fees from their account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1 – Description of plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Vesting in employer contributions and earnings thereon, is based on years of continuous service. Participants are vested at 0% with three years or less of service and 100% after three years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 30 years if used to purchase participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. Interest rates on participant loans ranged from 4.25% to 6.25% as of December 31, 2017 and from 4.25% to 7.25% as of December 31, 2018. Principal and interest is paid ratably through payroll deductions or participant payments.

Payments of benefits

Upon retirement, death, disability, or termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan. Benefits provided under this plan are neither insured nor guaranteed by the Plan Sponsor, by the Pension Benefit Guarantee Corporation, a federal governmental agency, nor under any state or federal law.

Distributions and corrective distributions payable

Distributions payable represents amounts due to terminated participants who received distributions with forfeitures calculated incorrectly. Amounts payable to previous participants total $25,889. As of the date of the issuance of these financial statements, no correcting distributions have been made.

Corrective distributions represent payments made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Amounts payable to participants totaling $3,273 for contributions in excess of amounts allowed by the IRS are recorded as a liability and are included in deductions from net assets as corrective distributions. The Plan distributed the 2018 Plan year excess contributions to the applicable participant in March 2019.

Forfeitures

Forfeited balances of terminated participating non-vested accounts may be used to reduce Plan Sponsor contributions to the Plan. During the year ended December 31, 2018, amounts forfeited totaled $38,625. During 2018, $38,440 was used to reduce employer matching contributions. As of December 31, 2018, the amount of forfeitures available to offset future Plan Sponsor contributions is $1,939.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2 – Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred.

Investment options

The participant and employer matching contributions are allocated to the various investment options offered by the Plan as directed by the participants. The investment options include common/collective trusts that invest in a variety of underlying funds and in registered investment companies.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of both realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees paid by the Plan for certain administrative fees amounted to $6,898 for the year ended December 31, 2018. Fees paid directly by the Plan Sponsor totaled $16,500 for the year ended December 31, 2018

Subsequent events

Subsequent events have been evaluated by the Sponsor's management through January 17, 2020 the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2018 that required recognition or additional disclosure in the current period financial statements.

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018 and 2017. The valuation methodologies used for the assets measured at fair value is as follows:

Registered investment companies (mutual funds): The fair values of the registered investment companies are based on quoted market prices (Level 1 inputs).

Common/collective trusts: Fair values are determined daily by the respective fund manager and represent the net asset value (NAV) of the underlying investments within the respective CCTs. The net asset value represents the price at which Plan participants would transact their respective CCT interest at any point in time.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,285,788	$ -	$ -	$ 7,285,788
Investments measured at net asset value				$ 247,247
Total investments	$ 7,285,788	$ -	$ -	$ 7,533,035

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,925,457	$ -	$ -	$ 6,925,457
Investments measured at net asset value				$ 268,118
Total investments	$ 6,925,457	$ -	$ -	$ 7,193,575

Note 4 – Information certified by the trustee

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain certified information need not be subject to independent audit.

The Plan Sponsor has obtained certification from the trustee that the following information included in the Plan's financial statements is complete and accurate, as of and for the year ended December 31, 2018 and 2017:

	2018	2017
Investments in registered investment companies	$ 7,285,788	$ 6,925,457
Investments in common collective trusts	247,247	268,117
Interest, dividends, and other income	542,883	255,728
Interest income on notes receivable from participants	16,539	13,648
Net (depreciation) appreciation in fair value of investments	$ (1,106,854)	$ 767,490

Note 5 – Party-in-interest transactions

Certain Plan investments are managed by ADP Retirement Services, the custodian of the Plan. These transactions qualify as party-in-interest transactions. The Plan also holds notes receivable representing participant loans. These transactions also qualify as party-in-interest transactions. These transactions are exempt from prohibited transactions rules under ERISA.

All of these party-in-interest transactions are exempt from prohibited transaction rules under ERISA.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

Note 7 – Tax status

The IRS has determined and informed the plan sponsor by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken.

The Plan is subject to potential audits on open years by any jurisdiction in which it operates. The statute of limitations for federal purposes is generally three years.

Note 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts' balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Schedule H of Form 5500 to financial statements

The following is a reconciliation of net assets available for benefits, per the financial statements, at December 31, 2018 to Form 5500:

Net assets available for benefits, per the financial statements	$	7,793,426
Distributions payable as of December 31, 2018		25,889
Corrective distributions payable as of December 31, 2018		3,273
Net assets available for benefits per Form 5500	$	7,822,588

The following is a reconciliation of changes in net assets available for benefits, per the financial statements, at December 31, 2018 to Form 5500:

Changes in net assets available for benefits, per the financial statements	$	344,782

Corrective distributions as of December 31, 2018		3,273
Rounding		2
Changes in net assets available for benefits per Form 5500	$	358,481

Note 10 – Prior period adjustment

There was a prior period adjustment to the December 31, 2017 financial statements due to notes receivable from participants being recorded incorrectly in the amount of $12,156 as of December 31, 2013. This resulted in an decrease to the net assets available for benefits as of January 1, 2018, in the amount of $12,156.
