NOTE 1 – PLAN DESCRIPTION

The following description of the Dixie Electric, LLC Employee Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that provides retirement savings benefits to eligible employees of Dixie Electric, LLC (the "Company" or "Employer"). The Plan, which commenced effective January 1, 1966, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodians and Trustees – Effective August 16, 2016, the Plan was amended and restated and a new custodian and trustee of the Plan was appointed. In preparation for the change in custodian, the assets of the Plan transferred from to Fidelity Management Trust Company ("Fidelity") to Great-West Trust Company, LLC ("Great-West") on April 1, 2016. Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. Among other duties, Fidelity and Great-West receive contributions, hold and invest the fund assets in accordance with the directions of participants, and make disbursements as directed by the Plan Administrator. Fidelity and Great-West served as Trustees of the Plan.

Eligibility – Except those under collective bargaining agreements and non-resident aliens who receive no U.S.-source income, employees are eligible to participate in the Plan upon completion of three months of service. Eligible employees may enter the Plan on the first administratively feasible date following the date the eligibility requirements are met. Effective August 16, 2016, the Plan entry date was changed to first day of each month.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and will have their deferral contribution rate increased by 1% each year until it reaches a maximum of 6% of eligible compensation, unless they elect otherwise.

Contributions – Participants may elect to contribute, on a before-tax or Roth basis, up to 90% of eligible compensation as defined by the Plan and subject to the IRC limit of $18,000 for 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2016.

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan provides for Safe Harbor Employer matching contributions. In the 2016 Plan year, the Company made Safe Harbor matching contributions to the Plan on behalf of participants in an amount equal to 100% of the first 2% of participant's eligible compensation and 50% of the next 4% of participant's eligible compensation contributed to the Plan as employee contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION – continued

Investment Options – Upon enrollment in the Plan, participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Vesting – Participants are vested immediately in their contributions plus actual earnings on the contributions.

The Plan was amended effective October 1, 2014 to change years of service for vesting purposes. Prior to October 1, 2014, a year of service was 1,000 hours or more worked in a Plan year. Employees hired on or after October 1, 2014 will receive vesting credit for years of service with the Company based only on the elapsed time method.

In addition, service with the following predecessor employers will be included to determine the number of years of service for vesting purposes: K&S Electric, Inc.; Patriot Automation and Controls, LLC; Monahans Electric, Inc.; L&K Electric, Inc.; and Epic Integrated Services, LLC. Effective August 16, 2016 participants were given credit for eligibility and vesting purposes for years of service with the following additional predecessor employers: Strong Electric Inc., Mac Supply Inc., and Wellkeeper. Prior discretionary profit sharing contributions merging from L&K Electric 401(k) Plan and Trust and the Epic Integrated Services, LLC Merging Plan, plus any income or loss thereon, are 100% vested.

Safe Harbor Employer matching contributions to the Plan, plus any income or loss thereon, are vested as follows:

Years of Vesting	Percentage of Vested Interest
Less than 2	0
2 or more	100

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1% above the Prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – Participants may elect payment of benefits upon retirement, death, disability, or termination of employment. Participants or beneficiaries are entitled to receive a lump sum amount equal to the vested value of the participant's account. Terminated participants whose vested account balances are less than $1,000 receive automatic distributions as a single lump sum payment under the terms of the Plan without the participant's consent. Terminated participants whose vested account balances are greater than $1,000 but less than $5,000, and the participant does not elect to either receive or rollover their distribution, will be paid a direct rollover to an individual retirement account (an "IRA") chosen by the Plan Administrator. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts – At December 31, 2016 and 2015, forfeited non-vested accounts totaled $167,349 and $237,607 respectively. These accounts will be used to reduce future Employer contributions or to pay administrative expenses. Also, in 2016, employer contributions were reduced by $175,000 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Loan origination fees associated with notes receivable from participants, charges for withdrawals for payment of benefits to participants, and the Plan's record-keeping fees are paid by the Plan and are reflected in the financial statements as Plan administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net appreciation of fair value of investments. All other expenses of the Plan are paid by the Company.

Recent Accounting Pronouncements – In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics, and risks (Part II). The update also allows plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month-end (Part III). The amendments in this update are effective for fiscal years beginning after December 15, 2015 and should be applied on a retrospective basis for the periods presented for Parts I and II and on a prospective basis for Part III. Early adoption is permitted. The Plan elected to early adopt ASU 2015-12 Parts I and II as of January 1, 2015. Part III was not applicable to the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES – continued

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*. ASU 2015-07 eliminates the requirement to categorize investments in the fair value hierarchy if the fair value is measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient in the FASB's fair value measurement guidance. The provisions of ASU 2015-07 are effective for the Plan for fiscal years beginning after December 15, 2015 and are required to be applied retrospectively to all periods presented; early adoption is permitted. The Plan early adopted this update effective January 1, 2015, and its investment in the stable value collective trust fund that is measured at fair value using the NAV per share (or its equivalent) as a practical expedient has not been categorized in the fair value hierarchy (See Note 3 for additional information).

Subsequent Events – The Plan has evaluated subsequent events through January 11, 2020, the date the financial statements were available to be issued. See Note 12.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.
- *Stable value collective trust fund* – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,509,228	$ -	$ -	$ 12,509,228
Total assets in the fair value hierarchy	12,509,228	-	-	12,509,228
Investments measured at net asset value (a)	-	-	-	557,496
Investments at fair value	$ 12,509,228	$ -	$ -	$ 13,066,724

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,279,582	$ -	$ -	$ 13,279,582
Money market fund	190,991	-	-	190,991
Total assets in the fair value hierarchy	13,470,573	-	-	13,470,573
Investments measured at net asset value (a)	-	-	-	744,373
Investments at fair value	$ 13,470,573	$ -	$ -	$ 14,214,946

(a) In accordance with ASC 820-10, certain investments (stable value collective trust fund) that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEES

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

December 31,	2016	2015
Investments, at fair value	$ 13,066,724	$ 14,214,946
Notes receivable from participants	563,031	431,264

Year ended December 31,	2016
Net appreciation in fair value of investments	$ 460,846
Dividends	417,087
Interest income on notes receivable from participants	20,523

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

NOTE 5 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustees. Great-West and Fidelity are the Trustees as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party in interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to service providers. See Note 9 and Note 10.

The Plan has notes receivable from participants at December 31, 2016 and 2015. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 7 – TAX STATUS

Prior to August 16, 2016, the Plan operated under an adoption agreement in connection with a standardized volume submitter profit sharing plan and custodial document sponsored by Fidelity Management and Research Company. This prototype plan document was filed with the appropriate agency and obtained an opinion letter dated March 31, 2014. Effective August 16, 2016, the Plan operates under an adoption agreement in connection with a prototype defined contribution plan and trust sponsored by Great-West. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service dated March 31, 2014 stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC and that the related trust was tax exempt as of the financial statement date. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believes the Plan is qualified and that the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service ("IRS"). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

The Company failed to remit to the Plan's Trustees certain participant contributions and loan repayments totaling $296,899 within the period prescribed by the DOL Rules and Regulations. Delays in remitting contributions to the Trustees were due to unintentional administrative errors. The Company is in the process of correcting contributions to the affected participants' accounts to compensate those participants for potential lost earnings due to the delays.

NOTE 10 – PLAN OPERATIONAL ERRORS

During 2017, the Company learned of an operational error in the administration of the Plan. The Company determined that participants were allowed to contribute certain bonus compensation that did not meet the Plan's definition of eligible compensation and computed Company match contributions based on participants' gross wages. Certain coding errors were identified relating to participant deferrals and Company matching contributions due to a conversion to a new payroll system in April 2016.

The Company elected to self-correct the Plan operational error. As of December 31, 2016, the Plan has recognized a liability in the amount of $86,443 related to the operational error for the failure to exclude bonus compensation in determining participant contributions and Company matching contributions. The excess contributions were reimbursed on June 6, 2017 to the Company. For corrections related to participant contributions, the Company refunded the money to active plan participants that were affected. The Company is currently in the process of locating affected participants that were inactive in order to refund the remaining participant contributions. These are party in interest transactions.

The Plan's 2017 and 2016 Forms 5500 were not filed timely with the IRS. The Company is currently in the process of filing these Forms 5500 under the Delinquent Filer Voluntary Compliance Program.

NOTE 12 – SUBSEQUENT EVENTS

Effective January 1, 2020, the Plan was amended and restated to change the definition of compensation to exclude all compensation other than base pay and overtime and to change the Plan's name to the Expanse Electrical Company, LLC Employee Profit Sharing 401k Plan. The Company also changed its name from Dixie Electric, LLC to Expanse Electrical Company, LLC.
