SCHAFFNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the Schaffner 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Schaffner (the "Company") who are age twenty-one or older. Employees covered by a collective bargaining agreement, leased employees, and nonresident aliens are excluded from the Plan. Part time employees are eligible to participate if they are at least twenty-one and have at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company is the Plan administrator. All assets of the Plan are held by the trustee, Fidelity Management Trust Company ("Fidelity").

Contributions

Employee Contributions: Plan participants can elect to contribute up to 75% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may designate their contributions as pre-tax or post-tax deferrals. Contributions are based upon total compensation, which includes all compensation that is paid for or made available during the Plan year, excluding any compensation received (a) while being a member of an ineligible class of employees, (b) prior to the date of becoming a participant, and (c) various other benefits and allowances outlined in the Plan agreement. Total compensation will also include any employee pre-tax contributions made under the Plan. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participants' contributions are made through automatic payroll deductions every pay period. Pre-tax deferral contributions and related earnings are not taxable to the participant until they are withdrawn from the Plan.

*Rollover*s: Participants who were members of a former employer's qualified plan may elect to make a rollover contribution from that plan to the Plan.

Employer Contributions: The Company shall make matching employer contributions on behalf of its eligible participants in accordance with a safe harbor match formula. The formula is 100% of the first 3% of plan compensation contributed to the Plan and 50% of the next 2% of plan compensation contributed to the Plan. In addition, the Company may make additional discretionary matching contributions. These discretionary contributions will be allocated following the end of the Plan year to all participants eligible to share therein.

1. DESCRIPTION OF PLAN – (Continued):

Plan Compensation

Eligible compensation is defined as gross wages, excluding reimbursements or other expense allowances, fringe benefits (cash or non-cash), moving expenses, deferred compensation (other than deferrals to the Plan), welfare benefits, unused leave, and differential wages. For the employee's first year of participation, eligible compensation is recognized as of the first date the participant entered the Plan. Compensation is subject to a limitation of $275,000 for 2018, as prescribed by the Internal Revenue Service ("IRS") regulations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings or losses, and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations are made based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions. Vesting in the Company's non-elective and matching employer contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of service. A participant who becomes permanently disabled or dies while in the employment of the Company will have a 100% vested interest in his or her account. A participant's vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 years	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Investment Options

Under the Plan, the participant may direct the investment of both the Company and his or her contributions. Participants may change their investment options daily.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The remaining balance in the borrowing participant's retirement account secures the loan. Five years is the maximum loan term allowable under the plan unless the loan is for the purchase of the participant's primary residence. The interest rate on the loan shall be a reasonable rate of interest as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. If a participant defaults on the loan, the Trustee may foreclose on the note and offset the participant's vested interest in the balance of the participant's account. Spousal consent is required for loans distributed as an annuity.

1. DESCRIPTION OF PLAN – (Continued):

Forfeitures

Forfeitures from Plan Sponsor matching contributions may be used to pay administrative expenses of the Plan or reduce employer matching contributions. Forfeited non-vested accounts totaled $3,234 and $4,951 at December 31, 2018 and 2017, respectively.

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated, the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service. Upon termination of employment, participants forfeit nonvested Company safe harbor and discretionary matching contributions. Individual balances of $5,000 or less can be involuntarily cashed out to the employee as a lump sum distribution.

The normal retirement age for the Plan is 59.5. Participants may continue employment and participation in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to determine the fair value of investments. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable
Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018, and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent loan is recorded as a benefit payment based on the terms of the Plan agreement.

Benefit Payments
Benefits are recorded when paid.

Administrative Expenses
Participant loan origination and annual loan maintenance fees are paid by the participant acquiring the loan. Other plan expenses are paid first from available forfeiture balances. Any remaining expenses are paid by the Company and are excluded from these financial statements.

Income Taxes
The income tax returns of the Plan for 2018, 2017, 2016, and 2015 are subject to examination by the taxing authorities, generally for three years after they are filed.

Recent accounting pronouncements
In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied retrospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. This amendment is effective for annual periods beginning after December 15, 2019 for nonpublic entities. The adoption of this standard is not expected to significantly impact the Plan's financial statements. The Plan is currently evaluating the effects of the ASU on its financial reporting, but it has not yet adopted the ASU.

Recent accounting pronouncements – (Continued)

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU amends ASC 820, *Fair Value Measurement*, to add, remove and modify certain disclosure requirements for fair value measurements. ASU 2018-13 is effective for annual periods beginning after December 15, 2019. The adoption of this standard is not expected to significantly impact the Plan's financial statements. The Plan is currently evaluating the effects of the ASU on its financial reporting, but it has not yet adopted the ASU.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

For the year ended December 31, 2018 and 2017, all assets are held and invested by the trustee, Fidelity. Fidelity also receives and holds all income from the investments. In accordance with DOL Section 2520.103-8, verification of the transactions and investment values is not required and is not within the scope of the audit. The following information included in the financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018:

	2018	2017
Investments, at fair value	$ 2,585,570	$ 473,459
Participant loans at estimated realized value	$ 83,951	$ -
Dividends and interest	$ 372,782	
Net depreciation of investments	$ (534,987)	
Interest income on notes receivable from participants	$ 1,376	

4. FAIR VALUE MEASUREMENT:

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of their fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENT – (Continued):

Fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are observable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs, because they generally provide the most reliable evidence of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – Shares of registered investment companies ("mutual funds") are valued at quoted market prices on the last business day of the plan year, which represent the fair market value of shares held by the Plan.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

The following table presents fair value measurement information for certain financial instruments.

	2018		2017	
	Level 1	Total	Level 1	Total
Money market	$ 3,234	$ 3,234	$ 4,951	$ 4,951
Registered investment companies (mutual funds	2,582,336	2,582,336	468,508	468,508
Total investments at fair value	$ 2,585,570	$ 2,585,570	$ 473,459	$ 473,459

5. TRANSFERS FROM OTHER PLAN:

In May of 2018, the Plan merged with the retirement plan covering Transformer Engineering Corp. employees. All the Transformer Engineering Corp. participant balances and loans were transferred to the Plan, and the Transformer Engineering Corp. participants were granted immediate eligibility in the Plan. The amount transferred into the Plan totaled $2,436,989.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS:

The Plan is an adoption of a prototype plan sponsored by Fidelity. The Plan received a favorable determination letter from the IRS dated March 31, 2014 on the prototype plan's acceptability under Section 401 of the IRC. The Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the Unites States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statement. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. PARTIES-IN-INTEREST:

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Fidelity and the Plan uses Fidelity to administer the Plan. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Administrative fees paid by the Plan to Fidelity totaled $2,955 for the year ended December 31, 2018.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of the net change in assets available for benefits per the financial statements to Form 5500 for the year ended December 31:

	2018
Net change in assets available for benefits per the financial statements	$ 2,196,062
Transfers to the plan	(2,436,989)
Net change in assets available for benefits per Form 5500	$ (240,927)

10. SELF CORRECTION PROGRAM:

The Plan Sponsor is entering the Internal Revenue Service Self Correction Program ("SCP") to correct insignificant plan operational failures. The Plan Sponsor intends to complete the corrective actions as soon as administratively possible.

11. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through January 24, 2020, the date the financial statements were available to be issued.
