NATIONAL WINE & SPIRITS, INC. HOURLY WAREHOUSEMEN AND DRIVERS PENSION PLAN

NOTES TO FINANCIAL STATEMENTS June 30, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of National Wine & Spirits, Inc. Hourly Warehousemen and Drivers Pension Plan (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective July 1, 1981, as a defined benefit pension plan and operates as a multiple employer plan covering all eligible warehousemen and drivers who are hourly employees of National Wine & Spirits, Inc., National Wine & Spirits Corporation (until August 13, 2010), NWS Michigan, LLC (NWS Michigan, Inc. prior to November 1, 2013), L&L Wine and Liquor, LLC (L&L Wine and Liquor Corporation prior to November 1, 2013) (effective April 1, 2007), Republic National Distributing Company of Indiana, LLC (effective August 13, 2010), and RNDC-NWS, LLC (after February 14, 2014). NWS, Inc. and NWS Illinois, LLC were also participating employers until December 8, 2007. This group is collectively referred to as the "Employers". Eligible employees of the Employers have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective July 1, 2016, the Plan Agreement was amended to include paragraphs noting that any employee who is covered by Truck Drivers Local Union No. 299 affiliated with Michigan Local Union #299 (Local #299), and first hired after April 23, 2016, or any employee who is first hired prior to April 24, 2016 but first covered by Local #299 after April 23, 2016, is not an eligible employee and shall not become a participant. A former eligible employee or former participant who is covered by Local #299 and is rehired on or after November 1, 2016 is not eligible for the Plan. An additional paragraph was also added noting any employee who is a Michigan hourly non-union driver or driver helper who is hired on or after November 1, 2016 or any employee who is hired prior to November 1, 2016 but becomes a Michigan hourly non-union driver or driver helper on or after November 1, 2016 shall not become a participant or eligible for the Plan. A former eligible employee or participant who is a Michigan hourly non-union driver or driver helper who is rehired on or after November 1, 2016 is not eligible for the Plan.

Effective March 5, 2017, the Plan Agreement was amended to include paragraphs noting that any employee who is a driver based in and servicing customers in the Saginaw, Michigan area and is covered by General Teamsters Local Union No. 406 affiliated with Michigan Local Union #406 (Local #406), and first hired after March 5, 2017, is not an eligible employee and shall not become a participant. A former eligible employee or former participant who is a Saginaw, Michigan driver, covered by Local #406, and is rehired on or after September 1, 2017 is not eligible for the Plan. Any employee who transfers to Local #406 as a Saginaw, Michigan driver on or after March 6, 2017 shall not become a participant as of August 28, 2017, unless he or she became a participant automatically prior to August 28, 2017.

Effective March 7, 2018, the Plan Agreement was amended to include paragraphs noting that any employee who is covered by General Teamsters Local Union No. 337 affiliated with the International Brotherhood of Teamsters (Michigan Local Union #337), and first hired after March 7, 2018, is not an eligible employee and shall not become a participant. A former eligible employee or former participant who is covered by Michigan Local Union #337 and is rehired on or after July 1, 2018 is not eligible for the Plan. Any employee who transfers to Michigan Local Union #337 on or after March 8, 2018, shall not become a participant as of June 26, 2018, unless he or she became a participant automatically prior to June 26, 2018.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Effective June 9, 2018, the Plan Agreement was amended to include paragraphs noting that any employee who is a Grand Rapids or Traverse City Driver, or a Grand Rapids Warehouse Worker and is covered by General Teamsters Local Union No. 406 affiliated with Michigan Local Union #406 (Local #406), and first hired after June 9, 2018, is not an eligible employee and shall not become a participant. A former eligible employee or former participant who is a Grand Rapids or Traverse City Driver, or a Grand Rapids Warehouse Worker, covered by Local #406, and is rehired on or after January 1, 2019, is not eligible for the Plan. Any employee who transfers to Local #406 as a Grand Rapids or Traverse City Driver, or a Grand Rapids Warehouse Worker on or after June 10, 2018, shall not become a participant as of December 21, 2018, unless they became a participant automatically prior to December 21, 2018.

Employees of Local #299, #337, #406 Saginaw drivers, #406 Grand Rapids drivers, #406 Traverse City drivers, #406 Grand Rapids Warehouse workers, and Michigan hourly non-union drivers and helpers that are participants of the Plan prior to this freeze remain participants eligible for benefits.

Contributions: Contributions to the Plan are made annually by the Employers to fund the Plan's actuarially determined contributions to provide the benefits of the Plan, as calculated under the provisions of ERISA. The Plan has met the minimum funding requirements for the year ended June 30, 2019.

Vesting: Participants become fully vested in their Plan benefits after five years of vesting service.

Benefits: Plan participants are entitled to monthly pension benefits for life at age 65. The standard retirement benefit is a monthly pension payable for life equal to \$45 times the number of years of benefit service, not to exceed 25 years. Benefits are offset by any vested benefit earned under the Central States Teamsters Pension Plan. Married participants are required to have spousal consent to elect any form of payment except a joint and survivor benefit, except for accrued benefits less than \$5,000. The Plan permits early retirement at age 50 with 10 years of service. The early retirement benefit is the participant's accrued benefit determined as of retirement date and payable commencing at age 60 or prior to age 60 utilizing a special early retirement benefits calculation, as described in the Plan Agreement. The Plan also provides for benefits upon the death of the participant.

If the present value of a participant's accrued benefit is \$5,000 or less, the benefit will be paid in cash which can be rolled over to an IRA or another qualified plan.

Plan Termination: Although they have not expressed any intent to do so, the Employers have the right, by action of their directors, to terminate the Plan at any time. Upon termination of the Plan, the rights of all participants to any accrued benefits to the date of such termination, to the extent then funded, shall be nonforfeitable. Upon such termination, such accrued benefit of participants (or beneficiaries) shall be deemed to have been funded in the following order of priorities:

Class 1: Benefits payable as an annuity.

Class 2: Benefits guaranteed by the Pension Benefit Corporation, if any, but determined without regard to benefits guaranteed to the participant (or beneficiary) under any other plan (reduced by any amount payable under Class 1 above).

Class 3: All other non-forfeitable benefits (reduced by any amounts payable under Classes 1 and 2 above).

Class 4: All other benefits under the Plan (reduced by any amounts under Classes 1 to 3 above).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the actuarial present value of accumulated benefit obligations and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employers or the Plan, at the Employers' discretion. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employers by a letter dated May 11, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to the year ended June 30, 2016.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through December 19, 2019, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at June 30, 2019 and 2018.

Registered Investment Companies and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Exchange Traded Fund: Valued at the closing price reported on the active market on which the individual securities are traded.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of June 30, 2019 and 2018:

2019	Level 1	Total
Registered investment companies	<u>\$20,368,966</u>	<u>\$20,368,966</u>

NOTE 4 - INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements, related notes and supplemental schedules has not been audited, but was obtained or derived from information provided to the Plan Administrator by the Plan's trustee. The following is a summary of the Plan's investment information which has been prepared and certified as complete and accurate as of June 30, 2019 and 2018, and for the year ended June 30, 2019, by Charles Schwab Bank, the Trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The Plan's actuary calculated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of the beginning of the 2019 and 2018 Plan years, and applicable to both years are as follows:

Interest rate:	7.50%
Funding method:	Unit credit cost method
Retirement age (actives):	10% of all active participants will retire at age 57 5% at age 58 5% at age 59 15% at age 60 10% at age 61 40% at age 62 10% at age 63 10% at age 64 100% at age 65
Retirement age (terminated vested):	Age 65
Mortality:	RP-2014 Adjusted to 2006 Blue Collar with Scale MP-2018 (2018) RP-2014 Adjusted to 2006 Blue Collar with Scale MP-2019 (2019)

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

Termination: Sarason T-2 Table

Asset valuation method: Market value

The mortality table and interest rate assumptions for funding have been updated to use a three-segment yield curve applicable for the 2019 Plan year as required by the Pension Protection Act (PPA) and adjusted by the Highway and Transportation Trading Act of 2014 (HAFTA/MAP21).

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

A certain Plan investment is managed by an affiliate of Charles Schwab Bank, the Trustee of the Plan; therefore, transactions in this investment qualified as exempt party-in-interest transactions under ERISA.

Direct fees paid by the Plan for contract administration, including actuarial and recordkeeping fees, totaled \$49,256 for the year ended June 30, 2019. Direct fees paid for fiduciary or trust services totaled \$14,899 for the year ended June 30, 2019. Direct fees paid for investment management totaled \$25,229 for the year ended June 30, 2019.

The Employers provide certain accounting administration and investment management services to the Plan for which they receive no compensation.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates and participant demographics, which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in estimates and assumptions in the near term would be material to the Plan's financial statements.

NOTE 8 - FUNDING STATUS

Based on funding regulations required by the Pension Protection Act of 2006 (PPA), no benefit restrictions were associated with the current Plan year ended June 30, 2019, and the At-Risk provisions of PPA are not applicable for the current Plan year.
