Notes to Financial Statements

At December 31, 2018 and 2017 and the Year Ended December 31, 2018

(1) Description of the Plan

The following description of the Retirement Income Plan for the Bridgeton, New Jersey Hourly Workers of Ardagh Glass, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a non-contributory defined contribution money purchase plan covering all eligible, hourly-paid employees of Ardagh Glass, Inc. (the "Company"). Employees become participants in the Plan on their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions. The Company must contribute to the Plan, on behalf of each participant, a percentage of each participant's compensation as defined in the Plan document. Contributions made to the Plan by the Company for benefits earned by participants are required to be deposited into the participants' accounts within eight and a half months following the Plan's year-end. Employee contributions are not permitted.

Contributions of \$971,965 and \$1,047,943 for the years ended December 31, 2018 and 2017, respectively, were included in contributions receivable in the accompanying statements of net assets available for benefits. Company contributions for the respective 2018 and 2017 Plan years were deposited into the participants' accounts in August 2019 and 2018, respectively. The Plan met the minimum funding requirements of ERISA for both the 2018 and 2017 Plan years.

Participant Accounts. Each participant's account is credited annually on the last day of the Plan year with an allocation of the Company's contribution, Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Participants are not permitted to direct the investments of the contributions made on their behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Vesting in the Company's contributions plus earnings thereon is based on years of continuous service. A participant is 20% vested after two years of credited service, increasing in 20% increments to 100% after six years.

(1) Description of the Plan, Continued

Payment of Benefits. Upon termination of service due to death, disability, retirement, or other event, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account. For vested balances that exceed \$5,000, payments can be taken as a single lump-sum amount, as a 50% qualified joint or survivor annuity, or with the purchase of another form of annuity as defined by the Plan.

For vested balances of \$5,000 or less, payments will be made in a single lump-sum amount. Participants who do not elect to receive or to roll over their vested account balance will have their distribution automatically rolled into an individual retirement account.

Forfeited Accounts. A participant who terminates employment and is less than 100% vested forfeits the nonvested portion of their account. Forfeitures are used to reduce Company contributions or Plan expenses. At December 31, 2018 and 2017, there were no forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting. The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events. Subsequent events have been evaluated through October 10, 2019, which is the date the financial statements were available to be issued. There were no subsequent events that would require recognition or additional disclosure in the Plan's financial statements.

(continued)

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition. Investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Substantially all expenses of maintaining the Plan are paid by the Plan.

(3) Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules. PNC Bank, the trustee of the Plan, has certified the following information as complete and accurate:

- Investments and accrued income included in the statements of net assets available for benefits at December 31, 2018 and 2017.
- The supplemental schedule of assets held for investment purposes at December 31, 2018.
- The supplemental schedule of reportable transactions at December 31, 2018.
- Investment income included in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to information certified by the trustee, except for comparing such information to the related information included in the above-named financial statements and supplemental schedules.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

HOURLY WORKERS OF ARDAGH GLASS, INC.**

Notes to Financial Statements, Continued

(4) Fair Value Measurements, Continued

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

<i>December 31, 2018:</i>

(5) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by PNC Bank. PNC Bank is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services provided by PNC Bank amounted to \$95,266 for the year ended December 31, 2018.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

(7) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 18, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

(8) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.
