Notes to the Financial Statements
Elementia USA LLC Retirement Plan
December 31, 2016 and 2015

Note A – Description of the plan

The following brief description of the Elementia USA LLC Retirement Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Elementia USA LLC (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed and intended to operate as a safe harbor 401(k) plan that provides retirement savings benefits to eligible employees of the Company through voluntary contributions by employees and safe harbor matching and discretionary nonelective contributions by the Company. The Plan, which commenced effective January 1, 1986 and was amended and restated effective April 15, 2015, covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan after the attainment of the age of twenty-one (21) and the completion of six (6) months of service. An employee's entry date is the first day of the month coinciding with or next following the date eligibility requirements are satisfied. Excluded from the class of eligible employees are union employees, independent contractors and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the Trustee/Custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Transfers from Other Plans

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the amount of transfers from other retirement plans. At the inception of the Plan, the value of participant account balances in the amount of $2,565,708 was transferred into the plan from the Copper & Brass International Employees' Retirement Plan and the Plycem USA Inc. 401k Plans. This included approximately $120,572 in notes receivable from participants.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer safe harbor matching and discretionary nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant's contributions, account balance, and compensation, as defined, bear to the total of all participants' contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their eligible compensation at each pay period up to the maximum amount allowed for deferral under the Internal Revenue Code ("IRC"). The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other

qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

Employer contributions

The Plan is a safe harbor plan providing matching contributions under a basic matching contribution formula. During 2016 and 2015, the Company matched 100% of the first 3% of each employee's eligible compensation plus 50% of elective deferrals for the next 2%, but not more than 5% of eligible compensation. The Company safe harbor matching contributions are 100% vested immediately and invested in the same manner as the participant has directed for their contributions. During 2016 and 2015, the Company made safe harbor matching contributions of $410,999 and $291,051, respectively.

Additionally, the Company may, at its discretion, make discretionary nonelective contributions to the Plan in amounts determined by the Company each contribution period. Eligible participants who are employed on the last day of the Plan year and have met the two (2) years of service requirement share in any discretionary nonelective contributions. Discretionary nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants within the group of eligible employees to which the participant belongs. Discretionary nonelective contributions of $140,248 and $100,729 were made during the years ended December 31, 2016 and 2015, respectively.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares of registered investment companies (mutual funds) and a self-directed brokerage account. Participants may change their investment options during the year subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are immediately and fully vested in their voluntary contributions and employer safe harbor matching and discretionary nonelective contributions plus actual earnings (losses) thereon.

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future employer matching contributions for the Plan year. During 2016, the Company applied $716 from the forfeiture balance to pay plan administrative expenses. As of December 31, 2016 and 2015, the unallocated forfeiture balance was $5,444 and $6,133, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 4.5% which was commensurate with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5)

years, unless the loan is used to purchase a primary residence, for which loan terms may range up to ten (10) years. A participant's loan balance becomes immediately due and payable upon termination of employment.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need. In accordance with Internal Revenue Service ("IRS") regulations, participants must exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal. Employee contributions to the Plan will be suspended for six (6) months after the receipt of the hardship distribution.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $16,963 and $7,584 for the years ended December 31, 2016 and 2015, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent*) ("ASU 2015-07"). The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In addition, the amendments remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The ASU 2015-07 should be applied retrospectively to all periods presented and is effective for Plan years beginning after December 15, 2015, with early adoption permitted. The adoption of this standard did not impact the Plan's Statement of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits.

In July 2015, the FASB issued ASU 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient".* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan adopted these changes for the 2016 Plan year and the presentation of the Net Assets Available for Benefits as of December 31, 2015 has been retrospectively adjusted.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"* except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation

(depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2016, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in shares of registered investment companies (mutual funds) and a self-directed brokerage account. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Note C - Information Certified by the Trustee (Unaudited) or Investments

At December 31, 2016 and 2015, the Plan's investments were held by Fidelity Management Trust Company ("FMTC"), the Custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	12/31/2016	12/31/2015
Mutual funds	$ 4,328,726	$ 3,009,739
Self-directed brokerage account	3,424	-
Total investments	**$ 4,332,150**	**$ 3,009,739**

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $179,923.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the plan at year end.

Self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 4,332,150	$ -	$ -	$ 4,332,150
	$ 4,332,150	**$ -**	**$ -**	**$ 4,332,150**
Investments measured at net asset value [(a)]				-
				$ 4,332,150

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 3,009,739	$ -	$ -	$ 3,009,739
	$ 3,009,739	**$ -**	**$ -**	**$ 3,009,739**
Investments measured at net asset value [(a)]				-
				$ 3,009,739

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) and a self-directed brokerage account managed Fidelity Management Trust Company ("FMTC"). Fidelity Management Trust Company ("FMTC") has been designated as the Custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by the Custodian qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (“IRC”), and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note H – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within one (1) day during the 2016 plan year. Any contributions and loan repayments remitted to the plan greater than one (1) day was considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2016 plan year. Late remittances amount to $694,445 in 2016. The Company is currently in process of making appropriate filings in accordance with the DOL's Voluntary Fiduciary Corrective Program and estimating the amount of corrective payments due to the plan and believes the amount will be immaterial. Costs incurred for penalties and interest will be borne by the sponsor of the Plan.

The Plan Sponsor believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note I – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of March 20, 2019, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.
