INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Elementia USA LLC Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Elementia USA LLC Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter-Supplemental Schedules

The supplemental schedules, Schedule H, line 4i and Schedule H, line 4a, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter-2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated March 20, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards, and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Elementia USA LLC Retirement Plan

Notes to Financial Statements

December 31, 2017

Note 1 - Description of the Plan and Summary of Significant Accounting Policies

The following description of the Elementia USA LLC Retirement Plan (the "Plan"), provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan commenced and was made effective on January 1, 1986 and was last amended April 15, 2015. The Plan is a defined contribution plan pursuant to the Sections 401(a) and 401(k) of the Internal Revenue Code (the "IRC"). The Plan covers all full-time and part-time employees of Elementia USA LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan trustee

Fidelity Management Trust Company ("Fidelity" or "Trustee") is the Plan trustee.

Eligibility and contributions

The Plan's eligibility requirement allows participation upon obtaining the age of 21 and completing six months of service. One of the participating employers requires 2 years of service to be eligible for the non-elective contribution. An employee's entry date is the first day of the month coinciding with or next following the date eligibility requirements are satisfied. Excluded from the class of eligible employees are union employees, independent contractors and nonresident aliens.

Participants can voluntarily contribute up to 100% of their eligible compensation (i.e., salary reduction) to the Plan up to the maximum limit allowed by the IRC regulations. Participants may also rollover amounts representing distributions from other qualified plans.

The Company adopted the Safe Harbor Provision of the IRC. The Company contributes and allocates to each eligible participant's account a safe harbor matching contribution equal to 100% of elective salary deferrals up to the first 3% of eligible compensation plus 50% of elective deferrals for the next 2% but not more than 5% of eligible compensation. During 2017 and 2016, the Company made safe harbor contributions of $536,248 and 410,999, respectively.

The Company may also make discretionary non-elective contributions to certain participating employees, in amounts determined by the Company. Eligible participants, who are employed on the last day of the Plan and completed 1,000 hours are eligible for any discretionary non-elective contributions. Discretionary non-elective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants within the group of eligible employees to which the participant belongs. During 2017 and 2016, the Company made discretionary non-elective contributions of $106,470 and $140,248, respectively.

As of December 31, 2017, and 2016, an other employer contribution receivable of $20,192 and $6,614, respectively, was recorded as the Company will make a Qualified Non-Elective Contribution to participants for funding discrepancies identified during the Plan year.

Note 1 - Description of the Plan and Summary of Significant Accounting Policies (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, Plan earnings and losses and administrative expenses. Allocations are based on participant compensation and account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000. Participants may have only one note outstanding at a time.

Participant notes are secured by the participant's account balance, and bear interest at a reasonable rate of interest which shall remain fixed throughout the duration of the note. All notes require that repayment be amortized in level payments, not less than quarterly, over a period not extending beyond five years from the date of the note or ten years for notes to acquire a principal residence.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Vesting

Participants are 100% vested in their voluntary contributions, employer safe harbor matching, and discretionary non-elective contributions plus actual earnings/losses thereon.

Payment of benefits

On termination of employment due to death, disability or retirement, a participant ordinarily receives a lump-sum amount equal to the value of the vested interest in his or her account, unless the participant elects an optional form, which includes annuity contracts and installment payments over a period chosen by the participant but not to exceed the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. Hardship withdrawals may also be granted in accordance with the guidelines of the IRC.

Upon termination, if the value of the participant's account balance is less than $1,000, the payment will be made in cash in a single lump-sum distribution without a participant's consent. If the value of the participant's account balance is more than $1,000 but less than $5,000 and the participant does not consent to a lump-sum distribution, the account balance will be distributed to an individual retirement account for the benefit of the participant. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Note 1 - Description of the Plan and Summary of Significant Accounting Policies (Continued)

Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Administrative expenses

Certain expenses of the Plan are paid by the Company directly or through Company contributions. Transaction-related fees are paid by participants.

Benefit payments

Benefit payments to participants are recorded upon distribution.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become fully vested and the net assets of the Plan are to be distributed to participants in accordance with priorities established in the Plan.

Note 1 - Description of the Plan and Summary of Significant Accounting Policies (Continued)

Risks and uncertainties

Financial instruments which potentially subject the Plan to credit risk include investments in securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. Plan participants bear the risk of any Plan investment losses.

Note 2 - New Accounting Pronouncement

The Financial Accounting Standards Board ("FASB") issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* in August 2018. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The ASU will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of the ASU are not expected to have a material impact on the Plan's financial statements.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy in accordance with the fair value standard which establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The self-directed brokerage accounts, money market fund and mutual funds are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the underlying assets. The Plan's assets are measured at level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Tax Status

The volume submitter plan adopted by the Company received its latest favorable advisory letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and was tax-exempt as of December 31, 2017 and 2016. Therefore, no provision for income taxes has been recorded.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by the Trustee (Unaudited)

For the Plan years 2017 and 2016, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for employee, employer and other employer contributions receivable, contributions, benefit payments to participants, and administrative expenses has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are shares in self-directed brokerage accounts managed by Fidelity. Therefore, these transactions qualify as party-in-interest transactions.
