THE WOOSTER BRUSH COMPANY PROFIT SHARING PLAN NO. 2
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2019

1. DESCRIPTION OF PLAN

The following description of The Wooster Brush Company Profit Sharing Plan No. 2 (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a single employer defined contribution profit sharing plan for all hourly employees of The Wooster Brush Company (the Company) who have one year of 1,000 or more hours of credited service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is funded through a contribution made by the Company at the discretion of the Board of Directors.

Participant accounts: Separate individual account balances are maintained for each participant. The employer contribution is allocated to each participant based on a formula using the individual's compensation. Plan earnings are allocated based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Vesting in the profit sharing contribution, plus earnings thereon, is based on years of continuous service. A participant is 100% vested in his profit sharing contribution after six years of credited service.

Payment of benefits: On termination of service due to death, disability, retirement or termination, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, subject to certain restrictions. The participant may elect among various forms of benefit payments.

Forfeited accounts: Forfeitures of terminated non-vested account balances allocated to the remaining participants totaled \$16,718 and \$13,902 for the years ended April 30, 2019 and 2018, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrators determine the Plan's valuation policies utilizing information provided by its investment advisors and trustees. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Plan expenses: The Plan sponsor, The Wooster Brush Company, absorbs all costs to administer the Plan.

3. INFORMATION CERTIFIED BY THE TRUSTEE - UNAUDITED

The Plan's investments are held by Bank of America, as trustee and administered by the Company, except for its investment in sponsor company stock (Note 5). All investments are non-participant directed.

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

4. FAIR VALUE MEASUREMENTS

The Fair Value Measurement Topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB codification guidance are described as follows:

THE WOOSTER BRUSH COMPANY PROFIT SHARING PLAN NO. 2
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2019

4. FAIR VALUE MEASUREMENTS (Continued)

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2019.

Money market funds – valued at fair value based on standard inputs.

U.S. government securities – certain securities are valued at the closing price reported in the active market in which the individual securities are traded. Other securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Corporate bonds – valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Common stocks – certain common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The fair value of Company common stock is valued based on a valuation formula consistent with prior years.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of April 30, 2019 and 2018:

5. INVESTMENT IN SPONSOR OF THE PLAN

The Plan has an investment in the common stock of the sponsor company which is held in a supplemental trust. The fair value of the stock is determined by a valuation formula which has been consistently applied. The formula valuation has been used for all transactions relating to the purchase and sale of stock of the sponsor for over 60 years and has been upheld in all estate valuation audits by the Internal Revenue Service. The estimated fair value of the stock is \$11,168,135 and \$9,275,506 at April 30, 2019 and 2018, respectively. Dividend income was \$432,740 for the year ended April 30, 2019.

6. PROFIT SHARING TRUST

The assets of the Plan are commingled with the assets of another profit sharing plan sponsored by the Company. The assets of both plans are held by the trustees, and certain assets and related investment income are allocated between the two plans. Accordingly, the supplemental schedules represent the combined assets and transactions of both plans.

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2019

6. PROFIT SHARING TRUST (Continued)

Certain participants may be transferred from one plan to the other based upon payroll classification. Their account balances are transferred and recorded as plan transfers in the statement of changes in net assets available for benefits.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their employer contributions.

8. INCOME TAX STATUS

This Plan has met the requirements for tax qualification under Section 401(a) of the Internal Revenue Code, and the Trust has been declared tax exempt under section 501(a) of the Code, in accordance with the determination letter issued May 3, 2017.

The Plan has adopted guidance, as required by the Income Taxes Topic of the FASB Accounting Standards Codification regarding accounting for uncertainty in income taxes. This guidance clarifies the accounting and recognition for income tax positions taken or expected to be taken in the Company's income tax returns. As of April 30, 2019, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan records related interest expenses and penalties, if any, as a tax expense, consistent with this guidance. The Plan's open audit periods are for the tax years ended April 30, 2016 through April 30, 2019. In evaluating the Plan's tax position, future taxable income, the reversal of temporary differences, provisions and accruals, tax law interpretations, and tax planning strategies are considered.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in Bank of America. Bank of America is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan invests in The Wooster Brush Company common stock, as described in Note 5. The Wooster Brush Company is the plan sponsor and therefore a party-in-interest.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE WOOSTER BRUSH COMPANY PROFIT SHARING PLAN NO. 2
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2019

11. INTEREST IN MASTER TRUST

All of the Plan's investments are held in a Master Trust, which was established for the investment of assets of the Plan and another Wooster Brush Company sponsored profit sharing plan. Each participating profit sharing plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Bank of America, the trustee.

12. SUBSEQUENT EVENTS

Subsequent events have been evaluated through January 22, 2020, which is the date the financial statements were available to be issued.
