1. DESCRIPTION OF PLAN, CONTINUED

Eligibility:

Employees are eligible to make salary deferral contributions as of their date of hire. Employees are eligible to have matching contributions made on their behalf as of their date of hire. For those employees eligible for the non-elective employer's profit sharing contribution, the employee must be employed on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year.

Contributions:

Each year, participants may elect to contribute up to 80% of pre-tax compensation, as defined in the Plan, up to a maximum prescribed by the Internal Revenue Code ("IRC"). The Plan has an auto-enrollment feature upon meeting eligibility requirements and the participants can opt out. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

Eligible employees may designate some or all of their deferral contribution as a Roth deferral contribution at the time they make their deferral election. Once made, this election will be irrevocable (that is, Roth deferral contributions cannot later be re-characterized as pre-tax deferral contributions). If eligible employees elect to make a Roth deferral contribution, the amount of their contribution will be included in their income for tax purposes.

The Company matches 50% of a participant's contribution which does not exceed 4% of compensation as defined for certain employee groups and not to exceed 6% of compensation for other employee groups. The Company may also make a discretionary profit sharing contribution to a certain employee group in such amount, if any, as determined by management, which are allocated to each eligible participant employed as of the last day of each plan year who has completed at least 1,000 hours of service during the Plan Year. Contributions are subject to certain limitations. There were no discretionary profit-sharing contributions for the period ended April 1, 2019 and year ended June 30, 2018.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined within the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their pre-tax contributions, catch-up contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and/or profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is fully vested after 6 years of service. Full vesting also occurs upon a participant's death or total disability. Pursuant to the Plan merger, participants with account balances on April 1, 2019 became 100% vested in those balances.

1. DESCRIPTION OF PLAN, CONTINUED

Forfeitures:

Forfeitures available to be used to offset future payments for plan expenses and the yearly company contribution amounted to \$-0- and \$62,781 at April 1, 2019 and June 30, 2018, respectively. Pursuant to the Plan merger effective April 1, 2019, forfeitures were reallocated to participants in order to liquidate the forfeiture balance in the Plan.

Notes Receivable from Participants:

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All loans bear a reasonable rate of interest as determined by the Plan administrator and must be repaid in five years. The participant's vested account balance serves as collateral for the loan.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation:

Investments are reported at fair value. Investments in mutual funds are valued at the market price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:

Notes receivable from participants are valued at their unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of April 1, 2019 or June 30, 2018. Delinquent participant loans are deemed distributions based on the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Trustee in the accompanying financial statements:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of April 1, 2019 and June 30, 2018.
- Net investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the period July 1, 2018 through April 1, 2019.

4. TAX STATUS

The underlying nonstandard prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2006-6, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving this opinion letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of April 1, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject

to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

5. FAIR VALUE MEASUREMENTS

Accounting guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be reported at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The guidance also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described as follows:

* Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

* Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

* Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 1, 2019 and June 30, 2018.

Mutual funds: The mutual funds are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund. The NAV is a quoted price in an active market, thus the mutual funds are classified within Level 1 of the hierarchy.

Common/Collective Funds: Common/collective funds are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the assets owned by the funds, less liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective funds, the investment advisor reserves the right to delay withdrawal from the funds by up to 12 months in order to ensure that securities liquidations will be carried out in an orderly business manner. These investments are not quoted on an active market.

5. FAIR VALUE MEASUREMENTS, CONTINUED

Due to the merger of the Plan's assets into the Nordson Employees' Savings Trust Plan effective April 1, 2019, the Plan has no assets as of April 1, 2019.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of June 30, 2018:

	Fair Value Measurements Using Input Type:			
	Level 1	Level 2	Level 3	June 30, 2018
Mutual Funds	\$ 35,943,728	\$ -	\$ -	\$ 35,943,728

Investments measured at Net Asset Value:				
Common/Collective Fund				<u>3,484,564</u>
Total Investments at Fair Value				<u>\$ 39,428,292</u>

6. PARTY-IN-INTEREST

Certain legal, accounting and administrative expenses are paid by the Company. The assets of the Plan are held by the Trustee, which is considered a party-in-interest as a provider of administrative investment management and accounting services to the funds. These transactions are exempt from the prohibited transaction rules pursuant to ERISA regulations.

7. PROHIBITED TRANSACTIONS

During the Plan years ended April 1, 2019 and June 30, 2018, employee withholdings in the amount of \$22,294 and \$19,347, respectively, were not remitted by the Company to the Plan within the required timeframe, as defined by ERISA. This transaction constitutes a prohibited transaction. The Company has remitted the contributions to the Plan and followed the appropriate correction guidelines.

8. SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. The Plan has evaluated subsequent events through February 4, 2020, the date the financial statements were available to be issued.
