EVEREST CARE GROUP, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 (AUDITED) AND 2017 (COMPILED)

1. DESCRIPTION OF PLAN

The following brief description of Everest Care Group, LLC 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan which covers all employees of Everest Care Group, LLC and affiliated companies (the Companies) who have one year and 1,000 hours of service and are twenty-one years of age or older. Effective April 1, 2017, an employee is immediately eligible to participate in the plan if they were employed as an Eligible Employee with the Company on April 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute up to 100% of their annual salary into the Plan as a qualified pre-tax or Roth contribution subject to maximum annual dollar contribution restrictions of ERISA and the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company will make matching contributions using a formula of 100% of the employee contributions that are not in excess of 3% of that period's compensation, plus 50% of the amount of contributions that exceed 3% of said compensation, but that do not exceed 5% of said compensation. All employer contributions are invested in the same allocation as participant contributions. All contributions are participant directed. The Companies may also make additional discretionary profit-sharing contributions.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions and (b) plan earnings/losses. Allocations of the Companies' contribution are based on participants' compensation for the year. Allocations of plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Direction
The Plan permits participants to direct their elective deferrals to investments, at their discretion, in any combination of funds prescribed by the plan trustees.

Notes Receivable from Participants
Under the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance of $50,000. The maximum loan term is 60 months unless the loan qualifies as a home loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. The default of a loan is deemed a taxable distribution.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon as well as all employer safe harbor matches. Vesting in discretionary non-safe harbor matches are vested at a rate of 20% each year beginning when a participant reaches two years of services. There were no discretionary employer contributions during the years ended 2018 or 2017.

Forfeitures
Any forfeitures arising under the Plan may be used to pay administrative expenses or to reduce the employer matching contributions. There were no forfeited non-vested account balances at December 31, 2018 or 2017.

Benefits
Upon termination of service due to death, disability, or retirement, benefits may be paid in a lump sum amount or installment payments over a period not to exceed the joint life expectancy of the participant and spouse. Participants may withdraw any part of their vested account after reaching the age of 59 and one half.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from participant accounts. All hardship withdrawals must comply with rules relating to hardships, which are uniformly applicable to all participants.

Administrative Expenses
Certain administrative expenses of the Plan are to be paid from Plan assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments in Collective Trust Funds (CTFs) are stated at net asset value (NAV) as a practical expedient to fair value as determined by the issuer of the fund. The CTFs are primarily diversified target date funds formed by a trust company.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The cost of investments used in determining realized and unrealized gains and losses is based upon average cost.

Changes in the current value of investments held during the year, including realized gains and losses on assets bought and sold during the year, are reflected in the statements of changes in net assets available for benefits as net appreciation or depreciation in the fair value of investments.

Payment of Benefits
Benefit payments are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Risks and Uncertainties
The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has obtained certification from the plan trustees, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, as of and for the year ended December 31, 2018, that the following information is complete and accurate as of and for the year ended December 31:

	2018 (Audited)	2017 (Compiled)
Investments	$ 923,159	$ 919,747
Notes receivable from participants	$ 41,986	$ 38,703
Interest and dividends from investments	$ 834	
Net (depreciation) in fair value of investments	$ (73,862)	
Interest on notes receivable from participants	$ 1,740	
Schedule of Assets Held for Investment Purposes	Schedule I	

4. FAIR VALUE MEASUREMENTS

ASC 820-10 establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded (Level 1).

4. FAIR VALUE MEASUREMENT (Continued)

Common Trust Funds
Valued at the net asset value (NAV) of units of the CTF. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

2018 (Audited)	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,700	$ -	$ -	$ 31,700
Total investments at Fair value	$ 31,700	$ -	$ -	$ 31,700
Investments, measured using net asset value as practical expedient *				891,459
Total investments				$ 923,159

2017 (Compiled)	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,504	$ -	$ -	$ 15,504
Total investments at Fair value	$ 15,504	$ -	$ -	$ 15,504
Investments, measured using net asset value as practical expedient *				904,243
Total investments				$ 919,747

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENT (Continued)

Net Asset Value (NAV) Per Share
The following tables for December 31, 2018 and 2017, set forth a summary of the Plan's investments reported at NAV as a practical expedient.

	Fair Value Using Net Asset Value per Share December 31, 2018 (Audited)	
	Fair Value *	Unfunded Commitment
Collective Trust Funds	$ 891,459	$ -

	Fair Value Using Net Asset Value per Share December 31, 2017 (Compiled)	
	Fair Value *	Unfunded Commitment
Collective Trust Funds	$ 904,243	$ -

*The fair values of the investments have been estimated using the net asset value of the investment as practical expedient.

The Collective Trust Funds are primarily target date funds which are designed to provide a simple investment solution through a portfolio whose asset allocation mix becomes more conservative as the target date (usually retirement) approaches.

Redemptions from these funds may be made daily at the current net asset value and are considered as made immediately after the daily valuation.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. INCOME TAX STATUS

The Plan is a Volume Submitter Profit Sharing Plan with CODA. The Internal Revenue Service has issued an advisory letter dated March 31, 2014 stating that the Plan was designed, at that time, in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, were exempt from federal income taxes. The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. PARTIES-IN-INTEREST

Certain Plan investments are managed by The Pinnacle Planning Group, LLC. Certain members of the Company are considered to be the trustees as defined by the Plan. The Company also pays certain expenses of maintaining the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also deemed to be part in-interest transactions.

8. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Companies discovered that certain participant contributions and participant loan repayments totaling $16,886 were not transmitted in a timely matter during 2018. Delinquent participant contributions are considered nonexempt part-in-interest transactions.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through February 14, 2020 which is the date the financial statements were available to be issued.
