REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Texas Neurology PA 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying financial statements of Texas Neurology PA 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Nationwide Trust Company, FSB ("Nationwide") and Mid Atlantic Trust Company ("MATC"), the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that MATC held the Plan's investment assets and executed investment transactions from November 18, 2018 to December 31, 2018, and Nationwide held the Plan's investment assets and executed investment transactions as of December 31, 2017, and for the period January 1, 2018 to November 17, 2018. The Plan Administrator has obtained a certifications from the custodians as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TEXAS NEUROLOGY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

A. Description of the Plan

General

The following brief description of the Texas Neurology 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. The Plan is sponsored by Texas Neurology, P.A. (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Dallas, Texas.

The Plan was effective January 1, 1993, restated most recently effective November 18, 2018, as a defined contribution plan available to all employees of the Company who have completed one month of service. All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining, and nonresident aliens. Eligible employees may enter the Plan on the first day of each calendar month of the Plan year, coincident with or next following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective November 18, 2018, substantially all participant accounts and assets of the Plan at Nationwide Trust Company FSB ("Nationwide") were transferred to a new custodian, Mid Atlantic Trust Company ("MATC").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code ("IRC") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

The Plan has an automatic contribution feature. If an employee fails to complete the deferral election provided, the employee's compensation will automatically be reduced for a contribution to the Plan. An Eligible Automatic Contribution Arrangement ("EACA") is the type of automatic contribution feature under the Plan. The EACA provisions apply to all employees that do not have an election on file. Under the EACA, an employee's compensation will be reduced for contributions to the Plan of 6%. Employees have the decision to stop the automatic contributions to the Plan, and may request a withdrawal of those contributions within the first 90 days of the first automatic contribution.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the IRC.

A. Description of the Plan – continued

Contributions – continued

The Company may make a discretionary matching contribution to the Plan as determined annually by management. Participants must (1) be employed on the last day of the year, and complete one month of service during the year; or, (2) have died, retired, or suffered disability during such year to be eligible to receive discretionary matching contributions. The Company's matching contribution for the year ended December 31, 2018 and 2017, equaled 50% of participants' contributions up to 6% of eligible compensation.

The Company may also make a discretionary, non-elective ("profit sharing") contribution to the Plan as determined annually by management. Participants must (1) be employed on the last day of the year, and complete 1,000 hours of service during the year; or, (2) have died, retired, or suffered disability during such year to be eligible to receive profit sharing contributions. The Company's profit sharing contribution for the year ended December 31, 2018 and 2017, equaled 3% of a participant's gross compensation less the employer discretionary matching contribution and allocated forfeitures.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's discretionary contributions, (b) Plan earnings; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portions of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of disability or death, the participant will become fully vested.

A. Description of the Plan – continued

Participant Loans

A participant may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2018 and 2017, interest rates ranged from 4.25% to 6%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements. A participant may not have more than one loan outstanding at any one time.

Payment of Benefits

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses incurred by the participant's parents, spouse, or dependents; or (6) for the repair of damage to the participant's principal residence that qualifies for the casualty deduction as defined by IRC 165.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and profit sharing contributions for the year. Forfeitures allocated to participant accounts during the years ended December 31, 2018 and 2017, totaled $29,813 and $29,685, respectively. There were no unallocated forfeited balances as of December 31, 2018 and 2017.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

A. Description of the Plan – continued

Minimum Top-heavy Allocations

For purposes of minimum top-heavy allocations, an allocation of contributions and forfeitures equal to three percent of each non-key employee's compensation, as defined by the Plan document, or the highest percentage allocated to any key employee will be made to the employee's account when the Plan is top-heavy. A key employee is a highly compensated officer or owner/shareholder, as defined by the Plan document. The Plan is top-heavy if more than 60% of the account balances are attributed to key employees during the year. Minimum top-heavy allocations are distributed after considering employer discretionary matching contributions and forfeiture allocations for all participants. The profit sharing contribution was used to source the minimum top-heavy allocations.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with the Plan's provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

- Self-directed brokerage accounts consist primarily of common stock and registered investment company shares that are valued at the closing price reported on the active market on which the individual securities are traded and classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2018 and 2017. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2018	
	Level 1	**Total**
Mutual Funds	$ 3,017,458	$ 3,017,458
Self-directed brokerage accounts	11,719,058	11,719,058
Total investments at fair value	$14,736,516	$14,736,516

	2017	
	Level 1	**Total**
Mutual Funds	$ 3,089,840	$ 3,089,840
Self-directed brokerage accounts	12,251,672	12,251,672
Total investments at fair value	$15,341,512	$15,341,512

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract totaling $130,476 and $118,596 as of December 31, 2018 and 2017, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, ranging from 1.30% to 1.97% and 1.97% to 2.07% for years ended December 31, 2018 and 2017, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Custodians

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the custodians, which included certain investments as of December 31, 2018 and 2017, the related investment income (loss) for the years then ended, and certain information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

The fair value of the self-directed brokerage accounts as of December 31, 2018 and 2017, and the related investment income for the year ended December 31, 2018, were not certified by the custodians. This investment information was applied full-scope auditing procedures as of December 31, 2018 and 2017, and for the years then ended.

F. Tax Status

Effective November 18, 2018, the Plan has adopted the Paychex Inc. Prototype Non-Standardized Profit Sharing Plan, which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated April 10, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the IRC. The Company may rely on this letter with respect to the qualification of the Plan under IRC Section 401(a) with certain limitations.

F. Tax Status – continued

Prior to November 18, 2018, the Plan adopted the Datair Employee Benefit Systems Inc. Prototype Non-Standardized Profit Sharing Plan with CODA which had a favorable opinion letter from the IRS dated March 31, 2014. This opinion letter stated that the form of the prototype plan is acceptable under Section 401 of the IRC.

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds and a guaranteed annuity contract managed by Nationwide Trust Company, FSB. Nationwide Trust Company, FSB acted as custodian from January 1, 2018 until November 17, 2018, for only those investments as defined by the Plan. MATC acted as custodian from November 18, 2018 until December 31, 2018. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through January 9, 2020, the date the financial statements were available for issuance.

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Texas Neurology PA 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying financial statements of Texas Neurology PA 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Nationwide Trust Company, FSB ("Nationwide") and Mid Atlantic Trust Company ("MATC"), the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that MATC held the Plan's investment assets and executed investment transactions from November 18, 2018 to December 31, 2018, and Nationwide held the Plan's investment assets and executed investment transactions as of December 31, 2017, and for the period January 1, 2018 to November 17, 2018. The Plan Administrator has obtained a certifications from the custodians as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TEXAS NEUROLOGY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

A. Description of the Plan

General

The following brief description of the Texas Neurology 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. The Plan is sponsored by Texas Neurology, P.A. (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Dallas, Texas.

The Plan was effective January 1, 1993, restated most recently effective November 18, 2018, as a defined contribution plan available to all employees of the Company who have completed one month of service. All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining, and nonresident aliens. Eligible employees may enter the Plan on the first day of each calendar month of the Plan year, coincident with or next following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective November 18, 2018, substantially all participant accounts and assets of the Plan at Nationwide Trust Company FSB ("Nationwide") were transferred to a new custodian, Mid Atlantic Trust Company ("MATC").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code ("IRC") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

The Plan has an automatic contribution feature. If an employee fails to complete the deferral election provided, the employee's compensation will automatically be reduced for a contribution to the Plan. An Eligible Automatic Contribution Arrangement ("EACA") is the type of automatic contribution feature under the Plan. The EACA provisions apply to all employees that do not have an election on file. Under the EACA, an employee's compensation will be reduced for contributions to the Plan of 6%. Employees have the decision to stop the automatic contributions to the Plan, and may request a withdrawal of those contributions within the first 90 days of the first automatic contribution.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the IRC.

A. Description of the Plan – continued

Contributions – continued

The Company may make a discretionary matching contribution to the Plan as determined annually by management. Participants must (1) be employed on the last day of the year, and complete one month of service during the year; or, (2) have died, retired, or suffered disability during such year to be eligible to receive discretionary matching contributions. The Company's matching contribution for the year ended December 31, 2018 and 2017, equaled 50% of participants' contributions up to 6% of eligible compensation.

The Company may also make a discretionary, non-elective ("profit sharing") contribution to the Plan as determined annually by management. Participants must (1) be employed on the last day of the year, and complete 1,000 hours of service during the year; or, (2) have died, retired, or suffered disability during such year to be eligible to receive profit sharing contributions. The Company's profit sharing contribution for the year ended December 31, 2018 and 2017, equaled 3% of a participant's gross compensation less the employer discretionary matching contribution and allocated forfeitures.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's discretionary contributions, (b) Plan earnings; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portions of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of disability or death, the participant will become fully vested.

A. Description of the Plan – continued

Participant Loans

A participant may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2018 and 2017, interest rates ranged from 4.25% to 6%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements. A participant may not have more than one loan outstanding at any one time.

Payment of Benefits

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses incurred by the participant's parents, spouse, or dependents; or (6) for the repair of damage to the participant's principal residence that qualifies for the casualty deduction as defined by IRC 165.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and profit sharing contributions for the year. Forfeitures allocated to participant accounts during the years ended December 31, 2018 and 2017, totaled $29,813 and $29,685, respectively. There were no unallocated forfeited balances as of December 31, 2018 and 2017.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

A. Description of the Plan – continued

Minimum Top-heavy Allocations

For purposes of minimum top-heavy allocations, an allocation of contributions and forfeitures equal to three percent of each non-key employee's compensation, as defined by the Plan document, or the highest percentage allocated to any key employee will be made to the employee's account when the Plan is top-heavy. A key employee is a highly compensated officer or owner/shareholder, as defined by the Plan document. The Plan is top-heavy if more than 60% of the account balances are attributed to key employees during the year. Minimum top-heavy allocations are distributed after considering employer discretionary matching contributions and forfeiture allocations for all participants. The profit sharing contribution was used to source the minimum top-heavy allocations.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with the Plan's provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

- Self-directed brokerage accounts consist primarily of common stock and registered investment company shares that are valued at the closing price reported on the active market on which the individual securities are traded and classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2018 and 2017. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2018	
	Level 1	**Total**
Mutual Funds	$ 3,017,458	$ 3,017,458
Self-directed brokerage accounts	11,719,058	11,719,058
Total investments at fair value	$14,736,516	$14,736,516

	2017	
	Level 1	**Total**
Mutual Funds	$ 3,089,840	$ 3,089,840
Self-directed brokerage accounts	12,251,672	12,251,672
Total investments at fair value	$15,341,512	$15,341,512

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract totaling $130,476 and $118,596 as of December 31, 2018 and 2017, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, ranging from 1.30% to 1.97% and 1.97% to 2.07% for years ended December 31, 2018 and 2017, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Custodians

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the custodians, which included certain investments as of December 31, 2018 and 2017, the related investment income (loss) for the years then ended, and certain information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

The fair value of the self-directed brokerage accounts as of December 31, 2018 and 2017, and the related investment income for the year ended December 31, 2018, were not certified by the custodians. This investment information was applied full-scope auditing procedures as of December 31, 2018 and 2017, and for the years then ended.

F. Tax Status

Effective November 18, 2018, the Plan has adopted the Paychex Inc. Prototype Non-Standardized Profit Sharing Plan, which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated April 10, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the IRC. The Company may rely on this letter with respect to the qualification of the Plan under IRC Section 401(a) with certain limitations.

F. Tax Status – continued

Prior to November 18, 2018, the Plan adopted the Datair Employee Benefit Systems Inc. Prototype Non-Standardized Profit Sharing Plan with CODA which had a favorable opinion letter from the IRS dated March 31, 2014. This opinion letter stated that the form of the prototype plan is acceptable under Section 401 of the IRC.

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds and a guaranteed annuity contract managed by Nationwide Trust Company, FSB. Nationwide Trust Company, FSB acted as custodian from January 1, 2018 until November 17, 2018, for only those investments as defined by the Plan. MATC acted as custodian from November 18, 2018 until December 31, 2018. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through January 9, 2020, the date the financial statements were available for issuance.
