PEOPLEASE LLC/PLC SERVICES LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Description of plan:

The following description of the PEOPLEASE LLC/PLC Services LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is PEOPLEASE LLC (the Company, Plan Sponsor or Plan Administrator). The Plan, as amended and restated, is a multiple-employer defined contribution plan. The Plan covers substantially all full-time employees of the Company and those client companies (Adopting Employers) that have elected to participate in the Plan who have attained the required number days of service and required age with their applicable company, as defined in the client company's adoption agreement, and who are citizens or resident aliens of the United States of America. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee is responsible for oversight of the Plan, and along with the Plan's investment advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute to the Plan a percentage of compensation up to the maximum allowed by the Adopting Employer's Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Each Adopting Employer may make safe harbor contributions or discretionary matching or profit sharing contributions into the Plan, as defined in the Adopting Employer's individual Plan document. The Adopting Employers made total contributions of \$261,433 for 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Upon enrollment into the Plan, participants may direct the investment of both employee and Adopting Employer contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the applicable Adopting Employer's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PEOPLEASE LLC/PLC SERVICES LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2018 and 2017

Note 1 - Description of plan - continued:

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Adopting Employers' contributions portion of their accounts plus earnings thereon is based on years of continuous service. Participants become vested in Adopting Employer contributions in accordance with the vesting schedule elected in their specific plan document.

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts are used to reduce the Adopting Employer's contribution or to pay administrative expenses for the Plan year.

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$6,530 and \$6,191, respectively. During the year ended December 31, 2018, \$80 was used to pay administrative expenses and no forfeitures were used to reduce Adopting Employer contributions.

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death. A participant may request a withdrawal from the Plan while still under the employment of the Adopting Employer for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pre-tax contributions.

Notes receivable from participants

Participants may borrow from the Adopting Employers' Plan assets in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period may not extend beyond 15 years. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

Notes to Financial Statements - Continued

December 31, 2018 and 2017

Note 1 - Description of plan - continued:

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are directly charged to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

The Plan maintains an expense budget account (EBA) to hold EBA credits transferred to the Plan by the Plan's service provider in accordance with the EBA Agreement. For each year in which an EBA Agreement is in effect with a service provider, the Plan Administrator may, in its discretion, direct the service provider to either pay reasonable Plan administrative expenses with the EBA credits or allocate the EBA credits among the accounts of participants with a balance in the Plan. At December 31, 2018 and 2017, the balance of the EBA totaled \$80,886 and \$41,257, respectively. During 2018, \$1,780 was used for administrative expenses and no amounts were allocated to participants.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Fully benefit-responsive investment contracts

Fully benefit-responsive investments contracts are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contracts plus interest at the contract rates less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the Stable Value Core Account, a stable value fund (SVF) with Transamerica Financial Life Insurance Company (Transamerica) (see Note 5). The statements of net assets available for benefits present the contract value of the SVF.

PEOPLEASE LLC/PLC SERVICES LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2018 and 2017

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition

Investments are reported at fair value (except for those noted in Note 5, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Transamerica.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts of reported assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to corrective distributions, as recorded in the accompanying statement of changes in net assets available for benefits. The Plan distributed the 2018 corrective distributions to the applicable participants prior to March 15, 2019.

PEOPLEASE LLC/PLC SERVICES LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2018 and 2017

Note 2 - Summary of significant accounting policies - continued:

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

New accounting pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). ASU 2018-13 changes the fair value measurement disclosure requirements of Accounting Standards Codification 820, *Fair Value Measurement*. Applicability of the provisions in ASU 2018-13 can depend on whether the reporting entity is a non-public entity. New disclosure requirements under ASU 2018-13 are applicable only to other than non-public entities and not applicable to this Plan. Eliminated and modified disclosure requirements under ASU 2018-13 impact the reporting of transfers between Level 1 and Level 2 assets (defined in Note 4), Level 3 asset disclosures, and disclosures about investments in certain entities valued at net asset value. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. Entities early adopting are permitted to early adopt the eliminated or modified disclosure requirements and delay the adoption of all new disclosure requirements until the effective date. Retrospective or prospective application to periods presented varies by specified disclosure. Management has not elected to early adopt ASU 2018-13 as of December 31, 2018. Management does not believe the adoption of ASU 2018-13 will have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through February 19, 2020, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2018, have been incorporated into these financial statements.

PEOPLEASE LLC/PLC SERVICES LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2018 and 2017

Note 3 - Investments and information certified by Transamerica:

Transamerica holds the Plan's investment assets and executes investment transactions. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable held at December 31, 2018 and 2017, and net depreciation in the fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained and derived from information supplied to the Plan Administrator and certified as complete and accurate by Transamerica. The contract value of the SVF was also certified by Transamerica.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PEOPLEASE LLC/PLC SERVICES LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2018 and 2017

Note 4 - Fair value measurements - continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no significant changes in the methodologies used at December 31, 2018 and 2017.

- Interest-bearing cash is stated at cost, which approximates fair value due to the short term nature of the investment.
- Units of participation in pooled separate accounts are valued at net asset value (NAV) provided by Transamerica as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Investment contract with insurance company:

The Plan invests in a benefit-responsive SVF with Transamerica. The investment in the SVF is backed by the general account of Transamerica. While Transamerica declares rates periodically and backs the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. Prior to January 1 and July 1, the effective annual rate of interest is established for the corresponding 6-month period. Interest is credited, based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the 6-month period. The SVF is included in the financial statements at contract value as reported to the Plan by Transamerica.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes on the Plan's prohibition on competing investment options.

PEOPLEASE LLC/PLC SERVICES LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2018 and 2017

Note 5 - Investment contract with insurance company:

5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 - Related party transactions:

The Plan invests in pooled separate accounts and an insurance company general account managed by an affiliate of Transamerica. Transamerica holds the Plan's investment assets and executes investment transactions. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 7 - Plan termination:

Although they have not expressed any intent to do so, the Adopting Employers have the right under the Plan to discontinue their contributions at any time. In addition, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax status:

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS non-standardized prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is taking steps to bring the Plan in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
