Note 1. Plan Description

The following description of The Service Companies 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, which was adopted on January 1, 2012, is a defined contribution plan covering substantially all employees of The Service Companies (the Company, Employer or Plan Sponsor) who are age 21 or older. Employees are allowed to participate in the Plan immediately when the aforementioned Plan eligibility requirements are met. Collectively bargained employees, nonresident aliens and individuals who become employees as a result of an asset or stock acquisition, merger, or similar transaction involving a change in the Company of a trade or business are excluded from participation. The Plan Administrator is responsible for the oversight of the Plan. The Plan Sponsor's Board of Directors determines the appropriateness of the Plan's investment offerings and monitors investment performance. Mid Atlantic Trust Company (Mid Atlantic) serves as trustee of the Plan. Paychex, Inc. serves as recordkeeper of the Plan. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Plan participants may voluntarily contribute, on a pre-tax basis, up to 92% of their qualified annual compensation, as defined by the Plan, up to the Internal Revenue Service (IRS) maximum limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum allowable pre-tax voluntary contribution, as determined by the IRS, was $18,000 with a maximum catch-up contribution of $6,000 for 2017. Each pay period, the Company contributes to each participant's account an amount equal to 100% up to the first 4% of the participant's elective deferrals. The matching contribution begins after the participant has completed one year of service as defined in the Plan document. All contributions are held in a trust and invested by the Plan's trustee in accordance with the options elected by the participants (i.e., all investments are participant directed). Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

The Company may make discretionary profit-sharing contributions to eligible participants who have completed at least one year of service. The discretionary profit-sharing contribution may be made during the Plan year or after the Plan year-end and is determined as a pro rata formula as defined in the Plan document. The Company did not make any discretionary profit-sharing contributions for the year ended December 31, 2017.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, their portion of the Company's matching and discretionary profit-sharing contribution, if any, and an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses and administration expenses that are paid by the Plan. Allocations are based on participants' contributions or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary profit-sharing contribution portion of their accounts is based on years of continuous service as follows:

	Vested Percentage
Years of service:	
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% vested upon termination of service due to death or disability, or upon reaching normal retirement age.

Investment options: Upon enrollment in the Plan, a participant directs all contributions to selected investments made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 95% of 50% of the participant's vested account balance in the Plan. A participant may have a maximum of one outstanding loan at any time. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time of origination. The rates on loans outstanding at December 31, 2017, range from 4.25% to 5.25%, and mature through 2022. All notes are repaid within a period of 4.5 years, except notes for the acquisition of the participant's principal residence, which must be repaid within 10 years. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. The normal retirement age as defined by the Plan is 65. Participants still employed who have reached age 59½ and are 100% vested are eligible for an in-service distribution of all or a portion of their vested balance. If a participant terminates before retirement, the participant will receive either a lump-sum payment of their account balance or if the account exceeds $5,000, the participant may elect to begin distributions at any age up to 70½. Vested benefits in amounts less than $5,000 are distributed in a lump-sum amount without the participant's election. Hardship distributions are not permitted under the Plan.

Forfeitures: Forfeitures are used to pay Plan expenses or reduce future employer contributions. Forfeited nonvested accounts totaled $0 and $2,624 at December 31, 2017 and 2016, respectively. During 2017, $15,430 was used to pay Plan administrative expenses, $2,624 was allocated to participant accounts as additional employer contributions and no forfeitures were used to reduce employer matching contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Contributions: Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary profit-sharing contributions, if any, are recognized upon authorization as the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2017), through April 2, 2019, the date the financial statements were available to be issued. See Note 10.

Note 3. Information Certified or Provided by Mid Atlantic Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedules that were prepared by, or derived from, information certified or provided the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31	
	2017	2016
Investments at fair value:		
Registered investment companies (mutual funds)	$ 1,447,339	$ 1,208,667
Money market fund	147,677	145,561
	$ 1,595,016	$ 1,354,228

Mid Atlantic also certified to the completeness and accuracy of $148,179 of net appreciation in fair value of investments and $35,604 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price, representing the NAV of shares held by the Plan.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$ 1,447,339	$ -	$ -	$ 1,447,339
Money market fund	147,677	-	-	147,677
Investments at fair value	$ 1,595,016	$ -	$ -	$ 1,595,016

	Assets at Fair Value as of December 31, 2016			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$ 1,208,667	$ -	$ -	$ 1,208,667
Money market fund	145,561	-	-	145,561
Investments at fair value	$ 1,354,228	$ -	$ -	$ 1,354,228

To assess the appropriate classification of investments within the fair value hierarchy, the availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Parties-in-Interest Transactions

Mid Atlantic is the trustee of the Plan and Paychex, Inc. provides recordkeeping services; therefore, transactions with the trustee and recordkeeper qualify as parties-in-interest transactions. Fees paid by the Plan to the recordkeeper totaled $17,366 for the year ended December 31, 2017. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 6. Tax Status

The Plan has received a determination letter from the IRS dated April 10, 2014, stating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9. Prohibited Transactions

During 2017, the Plan Sponsor inadvertently failed to deposit approximately $66,383 of participant contributions and loan repayments within the required timeframe as stated by the DOL regulations. In 2019, the Plan Sponsor will calculate and reimburse the Plan for lost interest to correct this failure. The Plan Sponsor intends to file Form 5330 and pay applicable excise tax in 2019. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from assets of the Plan.

Note 10. Subsequent Events

In 2018, the Plan Sponsor approved the replacement of Mid Atlantic and Paychex as trustee and recordkeeper of the Plan, respectively, with Fidelity Investments (Fidelity). On October 25, 2018, all participants of the Plan were notified of the change in trustee and recordkeeper and the blackout period commenced from November 26, 2018 through January 24, 2019. During the blackout period, participants were temporarily unable to request loans or withdrawals, make changes to their investment options or transfer money. The transition became effective on December 26, 2018, when all assets of approximately $1,427,000 were transferred from Paychex to Fidelity.

The delinquent participant deferrals for the 2016 Plan year were corrected during the 2018 Plan year using one of the DOL's prescribed methods, including lost earnings. The Plan expects to correct the 2017 delinquent participant during the 2019 Plan year in accordance with one of the DOL's prescribed methods, including lost earnings. The reimbursement has been and will be made from the Company's assets and not from assets of the Plan.
