INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Fairmount Santrol Retirement Savings Plan
Independence, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Fairmount Santrol Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of May 20, 2019 and December 31, 2018, and the related statement of changes in net assets available for benefits for the period from January 1, 2019 to May 20, 2019 and year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of May 20, 2019 and December 31, 2018, and the changes in net assets available for benefits of the Plan for the period from January 1, 2019 to May 20, 2019 and year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

Fairmount Santrol Retirement Savings Plan

1. Merger of Unimin Corporation and Fairmount Santrol Holdings Inc.

On June 1, 2018 (the “Merger Date”), Unimin Corporation (“Unimin”) completed a business combination (the “Merger”) with Fairmount Santrol Holdings Inc. (“Legacy Fairmount Santrol” or “Fairmount Santrol”). Upon closing of the Merger, Fairmount Santrol merged into a wholly-owned subsidiary of Unimin and ceased to exist as a separate corporate entity. Immediately following the closing of the Merger, Unimin changed its name and began operating as Covia Holdings Corporation (“Covia”). Fairmount Santrol common stock was delisted from the New York Stock Exchange (“NYSE”) prior to the market opening on June 1, 2018 and Covia commenced trading under the ticker symbol “CVIA” on that date. Upon the consummation of the Merger, the former stockholders of Fairmount Santrol received approximately 35% of the common stock of Covia at a ratio of one share of Covia for five shares of Fairmount Santrol. As of the Merger Date, Covia replaced Fairmount Santrol as sponsor of the Fairmount Santrol Retirement Savings Plan (the “Plan”).

2. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan began January 1, 2015 as a result of the merger of the plan assets of the Fairmount Minerals, Ltd. Retirement Savings Trust and Plan and the Fairmount Minerals, Ltd. Stock Bonus Trust and Plan (collectively, the “Predecessor Plans”). All account balances of the Predecessor Plans were transferred into the Plan. The Plan is a defined contribution plan covering substantially all Covia employees from Legacy Fairmount Santrol who meet the service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Administrator is responsible for the general operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the Plan Trustee, Custodian, and Recordkeeper.

No dividend was paid to shareholders by Covia in 2019 or by either Covia or Legacy Fairmount Santrol in 2018.

On May 20, 2019, the Plan was merged into the Covia Retirement Savings Plan (the “Covia Plan” or “Successor Plan”). Covia common stock in the Plan was transferred to the Covia Plan as a frozen investment option contemporaneously with the Plan merging into the Covia Plan, and participants in the Covia Plan no longer had the option of purchasing additional shares of Covia common stock in the Covia Plan as of May 20, 2019.

Eligibility

Prior to the Plan merging into the Covia Plan, all Covia employees from Legacy Fairmount Santrol were eligible to participate in the elective deferral component of the Plan on their first day of employment. Employees were not eligible to receive employer contributions until after completing a one-year service period.

Employees were eligible to participate in the elective deferral and employer matching components of the Plan on their first day of employment and after having attained age 18.

Effective January 1, 2019, eligibility to participate in the Plan was expanded to include part-time employees, temporary employees, summer help, co-ops, and interns after 1,000 hours of service.

Contributions

Cash or Deferred Option [401(k)] – Pursuant to the terms of the Plan, participants had the option to elect a portion of their compensation, up to 75%, to be contributed to the Plan by Covia on a pre-tax basis. The Plan also allowed for elective Roth contributions and catch-up contributions.

The amount of total employer match contributions were \$1,247,371 for the period ended May 20, 2019 and \$3,581,137 for the year ended December 31, 2018.

Participants' Accounts

401(k) Accounts – Each participant's account was credited with the participant's elective contributions, employer matching and discretionary contributions, earnings, and losses thereon.

Vesting

All participants were immediately 100% vested in elective deferrals, rollover contributions, and employer matching contributions. Employer discretionary contributions were 100% vested after three years of vesting service.

Notes Receivable from Participants

Loans were permitted under certain circumstances and subject to limitations. Participants could borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans were repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Loans were valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses was recorded as of May 20, 2019 or for December 31, 2018. Delinquent participant loans were recorded as distributions on the basis of the terms of the Plan agreement.

The loans were secured by the balance in the participant's account and bore interest at rates established by the Plan Administrator based on prevailing interest rates charged by commercial lending institutions for loans under similar circumstances. Principal and interest were paid ratably through payroll deductions.

Hardship Withdrawals

Hardship withdrawals were permitted in accordance with Internal Revenue Service guidelines.

Investment Options

Upon enrollment in the Plan, a participant had the option to direct any contributions to any of the investment options offered by the Plan.

3. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's transactions were reported on the accrual basis of accounting.

Investments held by a defined contribution plan were required to be reported at fair value.

Valuation of Investments

Investments made in the Plan were stated at fair value. Mutual funds, the managed income portfolio fund, the money market fund, and employer common stock were reported at fair market value as of the balance sheet date. Fair market values represented quoted market prices or, if quoted market prices were not available, estimated fair values as determined by the Plan's investment broker.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments purchased and sold as held during the period ending May 20, 2019 or year ended December 31, 2018.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees

NOTES TO FINANCIAL STATEMENTS

Fairmount Santrol Retirement Savings Plan

All reasonable costs and expenses, including legal, accounting, and communication fees, incurred by the Plan have been paid from forfeitures (if any).

Plan Termination

Prior to the Plan merging into the Covia Plan, Covia had the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Risks and Uncertainties

The Plan's investment included investments in mutual funds, Covia stock, a money market fund, and a managed income portfolio fund. These investments were subject to varying degrees of risk, such as interest rate, credit, and overall market volatility risks. On May 20, 2019, Covia common stock in the Plan was transferred to the Covia Plan as a frozen investment option contemporaneously with the Plan merging into the Covia Plan, and participants in the Covia Plan no longer had the option of purchasing additional shares of Covia common stock in the Covia Plan as of that date.

Subsequent Events

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for, and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through November 18, 2019, which is the date the financial statements were available to be issued.

4. Tax Status

The Plan was a volume submitter and received an opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan was in compliance with applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan was designed and operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of May 20, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. Currently, no audits for any tax periods are in progress.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan had the ability to access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

NOTES TO FINANCIAL STATEMENTS

Fairmount Santrol Retirement Savings Plan

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at May 20, 2019 and December 31, 2018.

- Mutual Funds – The fair value of mutual funds are based on daily unadjusted quoted prices in active markets and are considered Level 1.
- Money Market Funds – The fair value of money market funds are based on daily unadjusted quoted prices in active markets and are considered Level 1.
- Company Stock – The fair value of Covia stock was based on daily unadjusted quoted prices in active markets and is considered Level 1. The Covia stock fund held by the Plan also contained cash used to facilitate purchase and sale transactions. As previously noted, the Plan was merged into the Covia Plan on May 20, 2019 and participants in the Covia Plan do not have the option of purchasing additional shares of Covia common stock in the Covia Plan.
- Managed Income Portfolio Fund – The fair value of the Managed Income Portfolio fund is based on quoted prices for similar assets or liabilities in active markets and is considered Level 2. Issuances and redemptions of units are recorded daily. In unusual market conditions, the Trustee may impose restrictions on such issuances and redemptions. Withdrawals will normally be provided as soon as practicable within twelve months following written notice to the Trustee. Participant transactions (purchases and sales) may occur daily.

There were no assets held by the Plan at May 20, 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018
