Report on the Financial Statements

We were engaged to audit the accompanying financial statements of West Coast Quartz Corporation Employees' 401(k) Savings Plan (the Plan), which comprise the Statements of Net Assets Available for Benefits as of May 31, 2019 and 2018, and the related Statement of Changes in Net Assets Available for Benefits for the year ended May 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Custodian holds the Plan's investment assets and executed investment transactions. The Plan Administrator has obtained a certification from the Custodian as of May 31, 2019 and 2018, and for the year ended May 31, 2019, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of and for the year ended May 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

The following description of the West Coast Quartz Corporation Employees' 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by West Coast Quartz Corporation (the Sponsor). The Plan covers all full-time employees of the controlled group, except for employees covered by a collective bargaining agreement, leased employees, and non-resident alien employees who received no earned income subject to U.S. Tax. The Plan became effective on June 1, 1995, for the purpose of providing retirement benefits to eligible employees as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was restated with an effective date of June 1, 2017 to adopt the Redwood Pensions LLC Volume Submitter Profit Sharing Plan with CODA. The Plan was amended effective January 1, 2018 to include an auto enrollment feature. Once the employee meets the eligibility requirements of the Plan, six percent (6%) of the participant's compensation will automatically be contributed to the Plan on the participant's behalf unless they make an alternative salary deferral election, or affirmatively elect not to participate in the Plan. However, subsequent to the Plan year-end the Plan was retroactively amended to remove this feature.

Eligibility

Employees become eligible to participate in the Plan after completing three consecutive months of service and attaining the age of 21 years old. Employees may enroll in the Plan on the first day of the calendar month coinciding with or following the date that eligibility requirements are met. To become eligible for the employer's discretionary matching contribution and/or discretionary profit sharing contributions, the employee must meet the same eligibility requirements and participate in the Plan.

Contributions

Subject to certain limitations, each year participants may contribute up to 100% of pretax annual compensation, as defined by the Plan document. However, the annual contributions may not exceed the dollar limit specified in Internal Revenue Code Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make annual catch-up contributions to the Plan. Effective January 1, 2018, the sponsor introduced Roth 401(k) deferrals to the Plan.

The Sponsor may elect to make a discretionary matching contribution. There may also be a discretionary profit sharing contribution to employees who meet certain eligibility requirements. All contributions are paid to the Custodian for investment in the appropriate investment fund in accordance with the participant's directives and terms of the Plan. No discretionary matching contribution or profit sharing contribution was made during the year ended May 31, 2019 and 2018.

Note 1 - Plan Description (continued)

Rollovers

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provision.

Vesting

Participants are immediately vested with respect to employee contribution amounts and rollovers. Vesting with respect to employer matching and profit sharing contributions is based on a graduated schedule beginning at 20% vesting after two years of continuous service and becoming fully vested after six years of service. In addition, participants become fully vested in their account if the Plan terminates or the participant becomes disabled, dies, or reaches the normal retirement age.

Forfeited Accounts

The non-vested portion of terminated employees' accounts is forfeited. Forfeitures will be used to pay for administrative expenses and reduce future Sponsor contributions to the Plan. As of May 31, 2019 and 2018, there was no balance in the forfeitures account. Hence, no forfeitures were used to pay for Plan administrative expenses.

Participant Accounts

Each active participant's account is credited with (a) individual contributions, (b) an allocation of Plan earnings and/or losses, and (c) the Sponsor's contributions, if any, and (d) charges of an allocation of administrative expenses. Allocations are principally based on the participant's election, or account balance, as defined in the Plan agreement. Investment income or loss is calculated based on the number of shares owned by each participant in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain fees are charged to the funds and are offset against Plan investment income and loss, or are reported as administrative fees as presented on the Statement of Changes in Net Assets Available for Benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Payment of Benefits

Participants may withdraw their vested interest upon termination of employment, death, disability, retirement, or if they incur an immediate financial hardship, regardless of their age. Participants may also withdraw while they are employed if they have attained age 59 1/2, age. They also may withdraw if the Plan is terminated. Payments of benefits are recorded when paid. Participants will receive a lump-sum amount equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $5,000.

Note 1 - Plan Description (continued)

At May 31, 2019 and 2018, there were no participants who had requested a withdrawal from the Plan and awaiting payment of benefits.

Participant Directed Accounts

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into various investment options offered by the Plan. The Plan currently offers a series of mutual funds and a guaranteed investment contract as investment options for the participants. Participants may change their investment options at any time. If participants do not choose an investment fund, then their contributions are invested in the Voya Index Solution Z Shares Fund closest to the date the participant reaches the Plan's normal retirement age. A description of each fund is provided to participants by the Sponsor.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits payments to participants are recorded when paid. Amounts distributed in prior years for which the participants have not cashed the checks, if any, are recorded as a liability.

Contributions

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. All participant contributions are participant directed.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain Plan expenses are deducted from participants' accounts or investment income, and the remainder of Plan expenses are paid by the Sponsor.

Financial Investments with Off-Balance Sheet Risk

The Plan held no direct investments in derivatives as of and during the years ended May 31, 2019 and 2018.

Investment Valuation and Income Recognition

Investments of the Plan are held by the Plan's Custodian and are invested in registered investment companies and a guaranteed investment contract. Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 6 for discussion of fair value measurements, and Note 7 for discussion of investments at contract value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the declaration date, taking into consideration the ex-dividend date. Net appreciation or depreciation on investments includes both realized and unrealized gains and losses. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments.

The Plan's investments including investments bought, sold, and held during the period, appreciated in value by $50,971 in for the year ended May 31, 2019. All individual participant account balances are participant-directed as to investment programs.

Note 3 – Notes Receivable from Participants

Included in assets at May 31, 2019, were eighteen notes receivable from participants, collateralized by their vested account balances at the inception of the loans. Six of the notes receivable from participants have been deemed as distributions to the participants. These loan balances will remain as part of the participants' total account balance until the participant has separated from service from the Plan Sponsor and/or have requested a full distribution of their participant account balance. The notes mature between one and seven years. Notes maturing in more than five years are for the purchase of a principal residence. The loans issued carry interest rates between 4.25% and 7.0%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through semi-monthly payroll deductions. Interest income is recognized when received. Loans can be made to participants who meet certain loan qualification requirements. The maximum amount of a loan cannot exceed the lessor of 50% of the vested interest in the participant's account or $50,000, reduced by the highest outstanding loan balance during the preceding twelve consecutive months. The minimum

Note 3 – Notes Receivable from Participants (continued)

loan amount allowed is $1,000. The maximum number of loans outstanding at any one time by any one participant is two, as long as the participant's account remains in compliance with ERISA.

Note 4 – Separated Participants

Included in investments at May 31, 2019, were accounts valued at $603,940 representing deferred vested benefits for sixteen separated participants. The Sponsor has notified each separated participant of their deferred vested benefit.

Note 5 - Information Prepared and Certified by the Plan Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure of ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified to as complete and accurate by Voya Retirement Insurance and Annuity Company, the Plan Custodian, except for comparing such information with information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year):

Investments held and certified to by the Plan Custodian are:

	May 31, 2019	May 31, 2018
Mutual funds, at fair value	$ 2,532,455	$ 2,180,023
Investment contract with insurance company, at contract value	$ 111,143	$ 102,402
Participant loans	$ 107,225	$ 143,106

The Plan Custodian, also certified to the completeness and accuracy of the investment income for the year ended May 31, 2019:

Net appreciation in fair value of investments	$ 52,034
Interest income from notes receivable from participants	$ 3,306
Other income	$ 6,198

Note 6 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date and have the highest priority.

Level 2 - Inputs to the valuation methodology are quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include investment entities own judgements and estimations, or some other pricing method using unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Inputs and Valuation Methods – The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used during years ended May 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

Note 6 - Fair Value Measurements (continued)

Group Annuity Contract with Insurance Company: At May 31, 2019 and 2018, the Plan held an insurance contract with Voya Retirement Insurance and Annuity Company ("Voya"). Voya valued the contract at contract value, which is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan. The contract is fully benefit-responsive and does not have any liquidity or redemption restrictions (see Note 7). Investments at contract value are not included in the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2019 and 2018:

As of May 31, 2019	Fair Value Measurements at Reporting Date Using:			
Description	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Note 7 – Group Annuity Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya totaling $111,143 and $102,402 for the years ended May 31, 2019 and 2018, respectively. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, regardless of market conditions.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract guarantees minimum rates of interest and may credit interest that exceeds the minimum guaranteed rate. Daily credited interest becomes part of principal, and the investment increases through compound interest. All funds invested in the Plan's Voya Fixed Account receives the same credited rate.

Certain investments limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974 (ERISA) (5) premature termination of the contract. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 8 – Income Tax Status

Effective June 1, 2017, the Plan adopted a volume submitter profit sharing plan sponsored by Redwood Pensions, LLC, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Service Code. The Sponsor and the Plan Administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of May 31, 2019. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 – Income Tax Status (continued)

The Plan files informational tax returns in the U.S. federal jurisdiction (Form 5500). The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2015. The Internal Revenue Service (IRS) is not presently conducting any examinations of the Plan's U.S. informational tax returns for 2015 through 2017 fiscal years. At May 31, 2019, there are no tax provisions for which the deductibility is uncertain, or for which there is uncertainty regarding the timing of such deductibility.

Note 9 - Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The majority of the fees related to the Plan are paid directly by West Coast Quartz Corporation.

The Sponsor is the administrator of the Plan, and, as such, carries out the duties imposed by ERISA. The Sponsor has delegated certain responsibilities for the operation and administration of the Plan. Custodial services and recordkeeping services are contracted with Voya Retirement Insurance and Annuity Company, and third-party administration services are provided by Redwood Pensions, LLC.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, West Coast Quartz Corporation, has the right to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

Note 11 – Party-In-Interest Transactions

Certain Plan investments in mutual funds and the guaranteed investment contract are managed by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan. These transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed in an active market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Voya provides certain services to the Plan based on a shareholder servicing agreement between the Sponsor and Voya. Voya receives revenue from certain mutual fund service providers for services Voya provides to the funds. Voya forwards a share of these revenues to Redwood Pensions, LLC, who then reduces the administrative fees charged to the Sponsor for administrative services provided by Redwood Pensions, LLC to the Plan.

Note 12 - Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 13 - Recent Pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements* to correct differences between original guidance and the ASC, clarify the guidance, correct references, and make minor improvements affecting a variety of topics. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2018, except for amendments in this update where there was no transition guidance, which were immediately effective upon issuance. The Plan has adopted ASU 2018-09. The adoption of these amendments was not significant to these financial statements.

In August 2018, the Financial Accounting Standards Board (FASB) issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirement for Fair Value Measurement*, to improve the usefulness of the information reported to users of financial statements, and to provide clarity to preparers and auditors related to the disclosures of fair value measurements. The amendments in this update will generally be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. An entity should apply the amendment retroactively to each period for which financial statements are presented. The Plan has not yet adopted ASU 2018-13 and the impact on the Plan's financial statements has not yet been determined.

In August 2018, the Financial Accounting Standards Board (FASB) issued ASU 2018-14, *Compensation – Retirement Benefits – Defined Benefit Plans – General (Subtopic 715-20): Disclosure Framework – Changes to the Disclosure Requirements for Defined Benefit Plans*, to improve the usefulness of the information reported to users of defined benefit plan financial statements, and to provide clarity to preparers and auditors. The amendments in this update will generally be effective for fiscal periods ending after December 15, 2021. Early adoption is permitted. An entity should apply the amendment retroactively to each period for which financial statements are presented. The adoption of ASU 2018-14 does not impact this Plan because the ASU pertains only to defined benefit plans.

Note 14 – Subsequent Events

The Sponsor has evaluated whether any events related to the Plan occurred subsequent to May 31, 2019, and through March 2, 2020, which is the date the financial statements were available to be issued, and determined that there were no material events or transactions that have not been properly recognized or disclosed in the financial statements.
