Southland Home Health 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Southland Home Health 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees of Southland Home Health (the Company or Plan Sponsor) who have completed three months of service and reached the age of 21. The Plan's entry date is the first day of the calendar quarter following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute, on a pretax or post-tax (Roth) basis, of their eligible annual compensation, subject to certain limitations under the Internal Revenue Code (IRC). The Plan provides an automatic election of 3 percent of eligible compensation for all eligible employees. Employees may elect a different percentage or elect not to make any elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts. Catch-up contributions are allowed by the Plan as allowed by federal law.

On November 21, 2018, the Company was acquired by the sponsor of Cornerstone 401(k) Retirement Savings Plan (Cornerstone Plan). Effective January 1, 2019, employees of the Company began participating in the Cornerstone Plan and ceased contributing to the Plan.

The Company may make discretionary matching contributions in an amount subject to determination by the Board of Directors of the Company. There were no such discretionary matching contributions for period from January 1, 2019 to May 31, 2019 and for the year ended December 31, 2018.

Participant accounts: Each participant's account is credited with (a) the participant's contribution, (b) discretionary employer matching contributions, if applicable, and (c) an allocation of Plan earnings and administrative expenses based on account balances, as defined by the Plan. Plan earnings are allocated based on the number of shares in each participant's account in each investment fund.

Participants' investment options: Participants direct the investment of their contributions and any discretionary employer contributions to be invested amongst various investment options offered by the Plan, which are more fully described in the Plan literature. Participants may change their investment options at any time.

Vesting: Participant contributions and actual earnings thereon are fully vested at all times. Vesting of discretionary employer contributions and actual earnings thereon are based upon the participant's years of service with the Company as listed below. Participants will become fully vested in all contributions upon death, disability, or normal retirement age.

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. Participants are allowed to have no more than one loan outstanding at any time. The repayment period for participant loans cannot exceed five years, except for loans used for the purchase of a participant's primary residence, which must be paid back over a period that exceeds five years. The notes receivable are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2018 bore interest at a rate of 7% with a maturity through July 2019. As of May 31, 2019, outstanding loans totaled approximately \$21,500 and due to the plan merger, were transferred to the Cornerstone Plan (Note 8).

Payment of benefits: Benefits, in the form of a lump sum payment, may be distributed to a participant or a participant's beneficiary upon retirement, the participant's reaching the age of 59 ½, death, disability, hardship or termination of employment. There are certain situations where partial withdrawals or installment payments are permitted, as specified in the Plan agreement. The Plan has a mandatory cash-out provision if the participant's vested balance is less than \$5,000. If the participants vested balance is less than \$5,000 but greater than \$1,000, benefits shall be distributed through a direct rollover into another qualified plan. If the participants vested balance is \$1,000 or less, benefits shall be distributed to the participant through a lump sum distribution.

Administrative expenses: The administrative expenses of the Plan are paid by the Plan, unless paid by the Company, at its discretion. Administrative expenses include participant based transaction expenses such as distribution and loan fees as well as Plan related expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to pay Plan expenses or reduce future discretionary employer contributions. Since the Plan's inception, the Plan Sponsor has not elected to make any discretionary employer matching contributions; therefore, no portion of any participants' accounts have been subject to the Plan's forfeiture provisions.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2018 or 2017 as the loans are fully collateralized by the participants' accounts.

Southland Home Health 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Contributions and contribution receivables: Contributions are recorded on the accrual method of accounting. Contribution receivables are obligations arising from amounts owed to the Plan from participants that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates fair value. There were approximately none and \$5,000 of total contribution receivables as of December 31, 2018 and 2017, respectively.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated events or transactions for potential recognition or disclosure through March 13, 2020, the date on which the financial statements were available to be issued.

Note 3. Information Certified and Provided by Nationwide Trust Company, FSB, and Nationwide Life Insurance Company

The following is a summary of the Plan's asset and income information as of May 31, 2019, December 31, 2018 and 2017, and for the period from January 1, 2019 to May 31, 2019 and for year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by Nationwide Trust Company, FSB, and Nationwide Life Insurance Company, the custodians of the Plan, and furnished to the Plan Administrator. The Plan Administrator obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	May 31,		December 31,	
	2019		2018	2017
Investments, at fair value:				
Shares of registered investment companies	\$	-	\$ 303,195	\$ 214,027
Guaranteed investment contract		-	14,851	19,647
Notes receivable from participants		-	2,562	9,881
	\$	-	\$ 320,608	\$ 243,555

The custodians also certified to the completeness and accuracy of \$27,106 of net appreciation in fair value of investments for the period from January 1, 2019 to May 31, 2019.

The custodians also certified to the completeness and accuracy of \$24,521 of net depreciation in fair value of investments, \$121 of interest, and \$350 of interest income from notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts that are not fully benefit responsive are valued at fair value as determined by the issuer by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

Description	2018			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 303,195	\$ -	\$ -	\$ 303,195
Guaranteed investment contract	-	-	14,851	14,851
Investments, at fair value	<u>\$ 303,195</u>	<u>\$ -</u>	<u>\$ 14,851</u>	<u>\$ 318,046</u>

Description	2017			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 214,027	\$ -	\$ -	\$ 214,027
Guaranteed investment contract	-	-	19,647	19,647
Investments, at fair value	<u>\$ 214,027</u>	<u>\$ -</u>	<u>\$ 19,647</u>	<u>\$ 233,674</u>

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the period from January 1, 2019 to May 31, 2019, and year ended December 31, 2018, there were no transfers between levels.

The table below sets forth a summary of changes in the fair value of the Plans Level 3 assets, for the period from January 1, 2019 to May 31, 2019 and for the year ended December 31, 2018:

	Guaranteed Investment Contract (Non-Benefit Responsive)	
	2019	2018
Balance, beginning of period/year	\$ 14,851	\$ 19,647
Purchases	-	787
Sales	(14,851)	(5,704)
Interest	-	121
Balance, end of period/year	<u>\$ -</u>	<u>\$ 14,851</u>

The following table presents the Plans Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the values for those inputs.

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Input Values
	2018	2017			
Bank of America Fixed Interest Contract	\$ 14,851	\$ 19,647	Discounted cash flow	Risk-adjusted discount rate applied	.45% - .65%

Southland Home Health 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

In estimating fair value of the investments in Level 3, Plan management may use third-party pricing sources. In substantiating the reasonableness of the pricing data provided by third parties, Plan management evaluates a variety of factors, including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments and overall credit ratings.

Note 5. Guaranteed Investment Contract

The Plan had a traditional, non-fully benefit-responsive guaranteed investment contract with Bank of America that is reported at fair value. Bank of America maintained contributions in a general account. The account is credited with contributions, earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on an annual basis for resetting. The Plan's investment in the investment contract was fully liquidated on January 15, 2019.

Note 6. Parties-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted with Nationwide Financial Services including its subsidiary Nationwide Trust Company, FSB, Nationwide Life Insurance Company and the Plan Sponsor qualify as party-in-interest transactions.

Note 7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become fully vested in their entire account balances and the net assets of the Plan would be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 8. Plan Merger

Effective May 31, 2019, the legal control of the net assets of the Southland Home Health 401(k) Plan was merged with the Cornerstone Plan. As a result, net assets of approximately \$195,000 were transferred to the control of the Cornerstone Plan on May 31, 2019. The merger does not impact participant benefits or participant account balances.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Southland Home Health 401(k) Plan

Notes to Financial Statements

Note 10. Tax Status

Effective January 1, 2015, the Plan adopted a volume submitter plan sponsored by Nationwide Financial Services, Inc. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11. Excess Contributions

Liabilities of \$23,949 and none as of December 31, 2018 and 2017, respectively, relate to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provisions of ERISA. Excess contribution refunds are included as a reduction of participant contributions on the statements of changes in net assets available for benefits.

Note 12. Prohibited Transactions

During the years ended December 31, 2018, 2017, 2016 and 2015, the Plan sponsor inadvertently failed to deposit approximately \$151,123, \$55,917, \$26,815 and \$20,726, respectively, of participant contributions within the required timeframe as stated by the DOL regulations. The DOL considers late deposits to be a prohibited transaction. Due to the Plan's merger effective May 31, 2019, lost earnings for the late deposits will be remitted to the Cornerstone Plan. The sponsor of the Cornerstone Plan will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes will be made from the sponsor's assets and not from assets of the Cornerstone Plan.

Note 13. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of May 31, 2019 and December 31, 2018 and 2017:
