Independent Auditor's Report

To the Plan Administrator
Cleveland HeartLab 401(k) Plan
Cleveland, Ohio

We have audited the accompanying financial statements of the Cleveland HeartLab 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of May 2, 2019 and December 31, 2018, and the related statement of changes in net assets available for benefits for the period January 1, 2019 to May 2, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of May 2, 2019 and December 31, 2018, and the changes in net assets available for benefits for the period January 1, 2019 to May 2, 2019, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, effective January 1, 2018, Cleveland HeartLab, Inc. became a participating employer in The Profit Sharing Plan of Quest Diagnostics Incorporated (Quest Plan) and all employees of Cleveland HeartLab, Inc. became eligible to participate in the Quest Plan subject to the applicable eligibility requirements and other provisions of the Quest Plan. Active participation in the Plan ceased effective December 31, 2017. On May 2, 2019, the Plan was merged into the Quest Plan. Our opinion is not modified with respect to this matter.

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Cleveland HeartLab 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution profit-sharing plan covering substantially all employees of Cleveland HeartLab, Inc. (the Company). The Company's Board of Directors voted to adopt a Section 401(k) safe harbor design for the Plan, which means that the Plan automatically complied with the nondiscrimination requirements of Section 401 of the Internal Revenue Code (IRC). The Plan was subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Effective December 1, 2017, the Company was acquired by Quest Diagnostics Incorporated. Effective January 1, 2018, the Company became a participating employer in The Profit Sharing Plan of Quest Diagnostics Incorporated (Quest Plan) and all employees of the Company became eligible to participate in the Quest Plan subject to the applicable eligibility requirements and other provisions of the Quest Plan. Active participation in the Plan ceased effective December 31, 2017. On May 2, 2019 the Plan merged into the Quest Plan. As a result, plan assets of \$5,513,272 were transferred out of the Plan.

Contributions

There were no participant elective deferrals contributed to the Plan during 2019. Certain qualified non-elective employer contributions were made to the Plan during 2019.

Participant Accounts

Each participant's account was credited with the Plan's earnings, net of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their pre-tax and rollover contributions plus actual earnings thereon. Qualified nonelective contributions and employer safe harbor matching contributions vested after two years of employment.

A participant vested in any discretionary matching contributions and profit-sharing contributions following the below schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 or more years	100%

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Participants were eligible to receive distributions from their accounts at the normal retirement age (later of: (1) age of 55 and (2) the fifth anniversary of participation in the plan), death, disability, or termination of employment. Participants received the value of their vested account balance in the form of a single lump-sum payment or installments. Additionally, participants were entitled to apply for hardship withdrawals and, after attaining age 59 ½, may receive in-service distributions.

Hardship withdrawals were allowed for participants incurring immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and distributions prior to requesting a hardship withdrawal. There were no hardship withdrawals during 2019.

Forfeitures

Forfeitures of terminated participants' non-vested accounts were to be used to reduce Company contributions (or reallocate as Company contributions) or to pay plan expenses. During 2019, no forfeitures were used to reduce the Company contributions or pay plan expenses. The forfeiture balance of \$24,555 was transferred to the Quest Plan on May 2, 2019 as part of the plan merger. The balance of unused forfeitures as of December 31, 2018 was \$15,269.

Notes Receivable from Participants

Participants were able borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and were to be repaid over a period not to exceed five years, except for loans for a principal residence were to be repaid over a period not to exceed 10 years. The loans bore interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator which ranged from 5.25% - 7.50%. Principal and interest were paid through payroll deductions. Participant loan balances of \$48,724 were transferred to the Quest Plan on May 2, 2019 as part of the plan merger.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported increases and decreases of net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits were recorded when paid.

Operating Expenses

Costs of administering the Plan were paid by the Plan or the Company, as determined by the Company, subject to rules under ERISA.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks.

Evaluation of Subsequent Events

The Company has evaluated subsequent events through March 11, 2020 and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

3. Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|---------|---|

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methodologies used for assets measured at fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2018:

<i>December 31, 2018</i>	Fair Value Measurement at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Mutual Funds	\$ 5,313,525	\$ -	\$ -	\$ 5,313,525
Balance, December 31, 2018	\$ 5,313,525	\$ -	\$ -	\$ 5,313,525

4. Party-in-Interest Transaction

Certain Plan investments were mutual funds managed by T. Rowe Price, the plan asset custodian, and therefore, these transactions qualify as party-in-interest transactions. Fees were paid to T. Rowe Price for these services.

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

5. Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time (See Note 1) and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would have become 100% vested in their accounts.

6. Federal Income Tax Status

The Plan adopted the CCH Incorporated Volume Submitter Profit Sharing Plan. The Internal Revenue Service (IRS) determined and informed CCH Incorporated by a letter dated March 31, 2014, that the Plan was designed in accordance with applicable sections of the IRC. Accordingly, the Plan was permitted to rely on the opinion letter. Although the Plan was amended since receiving the determination letter, the plan administrator believes that the Plan was designed, and was operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt. No provision for Federal income tax has been made in the financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator analyzed the tax positions taken by the Plan, and concluded that as of May 2, 2019 and December 31, 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
