Emphasis of Matter - Plan Termination

As discussed in Note 7 to the financial statements, the Board of Trustees of Curae Health 401(k) Savings Plan, the Plan's sponsor, voted on October 18, 2018, to terminate the Plan, and management determined liquidation was imminent as of this date. As a result, liquidation basis has been used in presenting the 2019 and 2018 financial statements. Our disclaimer of opinion is not modified with respect to this matter.

CURAE HEALTH 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

October 31, 2019 and December 31, 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Curae Health 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - Curae Health, Inc. (the "Company") is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to Milliman, Inc. who processes transactions through Charles Schwab Bank (the trustee). The Board of Directors of Curae Health, Inc. voted to terminate the Plan effective November 30, 2018. The final distributions from the plan were made on October 28, 2019. There was no Plan activity after October 31, 2019. See Note 7.

The Plan was a defined contribution plan available to all employees of Curae Health, Inc. (Company) who have completed one month of service and are not PRN (as needed) employees, leased employees or the Chief Executive Officer of Strategic Healthcare Resources, LLC. Effective September 15, 2017, employees of Strategic Healthcare Resources, LLC who meet the eligibility requirements are allowed to enter the Plan. PRN employees hired prior to August 1, 2016, are also allowed to participate in the Plan. Participation in the Plan is strictly voluntary, and employees can elect to participate on the first day of the month following satisfaction of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan was amended effective October 26, 2018 to cease Employer Matching. Participant contributions were also ceased with Plan termination effective November 30, 2018. See Note 7.

Prior to Plan Termination, participants contributed up to 50% of their pre-tax or Roth after-tax annual compensation, as defined in the Plan, up to the IRS Code Section 402(g) limit. Participants who had attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions. Participants also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan included an auto-enroll provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 2% of eligible compensation until changed by the participant. Participants directed the investment of their contributions into various investment options offered by the Plan. Participants changed the investment options previously elected at any time.

The Company made matching contributions equal to 25% of the participant's contributions up to 6% of the participant's compensation. Participants were eligible to begin receiving matching contributions at the same time they were eligible for participation in the Plan. The Company also made discretionary profit sharing contributions.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - As a result of the decision to terminate the Plan during 2018, all participants became fully vested in their account balances effective November 30, 2018. See Note 7.

Prior to Plan Termination, participants vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts was based on years of continuous service in which participants completed 1,000 hours of service. A participant became 100% vested after 2 years of credited service.

See Independent Auditor's Report.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants – The Plan allowed participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The Plan Administrator determined that the loan interest rate would be the prime rate (as quoted in the Wall Street Journal on the day the loan is requested) plus 1%. This interest rate was reexamined periodically by the Plan Administrator. The interest rate was to be comparable to the current interest rates charged by financial institutions for similar loans. The loans were required to bear interest and to be repaid over a period not exceeding five years, except a loan for the purchase of a participant's residence were repaid over a period not exceeding ten years. Principal and interest were paid regularly through payroll deductions. There were no loan originations in 2019 due to Plan Termination. See Note 7.

Payment of Benefits - As a result of the amendment to terminate the Plan, effective November 30, 2018, total vested benefit amounts in excess of \$200 (without limit) were distributed without the participant's written consent pursuant to the Plan's mandatory distribution provisions. Distributions pursuant to the Plan termination were paid at the participants' election by (a) lump sum cash distribution; (b) rollover distribution to an eligible retirement plan; or (c) rollover into a personal IRA account. Distributions of the participant's accrued benefits were made as facilities were sold throughout 2019. Also, as a result of the Plan Termination, \$332,000 was transferred to the Pension Benefit Guaranty Corporation (PBGC) Missing Participant Program to transfer mandatory distributions in lieu of direct rollover to an Individual Retirement Account or Individual Retirement Annuity for former participants that were unable to be found. See Note 7.

Prior to Plan Termination, if the participant's vested benefit in the Plan did not exceed \$5,000 at the time of termination of employment, the participant's benefit was distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeded \$5,000 at the time of termination of employment, the participant could elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants could also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

Forfeited Accounts - At October 31, 2019 and December 31, 2018, forfeited nonvested accounts totaled \$0 and \$1,515, respectively. In 2019, administrative expenses were reduced by \$1,515 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - Due to the decision to terminate the Plan during 2018, management determined that liquidation of the Plan is imminent and the financial statements for 2019 and 2018 have been prepared using the liquidation basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - There were no investments remaining in the Plan as of October 31, 2019.

All investments in the 2018 Statement of Net Assets Available for Benefits are reported at liquidation value. For all investments, except the benefit-responsive investment, fair value approximates the amount the Plan expects to collect at liquidation. For the benefit-responsive investment, contract value approximates the amount the Plan expects to collect at liquidation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the period.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of October 31, 2019 or December 31, 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement. With Plan Termination, notes receivables from participants were either 1) transferred to the participant's new plan, if permitted by the plan, or 2) settled through repayment or declaration of income by the participant.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through February 19, 2020, the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018. There are no investments remaining as of October 31, 2019.

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
As of December 31, 2018				
Mutual Funds	\$ 13,814,415	\$ 0	\$ 0	\$ 13,814,415

NOTE 4 - STABLE GOVERNMENT FUND

The Plan invests in a collective investment trust of fully benefit-responsive investment contracts held in the Columbia Trust Stable Government Fund (Stable Government Fund). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Trustee. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. Upon termination of the Plan in 2018, the Put fee related to the Columbia Trust Stable Government Fund was waived.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan Administrator has obtained certification from Charles Schwab Bank, the custodian, that the information in the accompanying financial statements, with respect to investments and investment activity is complete and accurate as of October 31, 2019 and December 31, 2018 and for the ten-month period ended October 31, 2019. The information certified by Charles Schwab Bank is presented based on their certifications.

	2019	2018
Investments at Fair Value	\$ 0	\$ 13,814,415
Investments at Contract Value	0	1,067,308
Investment Income (Loss)	530,444	N/A

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab Bank provides services to the Plan as the custodian, therefore, these investments and transactions qualify as party-in-interest transactions. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 7 - PLAN TERMINATION

In March and May 2018, the Plan Sponsor sold two of their facilities. In August 2018, the Company filed for bankruptcy. On October 18, 2018, the Board of Directors of Curae Health, Inc. voted to terminate the Plan effective November 30, 2018. As a result, management determined liquidation was imminent as of this date. Final corrective contributions were deposited on December 11, 2018. As a result, all of the participants of the Plan became fully vested in their accounts. The participants were given the right to withdraw their account balances or roll them over to another plan. In November and December 2018, the Plan Sponsor sold three more of its facilities.

In March 2019, the Plan Sponsor sold the final facility. The final distributions from the plan were made on October 28, 2019. There was no Plan activity after October 31, 2019.

NOTE 8 - TAX STATUS

The Plan Sponsor adopted a volume-submitter plan sponsored by Sungard Business Systems LLC. The Plan received its latest opinion letter on March 31, 2014. Although the Plan has not applied for its own opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement dates.

GAAP requires Plan Management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities could occur and that such changes could materially affect participants' account balances.
