NOTES TO FINANCIAL STATEMENTS

NeuroCare Center, Inc. 401(k) Profit Sharing Plan and Trust

1 Description of Plan

The following description of the NeuroCare Center, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of NeuroCare Center, Inc. (the “Company”) who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated on January 1, 2015.

Eligibility:

Eligible employees are able to participate in the Plan immediately upon meeting the age and service requirements. All employees of the Company who are age 21 and older and complete three months of service are eligible to participate in the Plan. To be eligible for the profit sharing contribution, employees must complete one year of service (1,000 hours) and be employed on the last day of the plan year.

Contributions:

Employee Deferral – Participants may elect a portion of their compensation (pre-tax or Roth), up to the maximum allowed by law, to be contributed to the Plan by the Company. Catch-up contributions are permitted in the Plan.

All eligible employees are automatically enrolled into the Plan after three months of service at 3%. Their deferral percentage will increase 1% automatically each year on January 1 up to 6%. Employees may opt out of this feature.

Employer Contributions - The Company makes safe harbor contributions to each eligible participant's account by matching a percentage of the Participant's elective deferral for the plan year. In 2015 and 2014, the Company elected safe harbor contributions equal to 100% of the first 1% and 50% of the next 5% of employee salary deferrals.

The Company may make profit sharing contributions. Such contributions, if any, shall be allocated to each participant in proportion to his or her compensation for the calendar year.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the plan agreement.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

1 Description of Plan, Continued

Participants' Accounts:

401(k) Accounts – Each participant's account is credited with the participant's elective contributions, employer safe harbor matching contributions, profit sharing contributions, earnings and losses thereon.

Vesting:

All participants are 100% vested in elective deferrals, safe harbor match, profit sharing, and rollover contributions made to the Plan.

Forfeitures:

Forfeited non-vested accounts were approximately \$0 and \$7 as of December 31, 2015 and 2014, respectively. Future employer contributions will be reduced by these amounts.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued interest.

The loans are secured by the balance in the participant's account and bear interest at rates established by Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 65; the Plan does not allow for early retirement. The Plan also provides for early payment of benefits after reaching age 59-1/2.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account.

Hardship Withdrawals:

The Plan does not allow for hardship withdrawals.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan or independent Brokerage Accounts.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments held in the Plan are stated at fair value. Mutual funds, self-directed accounts and common collective trusts are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Plan or NeuroCare Center, Inc.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investment include investments with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through February 24, 2020, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices. These are classified in the Level 1 category of the valuation hierarchy.

Common Collective Trust:

The fair value of the common collective trust is based on the underlying fair value of the underlying investments (investment contracts). The underlying investments are valued at fair value based on commercial quotation services. The fair value is allocated among the contract holders based on a unit value. There are no unfunded commitments for the common collective trust and participant can transact with the funds daily. Withdrawals from the fund shall be made within 30 days of written notice. This is classified as Level 2 in the valuation hierarchy.

Self-Directed Account Funds

Included in the self-directed account funds are multiple classes of investments. Mutual funds and common stock values are based on quoted market prices and are classified as Level 1. Corporate and government bond values are based on a value which takes into account their rating, maturity, and coupon and are classified as Level 2.

4 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

5 Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and investments in self-directed brokerage accounts that are managed by parties-in-interest to the Plan. Usual and customary fees were paid by the investments for investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.
