Notes to Financial Statements

1. Description of the Plan

The following description of the Rance King Properties, Inc. dba RK Properties 401(k) P/S Plan (the Plan) provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established on December 1, 1999 as a defined contribution plan. The Plan covers all eligible employees of Rance King Properties, Inc. (the Company) and subsidiaries who have completed at least six months of service and are twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions
Participants may contribute up to 90% of pre-tax annual compensation and may elect to designate all or any portion of their elective deferral contributions as Roth elective deferral contributions, subject to the annual limitation established by the Internal Revenue Service, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Plan allows participants to make rollover contributions from a qualified plan. Such contributions are 100% vested and non-forfeitable.

Forfeitures
Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2018, and 2017, forfeited non-vested accounts totaled $19,664 and $9,900, respectively.

Participant Accounts
All investments are directed by plan participants. Upon enrollment in the Plan, a participant directs contributions in any of the available investment options. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer discretionary matching contributions and an allocation of the employer's discretionary profit sharing contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account plus actual earnings thereon is based on years of continuous service as follows: 0% vested for the first two years of service, then 20% vesting per year until the participant is 100% vested after six years of service.

1. Description of the Plan (Continued)

Payment of Benefits
Participants are eligible to receive the vested portion of benefits upon termination of employment, death, disability, retirement or Plan termination. If a participant's balance does not exceed $5,000, the vested benefit will be distributed as a single lump-sum payment. If a participant's balance exceeds $5,000, the vested benefit can be distributed as a single lump-sum payment or as partial withdrawals of at least $1,000. The distribution(s) shall be made to the participant or beneficiary in accordance with the election of the participant. Distributions may also be made for hardship withdrawals, which are authorized by the Plan Administrator and conform to the "deemed hardship" standards set forth in Treasury Regulation Section 1.401(k)(d)(2). Such hardship distributions are subject to certain limitations.

Notes Receivable from Participants
Participants may borrow from their fund accounts up to a maximum of the lower of 50% of their vested account balance or $50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the notes receivable from participant's fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates ranged from 4.75% to 5.50% at December 31, 2018. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting and have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The Plan administrator uses estimates and assumptions in preparing the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported changes in net assets. Actual results could vary from the estimates that were used.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis.

Valuation of Investments and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurement.

2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis of accounting. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
Investments are exposed to various risks, such as interest rate, market fluctuation and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances, the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Plan Expenses
The Company sponsors the Plan. Personnel within the Company perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. All other Plan expenses are paid by the Company and excluded from these financial statements. investment-related expenses are included in net change in fair value of investments

Payment of Benefits
Benefits are recorded when paid.

3. Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments reflected on the schedule of assets (held at the end of the year)

4. Income Tax Status

The Internal Revenue Service has determined and informed the Plan by letter dated July 8, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

5. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance.

6. Fair Value Measurement

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement and Disclosures* ("ASC Topic 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). ASC Topic 820 does not require any new fair value measurements. The three levels of the fair value hierarchy under ASC Topic 820 and a description of the valuation methodologies used for assets measured at fair value are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other Market participants, the use of different

6. Fair Value Measurement (Continued)

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,895,925	$ -	$ -	$ 1,895,925
Total	$ 1,895,925	$ -	$ -	$ 1,895,925

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,771,366	$ -	$ -	$ 1,771,366
Total	$ 1,771,366	$ -	$ -	$ 1,771,366

7. Party-in-Interest Transactions

Certain Plan investments are mutual funds managed by Reliance Trust. Reliance Trust is the trustee of the Plan and, therefore, these transactions qualify as party-in interest transactions as defined by ERISA. Any transactions involving these investments are on the open market at fair value or contract value, as outlined in Note 2.

Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in interest transactions under ERISA.

8. Subsequent Events

The Plan has evaluated subsequent events from the date of the Statements of Net Assets Available for Benefits through October 14, 2019, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.
