Report of Independent Auditors

The Participants and Plan Administrator
Hamot Health Foundation Employee Tax Deferred Savings Plan

We were engaged to audit the accompanying financial statements of the Hamot Health Foundation Employee Tax Deferred Savings Plan, which comprise the statements of net assets available for benefits as of June 30, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended June 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matters described in the Basis for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of June 30, 2019 and 2018, and for the year ended June 30, 2019, stating that the investment information provided to the plan administrator is complete and accurate.

Additionally, the Hamot Health Foundation Employee Tax Deferred Savings Plan has not maintained sufficient accounting records and supporting documents relating to annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009.

Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of June 30, 2019, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we do not express an opinion on the supplemental schedule referred to above.

Hamot Health Foundation Employee Tax Deferred Savings Plan

Notes to Financial Statements

June 30, 2019

1. Description of the Plan

The following description of the Hamot Health Foundation Employee Tax Deferred Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) covering all non-student employees of Hamot Health Foundation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2011, the Company and the University of Pittsburgh Medical Center (UPMC) completed an affiliation between the organizations. Effective December 31, 2011, the Plan was amended to discontinue contributions, prohibit participants from taking loans against their accounts, and discontinue entrance of any new participants to the Plan. Participants continue to have access to their accounts, continue to receive earnings on their investments, and continue to earn vested service. Effective January 1, 2012, all participant and employer contributions are made to a separate UPMC-sponsored plan.

Contributions

Prior to December 31, 2011, each year, participants could contribute up to 100% of pretax annual compensation, as defined by the Plan, up to the maximum limits of the IRC. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans. Participants who had attained age 21 and completed one year of service, as defined by the Plan, were eligible to receive a discretionary nonelective company contribution based on years of service and eligible compensation.

Participants directed their contributions, and those made on their behalf, into various investment options offered by the Plan and can change their investment options on a daily basis.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Effective after the plan freeze at December 31, 2011, each participant's account is credited with allocations of plan earnings and charged with an allocation of administrative expenses. Additionally, any forfeitures remaining after the Plan pays administrative expenses are allocated to participant accounts. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in any participant rollovers. Vesting in the discretionary nonelective company contribution portion of their accounts was based on years of credited service. Participants became 20% vested after two years of service, which increased by 20% per year of additional service until participants were fully vested after six years of service.

Transfers

The Plan permits participants to elect a plan-to-plan transfer to the UPMC 401(a) Retirement Savings Plan and/or UPMC 403(b) Retirement Savings Plan.

Notes Receivable From Participants

Prior to December 31, 2011, participants could borrow from their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through biweekly payroll deductions. Loan terms range from one to five years or greater for the purchase of a primary residence. Notes receivable are stated at their unpaid principal balance plus accrued unpaid interest.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum distribution or a joint and survivor annuity equal to the value of the participant's vested account.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments (except for fully benefit-responsive investment contracts) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of June 30, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (continued)

Administration of Plan Assets

The Plan's assets are administered under contracts with Massachusetts Mutual Life Insurance Company (Mass Mutual), Reliance Trust Company, Brighthouse Life Insurance Company (Brighthouse), Voya Retirement Insurance and Annuity Company (Voya), and Mutual of America Life Insurance Company, the custodians of the Plan. The custodians invest funds received from investment sales, interest, and dividend income and make distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by the Company.

New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. ASU 2018-09 is effective for non-issuer entities for fiscal years beginning after December 15, 2019. Early application is permitted. Management is currently evaluating the effect that the provision of ASU 2018-09 will have on the Plan's financial statements.

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, *Fair Value Measurement (ASC 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for annual reporting periods beginning after December 15, 2019, with early adoption permitted. Management is currently evaluating the effect that the provision of ASU 2018-13 will have on the Plan's financial statements.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measure in its entirety.

3. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value.

Money market and mutual funds are valued at the quoted net asset value of shares held by the Plan at year-end.

Guaranteed annuity contracts are valued at fair value based on terms specified in the contracts. The contracts are credited with declared rates of interest and are subject to a minimum rate described in the contract (contracts held by the Plan have minimum rates of 3.5% and 4.0%). The credited rate is communicated to the Plan and credited daily. The contracts provide a surrender fee (ranging from 1% to 7%) for certain amounts withdrawn from any participant contributions to the Plan that were held less than a stated period of time as stated in the contract. At June 30, 2019 and 2018, the fair value of these contracts approximated contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Since the investment is not available for sale or transfer on any securities exchange, transactions in similar investment instruments are not observable. In determining the reasonableness of the fair value, the UPMC Hamot Retirement Committee evaluates a variety of factors, including review of the contract terms, the guaranteed rate of return, economic conditions, and industry and market developments.

Pooled separate accounts invest directly in designated mutual funds or, in some cases, collective investment trusts. The pooled separate account owns and holds the underlying mutual fund or collective trust shares, which are valued daily at their net asset values (NAV). The Plan holds “units of participation” in the pooled separate account. The “accumulation unit value” (AUV) is the value of each unit in the pooled separate account and the pooled separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of the shares of the underlying fund. There are no unfunded commitments or redemption notice periods applicable to participants at June 30, 2019 and 2018.

Variable annuities are valued at fair value based on the net asset value or price per share as of the end of the year. Participants’ distributions will be charged a 5% surrender fee for amounts withdrawn from any participant contributions to the Plan that were held for less than six years in the Plan. There are no unfunded commitments or redemption notice periods applicable to participants at June 30, 2019 and 2018.

3. Fair Value Measurements (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair value and the significant unobservable inputs and the ranges of values for those inputs.

	Investment (by General Type)	Fair Value	Valuation Techniques	Significant Unobservable Inputs	Range
June 30, 2019	Guaranteed Annuity Contracts	\$3,452,019	Valued based on terms of the contract	Deposit credit rates	3.5%–4.0%
June 30, 2018	Guaranteed Annuity Contracts	\$3,229,422	Valued based on terms of the contract	Deposit credit rates	3.5%–4.0%

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended June 30, 2019:

	Guaranteed Annuity Contracts – Non-Fully Benefit Responsive
Beginning balance	\$ 3,229,422
Realized gains	209,053
Purchases	337,114

4. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held, fully benefit-responsive investment contract, and notes receivable from participants at June 30, 2019 and 2018, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended June 30, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Mass Mutual, Brighthouse, Mutual of America Life Insurance Company, Reliance Trust Company, and Voya, the custodians of the Plan.

5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Mass Mutual, which is reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contract represents contributions plus earnings, less participant withdrawals, and administrative expenses.

Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and cannot be less than 1%. Such interest rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value and may result in a deferral of the payment at contract value for up to 12 months. Such events include, but may not be limited to, a participant termination of employment due to the following: (1) removal of a group of participants from plan coverage as a result of temporary absence, change in position, or other occurrence qualifying as a temporary break in service under the Plan; (2) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common

5. Fully Benefit-Responsive Investment Contract (continued)

control with the employer; (3) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the plan sponsor's business; (4) removal from the Plan of one or more groups or classifications of participants; (5) partial or complete plan termination; or (6) plan disqualification. The plan administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with the issuer or with participants is probable.

6. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by the custodians, and therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan holds notes receivable from participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants' rights to their accrued benefits are nonforfeitable and the benefit will be paid to the participants in accordance with the terms of the plan document. The plan amendment described in Note 1 does not constitute a termination of the Plan.

8. Tax Status

The underlying volume submitter specimen plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2017, stating that the written form of the underlying specimen plan is qualified under Section 403(b) of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the Code and, therefore, the related custodial accounts and tax-deferred annuities are tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt.

Notes to Financial Statements (continued)

8. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through April 2, 2020, the date the financial statements were available to be issued.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are subject to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
