Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Defiance Metal Products Company 401(k) Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of June 5, 2019 and September 30, 2018, and the related statements of changes in net assets available for benefits for the period from October 1, 2018 through June 5, 2019 and the year ended September 30, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee held the Plan's investment assets and executed investment transactions. The Plan

administrator has obtained certifications from the Trustee as of June 5, 2019 and September 30, 2018, for the period from October 1, 2018 through June 5, 2019, and for the year ended September 30, 2018, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Notes 1 and 2 to the financial statements, the Board of Directors of Defiance Metal Products Company, the Plan's sponsor, voted to terminate the Plan effective December 13, 2018. As a result, the Plan has changed its basis of accounting from the ongoing concern basis used in presenting the September 30, 2018 financial statements to the liquidation basis used in presenting the June 5, 2019 financial statements. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the period ended June 5, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DEFIANCE METAL PRODUCTS COMPANY
401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
Period from October 1, 2018 through June 5, 2019
and Year Ended September 30, 2018

Note 1 – Description of Plan

The following description of the Defiance Metal Products Company 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for complete information about the Plan.

General

The Plan, as amended and restated effective October 1, 2017, is a defined contribution plan covering eligible employees, as defined in the Plan document, of Defiance Metal Products Company and related employers (the Company and Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination

In conjunction with Mayville Engineering Company's purchase of Defiance Metal Products Company, the Defiance Metal Products Company 401(k) Plan and Trust was terminated effective December 13, 2018, and all participant account balances not previously forfeited in accordance with the terms of the Plan became 100% vested.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions (as applicable), a portion of administrative expenses (as applicable), and an allocation of Plan earnings and losses. The allocation of Plan earnings and losses are based on each participant's account balance and the participant's investment choices, as defined in the Plan document.

The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account. Participants direct the investment of their account balances into the investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms of the loan are specified within the individual promissory note, in accordance with the Plan document. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest not to exceed the maximum rate permitted by law. Principal and interest are paid through payroll deductions.

NOTES TO FINANCIAL STATEMENTS
Period from October 1, 2018 through June 5, 2019
and Year Ended September 30, 2018

Note 1 – Description of Plan (continued)

Contributions

Participants may elect to defer up to 100% of compensation, as defined in the Plan document. Unless electing otherwise, newly eligible employees will be auto enrolled at an initial pre-tax contribution of 3% and increase by 1% each year after up to 10%, as further defined in the Plan document. Participant deferrals may not exceed the maximum allowable contribution under applicable laws. The Company may make discretionary matching and profit sharing contributions at the option of the Company's Board of Directors. The amount of additional contributions, if any, is at the sole discretion of the Company.

Payment of Benefits

Benefits are payable in the form of a lump sum payment.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce employer contributions or used to pay administrative expenses. Unallocated forfeitures at June 5, 2019 and September 30, 2018 were \$0 and \$77,052, respectively. Forfeitures totaling \$65,218 and \$1,154 were used to fund employer contributions in 2019 and 2018, respectively.

Administrative Expenses

Administrative costs, as rendered by parties-in-interest, are paid by the Company or by the Plan.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the liquidation basis of accounting. The change to this basis of accounting, which occurred during the period ended June 5, 2019, the period in which the termination occurred, did not result in a change in the net assets available for benefits. Benefit payments to participants are recorded upon distribution.

Note 2 – Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In contrast, contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There have been no changes in the valuation methods used. The Plan's investments were held by Principal Trust Company, the Trustee of the Plan.

Units held in pooled separate accounts are valued at net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less any liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at net asset value.

The Principal Fixed Income Guaranteed Option is a guaranteed interest contract valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recorded when the Company makes payroll deductions from Plan participants' gross pay. The Company contributions are accrued in the period in which they become obligations.

Period from October 1, 2018 through June 5, 2019
and Year Ended September 30, 2018

Note 2 – Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at June 5, 2019 and September 30, 2018, net appreciation (depreciation) of investments, interest and dividends for the period and year then ended (respectively), were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

Note 4 – Guaranteed Interest Contract

At September 30, 2018, the Plan held a traditional guaranteed interest contract that met the fully-benefit responsive criteria, and therefore was reported at contract value. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without adjustment. The guaranteed interest contract permits the issuer or the Plan to terminate the agreement prior to the scheduled maturity date as a result of specific occurrences as defined in the contract.

Note 5 – Fair Value Measurement

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As a result of the plan termination, there are no assets in the Plan as of June 5, 2019.

The following table sets forth by level within the fair value hierarchy the Plan's investments at fair value, as of September 30, 2018. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investments at Fair Value as of September 30, 2018	
	Level 1	Total
Mutual funds	\$ 18,186,217	\$ 18,186,217
Total investments measured at NAV as the practical expedient	-	3,105,168
Total investments at fair value	<u>\$ 18,186,217</u>	<u>\$ 21,291,385</u>

Note 6 – Differences between Financial Statements and Form 5500

At June 5, 2019, the net assets available for benefits per the financial statements equal the Form 5500. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the year ended September 30, 2018.

Net change in defaulted participant loans	<u>197,980</u>

Note 7 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2014 that the Prototype Non-Standardized Profit Sharing Plan with CODA (the prototype plan of the Trustee upon which the Plan is based) qualifies under Section 401 of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. Subsequent to this ruling the Plan was amended. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
