## Independent Auditor's Report

The Americas Benefits Administration Committee  
SSI Services, Inc. Custodial Retirement Plan  
Los Angeles, CA

### Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SSI Services, Inc. Custodial Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2019 and December 31, 2018, and the related statements of changes in net assets available for benefits for the period ended January 1, 2019 through June 30, 2019 and for the year ended December 31, 2018, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, (ERISA) the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Capital Bank and Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of June 30, 2019 and December 31, 2018 and for the period January 1, 2019 through June 30, 2019 and the year ended December 31, 2019, that the information provided to the Plan administrator by the Trustee is complete and accurate.

**Disclaimer of Opinion**

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**SSI SERVICES, INC.**  
**CUSTODIAL RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**1. DESCRIPTION OF THE PLAN**

The following description of the SSI Services, Inc. Custodial Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and the Summary Plan Description for more complete information.

**General:** The Plan is a frozen defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). On October 30, 2009, SSI Services, Inc. was acquired by AECOM, which adopted the Plan in its entirety. Prior to the Plan Freeze Date (January 1, 2013), the Plan covered specified employees of SSI Services, Inc. and AECOM (collectively, the “Company”). After the Plan Freeze Date, no new participants were allowed into the Plan and participant and Company contributions to the Plan are no longer permitted. Participants eligible to participate prior to the Plan Freeze Date continue to vest under the normal vesting schedule disclosed below.

On June 30, 2019, the Plan was merged into the AECOM Contract Employee 401(k) Plan (the “CE Plan”), a retirement savings plan sponsored by the Company. Approximately \$2.2 million of Plan assets were transferred into the CE Plan in conjunction with the merger.

**Participant accounts:** A separate account was maintained for each Plan participant. Participant accounts included voluntary contributions, Company-match contributions, and an allocation of investment earnings. The benefit to which a participant was entitled at any given time was 100 percent of their contribution, their vested portion of the Company contributions, and any earnings (losses) attributable to these contributions.

**Participant contributions:** Each participant's account was credited with the participant's contributions and the Company's contributions to the Plan. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. The Plan allowed employees who had retirement accounts with a previous employer to directly transfer or rollover the previous account balance to the Plan even if the employee was not a participant in the Plan. Any rollover amounts were immediately fully vested.

**Company contributions:** Prior to the Plan Freeze Date, the Company made a contribution to the Plan on the behalf of the eligible Plan participants. The amount of the Company's contribution was \$0.75 per hour worked after an employee received their TS/SCI security clearance. After four years of service, the Company would contribute \$1.25 per hour worked; after six years of service, participants would receive \$1.75 per hour worked and after ten years of service, participants would receive \$2.75 per hour worked.

**Investment options:** Participants could direct contributions, including the Company contributions, in one percent increments into a variety of diversified investment fund options allowed by the Plan. Participants could change their investment options at any time.

**Vesting:** Participants were vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of service. Participants vested 20 percent after 2 years of service and vested an additional 20 percent per year thereafter and reached 100 percent vesting after six years of service. Participants also became 100 percent vested at their normal retirement age of 65 years old, if an active employee of the Company. Participants that were not 100 percent vested at the time the Plan was merged into the CE Plan will continue to vest in the Company's contribution based on years of service.

**Payment of benefits:** Employees were eligible to receive a distribution of their vested account balance within a reasonable period after the anniversary date in which they incurred a one year break in service following their resignation or discharge. Any terminated employee with a balance of \$1,000 or less was automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 could be automatically paid out if their balance was rolled into a qualified Individual Retirement Account. The Plan allowed a payment in the event of a disability if the participant met the requirements of the Social Security Administration and was receiving Social Security benefits. The disability benefit under the Plan was payable only upon the termination of employment by a participant as a result of total disability occurring prior to January 1, 2013.

**Forfeitures:** Forfeitures of non-vested Company contributions could be used to pay administrative expenses or allocated to participant account balances upon forfeiture by prior Plan participants. The balance of unallocated forfeitures at December 31, 2018 was \$1,666. During the year ended December 31, 2018, forfeitures used by the Company to reduce Plan expenses totaled \$5,581. At June 30, 2019, the balance of the unallocated forfeitures of approximately \$5,289 was transferred to the CE Plan in conjunction with the merger.

**Plan termination:** Although it has not expressed any intent to do so, the Plan gives the Company the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their accounts. On June 30, 2019, the Plan was merged into the CE Plan, and the net assets in the Plan were transferred to the CE Plan in conjunction with the merger.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of accounting:** The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Valuation of investments:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for a description of fair value measurements under the Accounting Standards Codification ("ASC") 820.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

**Payment of benefits:** Benefit payments to participants are recorded upon distribution.

**Administrative expenses:** The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation

(depreciation) of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

### 3. INVESTMENTS

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used when Level 1 or Level 2 inputs are not available.

The three levels of the fair value hierarchy under ASC 820 are described as follows:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|---------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• Inputs other than quoted prices that are observable for the asset or liability;</li><li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the hierarchy. There have been no changes in methodology.

Mutual funds – A mutual fund is an investment company registered under the Investment Company Act of 1940 that pools the capital of many investors and invests it in stocks, bonds, short-term money market instruments and/or other securities. These investments are public investment vehicles valued at the closing price reported in the active market in which the investments are traded. These investments are classified within Level 1 of the valuation hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net

realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

|                                       | Quoted Prices<br>in Active<br>Markets<br>(Level 1) | Significant Other<br>Observable<br>Inputs<br>(Level 2) | Significant<br>Unobservable<br>Inputs<br>(Level 3) | Fair Value   |

## 5. TAX STATUS

The Plan uses a pre-approved plan document sponsored by Siegel Actuarial Consulting, Inc., which received an opinion letter from the Internal Revenue Service (the "IRS"), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (the "Code"). The Plan itself has not received a determination letter from the IRS; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

## 6. INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no audit procedures were performed with respect to the information certified as complete and accurate by Capital Bank and Trust Company, the Trustee, as of June 30, 2019 and December 31, 2018.

The Plan Trustee has certified its statement of accounts as of June 30, 2019 and December 31, 2018, and for the period and year then ended, respectively. The statement of accounts includes beginning and ending balances of investments held, and detail of all transactions during the period, including investment earnings.

## 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

AECOM charges the Plan for certain administrative labor costs. The total cost of administrative labor charged to the Plan by AECOM during the period January 1 through June 30, 2019 and the year ended December 31, 2018, was approximately \$0 and \$5,385. AECOM is the Plan sponsor as defined by the Plan, and therefore; these transactions qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. These transactions qualify as party-in-interest transactions.

These party-in-interest transactions qualify for prohibited transaction exemptions.
