INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Constellation School Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended June 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of June 30, 2019 and 2018, and for the year ended June 30, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules as outlined on the Table of Contents, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CONSTELLATION SCHOOL RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 1 – Plan Description

The following summary description of the Constellation School Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) retirement plan which was formed for the purpose of providing supplemental retirement benefits to employees of Constellation Schools and other related participating schools (collectively, the Sponsor). As of June 30, 2019, the following related schools have also adopted the Plan: Elyria Community Elementary School, Lorain Community Middle School, Lorain Community Elementary School, Mansfield Community Elementary School, Madison Community Elementary School, Old Brooklyn Community Elementary School, Old Brooklyn Community Middle School, Parma Community School, Puritas Community Middle School, Puritas Community Elementary School, Stockyard Community Elementary School, Westside Community School of the Arts, West Park Community Middle School, West Park Community Elementary School, Mansfield Visual & Performing Arts School, Outreach Academy for Students with Disabilities, Stockyard Middle School, and Eastside Arts Academy. Effective October 30, 2018, the Collinwood Elementary School ceased its participation in the Plan. Employees, who normally work more than 20 hours per week, are eligible to participate in the Plan on their date of hire, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Because the Sponsor is considered a 'qualified organization', as defined by the Internal Revenue Code (IRC), Plan provisions also allow participants who have completed at least 15 years of service with the Sponsor to make qualified organization catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions). There are no provisions for Sponsor contributions under the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CONSTELLATION SCHOOL RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 1 – Plan Description (Continued)

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment option allocations at any time.

Vesting

Participants are immediately vested in their contributions, plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money as determined at inception by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in substantially equal installments if the participant is subject to required minimum distributions. An in-service distribution may be made upon attainment of age 59½ as defined by the Plan document. Distributions of a participant's 403(b) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

CONSTELLATION SCHOOL RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

The expense of auditing the Plan is paid by the Sponsor and is excluded from these financial statements. Expenses of maintaining the Plan, including participant recordkeeping, are paid by the Plan. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through March 13, 2020, the date the financial statements were available to be issued.

CONSTELLATION SCHOOL RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

Subsequent Events (Continued)

Effective February 5, 2020, the Plan was restated to adopt the Volume Submitter 403(b) Plan document sponsored by OneAmerica Financial Partners, Inc., which has obtained an opinion letter dated November 27, 2017, stating that the volume submitter document is in compliance with applicable requirements of the IRC. As part of this restatement, Mansfield Community Elementary School, Mansfield Visual & Performing Arts School, and Outreach Academy for Students with Disabilities ceased their participation in the Plan.

Note 3 – Information Prepared and Certified by American United Life Insurance Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at June 30, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, for the year ended June 30, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company, the custodian of the Plan.

Note 4 – Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at June 30, 2019 and 2018.

Pooled separate accounts: Valued at net asset value ("NAV") per unit based on quoted market prices of the underlying investments. The NAV, as provided by the custodian, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of underlying investments held by the account less its liabilities. This practical expedient was not used when it was determined to be probable that the Plan would sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at June 30, 2019:

<u>Description</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Investments Measured using NAV as a Practical Expedient ^(a)				
Pooled separate accounts				\$ 418,143
Investments at fair value				<u>\$ 418,143</u>

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at June 30, 2018:

<u>Description</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Investments Measured using NAV as a Practical Expedient ^(a)				
Pooled separate accounts				\$ 374,165
Investments at fair value				<u>\$ 374,165</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan did not hold any Level 3 assets during the plan year ended June 30, 2019.

(a) This category includes funds that seek to achieve its objective through a mix of current income and capital appreciation as determined by the fund's investment subadviser. It invests, under normal circumstances, at least 80% of the fund's investable assets in bonds. For purposes of this policy, bonds include all fixed-income securities, other than preferred stock, with a maturity at date of issue of greater than one year. The fund may invest up to 30% of its investable assets in high risk, below investment grade securities having a rating of not lower than CCC. It may invest up to 30% of its investable assets in foreign debt.

(b) This category includes funds that pursues its investment objective by investing primarily in a diversified portfolio of noninvestment-grade, fixed income securities of domestic and foreign corporations (also known as "junk bonds") including loan instruments. The fund's investment adviser ("Adviser") selects securities that the Advisor believes have attractive risk-return characteristics. The Adviser's securities selection process includes an analysis of the issuer's financial condition, business and product strength, competitive position and management expertise.

(c) This category includes funds that seek to provide growth of capital primarily through investments in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital. Current income is a secondary consideration. Shares are represented by large, financially established "blue chip" companies with a market cap of over \$10 billion. Risk and return are typically moderate to high.

(d) This category includes funds that seeks long-term capital growth by investing primarily in common stocks of small companies. Under normal market conditions, the fund will invest at least 80% of its net assets in stocks of smaller-capitalization U.S. companies. The portfolio managers consider small companies to be those that, at the time of investment, have a market capitalization not greater than that of the largest company in the Russell 2000® Index.

(e) This category includes funds that seeks capital growth. The fund invests primarily in securities of companies located in at least three developed countries world-wide (excluding the United States). Under normal market conditions, the fund's portfolio managers seek securities of companies whose earnings, revenues or key business fundamentals are not only growing, but growing at an accelerating pace.

(f) This category includes funds that seeks the highest total return consistent with its asset mix. The fund is a "fund of funds," meaning that it seeks to achieve its objective by investing in other mutual funds (the underlying funds) that represent a variety of asset classes and investment styles. The target date in the fund name refers to the approximate year an investor plans to retire and likely would stop making new investments in the fund.

CONSTELLATION SCHOOL RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 5 – Guaranteed Annuity Contract with Insurance Company

The Plan has entered into a fully benefit-responsive annuity contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed annuity contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive annuity contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. Furthermore, certain events allow the issuer to terminate the contract with the plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a material amendment to the agreement without the consent of the issuer, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 6 – Related Party and Party-in Interest Transactions

Certain Plan investments are managed by AUL. The Plan also paid recordkeeping fees to OneAmerica (an entity affiliated with the custodian). Therefore, such investments and related administrative expenses qualify as party-in-interest transactions.

Additionally, the Plan holds party-in-interest receivables of \$2,177 and \$440 as of June 30, 2019 and 2018, respectively, in the form of participant loans.

CONSTELLATION SCHOOL RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Note 8 – Tax Status

The plan sponsor adopted a volume submitter 403(b) plan document sponsored by OneAmerica Financial Partners, Inc. (OneAmerica). Effective February 5, 2020, the Plan was amended and restated to adopt a new volume submitter 403(b) plan document sponsored by OneAmerica. The opinion letter received dated November 22, 2017, stated that the volume submitter 403(b) document was in compliance with applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of June 30, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.

As of June 30, 2019, the Plan held \$437,837 of investments in the form of pooled separate accounts and an investment contract with AUL, which was 100% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

A portion of the Plan's investments are recorded as pooled separate accounts on the financial statements but are recorded on the line for value of interest in registered investment companies on the Form 5500. Since AUL does not report their separate accounts directly as a Direct Filing Entity, the Plan cannot categorize the assets as pooled separate accounts for Form 5500 reporting. Because the separate accounts are fully invested in mutual funds, the investments are shown on that associated line of the Form 5500.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
