Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of June 30, 2019 and 2018, and for the year ended June 30, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A - PLAN DESCRIPTION

The following description of the "T" McGee Electric, Inc. Employees' 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a qualified retirement plan under Internal Revenue Code Section 401(k), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate when they have completed one year of service and are 21 years of age or older. "T" McGee Electric, Inc. (the "Employer") is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

2. Employee Contributions: Each participant may elect to have a portion of his or her total gross compensation withheld, up to a maximum of $19,000 in 2019. As of June 30, 2019, individuals age 50 or over, by the end of the plan year, are allowed to make an additional $6,000 contribution for the 2019 plan year. For plan years beginning after July 1, 2016, participants may contribute up to 100% of his or her total gross compensation subject to the maximum deferral allowed by IRS regulation.

3. Employer Contributions: The Employer may make a discretionary matching contribution equal to a uniform percentage of the participant's salary deferrals. The Employer may also make a discretionary profit sharing contribution allocated based on a percentage of a participant's compensation divided by total compensation of all participants eligible to share. Participants are eligible for profit sharing contributions if they are employed on the last day of the plan year. There were no employer contributions for the year ended June 30, 2019.

4. Participant Accounts: Each participant's account is credited with the participant's contributions, rollovers, allocation of Plan earnings or losses, and allocation of administrative expenses. Plan earnings on investments are allocated based on participant account balances, as defined. A Participant is entitled to the benefit that can be provided from their vested account.

5. Investment Options: Upon enrollment in the Plan, a Participant may direct participant and Employer contributions as desired, in any of a variety of options offered by Mass Mutual, the trustee, as provided by the Employer. Participants may change their investment options at any times.

6. Vesting: Participant contributions and rollovers are fully vested at all times. Vesting in the Employer matching and profit sharing contributions are defined in the Plan agreement as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - PLAN DESCRIPTION (Continued)

7. Notes Receivable from Participants: Loans to participants are secured by the participant's account. The minimum loan amount is $1,000 and may not exceed the lesser of 50% of the participant's account balance or $50,000 in the aggregate for any individual participant. Loan maturity is not to exceed five years, except in cases where loans are used to acquire or construct a participant's principal residence. In some cases, these loans may be extended up to a term of 20 years. Participants may have a maximum of one Plan loan outstanding at any one time. All loans bear interest at annual rates varying with the prime rate of the trustee on the date the loan is processed, currently prime plus 1%. At June 30, 2019, the rates of the loans outstanding ranged between 4.25% and 6.00%.

8. Payment of Benefits: At retirement, disability, or death, participants become 100% vested in all their accounts under the Plan. For termination of services for other reasons, participants may receive the value of the vested interest in their account as defined by the Plan.

9. Forfeitures: Forfeitures of terminated participants' non-vested accounts may first be used to pay any administrative expenses. Any remaining forfeitures attributable to amounts other than Employer matching contributions will be added to any Employer discretionary contributions. Any remaining forfeitures attributable to matching contributions will be used to reduce any Employer matching contributions. Outstanding forfeitures at June 30, 2019 and 2018 were not material.

10. Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Employer may determine.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review of Subsequent Events
Subsequent events were evaluated through March 31, 2020 which was the date the financial statements were available to be issued.

Use of Estimates
The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Related fees are charged directly to the borrowing participant's account. As of June 30, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, which is considered a good faith approximation of fair value.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative and Other Expenses
Certain administrative expenses incurred by the Employer and other service providers in performance of their duties are paid from the assets of the Plan. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly to the participant's account.

NOTE C – INVESTMENTS AND CERTIFICATION OF TRUSTEE

The trustee, Mass Mutual, has been granted discretionary authority to invest and reinvest the assets of the trust, subject to the investment discretion of the individual participants over the participant contributions.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103.-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the information certified by Mass Mutual, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan' financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by Mass Mutual, the trustee, in the accompanying Statements of Net Assets Available for Benefits were $5,739,629 and $5,648,159 as of June 30, 2019 and 2018, respectively.

Net investment income and interest on notes receivable, net of expenses, from participants are certified by Mass Mutual was $230,014 for the year ended June 30, 2019.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2019 and 2018:

	Assets at Fair Value as of June 30, 2019			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	5,703,818	-	-	5,703,818
Investments, at fair value	$ 5,703,818	$ -	$ -	$ 5,703,818

	Assets at Fair Value as of June 30, 2018			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	5,607,884	-	-	5,607,884
Investments, at fair value	$ 5,607,884	$ -	$ -	$ 5,607,884

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Mass Mutual. Mass Mutual is the trustee, plan administrator and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F - RISKS AND UNCERTAINTIES

Plan investments are subject to market fluctuations and interest rate changes that may materially affect their fair value. Certain investment options could include contracts with insurance companies and other financial institutions. These contracts could impose a contract penalty on withdrawals or exchanges from the fund caused by extraordinary events.

The Plan invests, through mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments.

NOTE G - TAX STATUS

The Employer adopted the "T" McGee Electric, Inc. Employees' 401(K) Savings Plan which received its opinion letter dated March 31, 2014. The Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan adminstrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes the Plan was qualified and the related trust is tax-exempt as of the financial statement date.

NOTE G - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of June 30, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities. However, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2016.

NOTE H – SUBSEQUENT EVENTS

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China, which has since spread to a number of other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, several states in the U.S., including California, where the Plan's Employer is located, have declared a state of emergency. COVID-19 could adversely affect the economies and financial markets of many countries, resulting in an economic downturn that could affect the Plan's investments. The impact of COVID-19 on the Plan's investments is highly uncertain and subject to change and the effects cannot be determined as of the date of these financial statements.
