Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of CDC Distributors, Inc. 401(k) Plan have been prepared on the accrual basis using accounting principles generally accepted in the United States of America.

Investment Valuation

Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held in the Plan at year end. Notes receivable from participants are valued at carrying value, which approximates market value.

Investments securities, in general, are exposed to various risk such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment transactions are accounted for on the trade-date basis (the date the order to buy or sell is executed). Dividends are recorded on the ex-dividend date. The cost of investments sold is computed on an average cost basis for all realized gains and losses.

Benefit Payments

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Expenses

Certain expenses and costs of the Plan were paid by the CDC Distributors, Inc. (the Plan sponsor) and accordingly, are not reflected in the Plan's financial statements. Certain investment related expenses are included in the net appreciation of fair value of investments.

Related Party Transactions

Certain Plan investments are investment contracts managed by Nationwide Trust Company. Nationwide Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Several employees of the CDC Distributors, Inc. (the "Company") provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services of the employees to the Plan.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Event Evaluation

In preparing its financial statements, the Company has evaluated events subsequent to the Statements of Net Assets Available for Benefits date through March 16, 2020, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of CDC Distributors, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of CDC Distributors, Inc. who are 18 years of age and have completed one year of service. An eligible employee may participate in the Plan as of the earlier of the first day of the Plan year or the first day of the fourth, seventh, and tenth month of such Plan year coinciding with or following the date such employee met the eligibility requirements of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may voluntarily make salary deferral contributions of their pre-tax compensation. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended ($18,500 at July 31, 2019). For 2019, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of $6,000. Participants designate the percentage of their total contribution to be invested in any of the Plan's investment funds. Participants may change the percentage of contributions invested in each account and may make transfers between accounts anytime during the year.

The Plan allows for the Company to make employer matching contributions. The Company makes a matching contribution in an amount equal to 100% of each participant's elected deferrals, up to a maximum amount of $25 per week. Effective October 1, 2018, the company amended the plan to increase the match up to $30 per week. The Company may also elect to make a discretionary contribution. Contributions are allocated pro-rata based on the employee's compensation as a percentage of total compensation. The Company did not elect to make a discretionary contribution in 2019 and 2018. Contributions are subject to certain limitations. Subsequent to year end, October 1, 2019, the company amended the plan to increase the match up to $40 per week.

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another qualified employee benefit plan to this Plan on a tax-free basis.

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and a pro-rata allocation of the Plan's earnings and expenses. The pro-rata allocation is based upon each participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants become immediately vested at the time of participation in the Plan in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions and Plan earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Forfeited Accounts

At July 31, 2019 and 2018, forfeited non-vested amounts totaled $484 and $0, respectively. For the years ended July 31, 2019 and 2018, $0 of forfeitures were used to reduce employer contributions.

Payment of Benefits

On termination of service due to retirement, disability, or termination of service due to other reasons, participant benefits shall be distributed either in the form of a single lump-sum amount equal to the value of the participant's vested interest in his or her account or have the amount rolled over into an IRA or another qualifying plan to avoid current taxation. On termination due to death, the beneficiary will receive a benefit equal to 100% of the participant's vested interest in his or her account which is distributed in a single lump-sum payment.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of his elective account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provision and existing laws and regulations.

Notes Receivable from Participants

Notes receivable from participants are available on amounts in the participant's account. The minimum note amount is $1,000 and the maximum note amount is the lesser of one-half of the participant's vested account balance or $50,000. The vested participant account balance will be used as collateral for any note receivable. All notes receivable shall bear a reasonable rate of interest as determined by the Plan administrator.

NOTE 3 FAIR VALUE MEASUREMENTS

Generally Accepted Accounting Principles (GAAP) provisions for Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP provisions for Fair Value Measurements are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability:
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Value at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2019:

Total assets	$ 4,586,024	$ 4,586,024	$ -	$ -

Assets Measured at Fair Value on a Recurring Basis

Total assets	$ 4,123,926	$ 4,123,926	$ -	$ -

NOTE 4 TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan qualifies under the applicable provisions of the Internal Revenue Code and therefore, is exempt from federal income taxes. The Plan has been amended and restated since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.
