GCS 401(K) Plan
Notes to Financial Statements
December 31, 2018 and 2017

Note 1 – Description of Plan

The following description of the GCS 401(K) Plan "the Plan" provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective July 1, 1998. The Plan was restated effective November 1, 2016 to incorporate recent law changes as required by the Pension Protection Act of 2006.

The Plan was most recently restated January 1, 2018 to incorporate an auto-enrollment provision.

The Plan covers all eligible employees upon date of hire that are 21 years of age (except there is no age requirement for employees who are part of a collective bargaining agreement). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, a participant may contribute up to the maximum amount allowed by law, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at two percent (2%) of eligible compensation and increased by one percent (1%) at the beginning of each plan year up to a maximum of six percent (6%).

The Employer makes a two percent (2%) discretionary contribution by pay period to each eligible employee (collective bargaining employees are excluded).

The Employer, at its discretion, may make an annual matching contribution in an amount determined by the Plan. The Employer matching contributions are determined at the beginning of each plan year.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants Accounts

Each participant's account is credited with the participant's contribution and the Employer's discretionary contribution, Employer's matching contributions, if applicable, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, employer discretionary and match contributions, rollovers, plus actual earnings on those contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $ 1,000. The maximum amount cannot exceed the lesser of fifty percent (50%) of the vested account balance or $ 50,000. A participant may only be issued one loan in any twelve-month period and only one loan may be outstanding at any one time.

The loans bear a reasonable rate of interest determined by the Plan Administrator and the rate is fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions or EFT from a checking account designated by the participant.

Payment of Benefits

Under the terms of the Plan agreement, participants are eligible for distributions upon retirement, disability, termination, death, or upon reaching the age which requires minimum distributions. Distributions are made as lump sum cash payments, periodic payments, or rollovers to other qualified plans.

In-Service distributions are permitted if the Participant has reached age 59 1/2.

The Plan allows hardship withdrawals in accordance with Internal Revenue Service regulations. Among other requirements, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes.

Forfeitures

Forfeitures of non-vested participant Plan benefits are used to reduce future employer contributions and/or to pay Plan expenses. There are no forfeitures in this plan due to one-hundred percent (100%) immediate vesting.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the GCS 401(k) Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions as required by the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants on April 26, 2019. (See Note 10)

Benefit Payments

Benefits are recorded as paid.

Plan Costs

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of distributions and certain administrative fees related to investments are charged directly to the participant's account and are included as administrative Plan expenses in the financial statements. Investment-related expenses are included in net appreciation (depreciation) of the fair value of investments.

The Plan paid a total of $ 8,500 and $ 7,545 in administrative expenses for 2018 and 2017, respectively, as reported on the statements of changes in net assets. These expenses are in addition to investment related expenses.

Revenue-sharing payments to other service providers (included in the above investment related expenses) amounted to $ 30,986 and $ 20,416 for 2018 and 2017, respectively. These fees, as mentioned above, are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through April 16, 2020, the date the financial statements were available to be used.

Prior to the release of this audit, the Plan Sponsor received a Notice of Intent to Assess a Penalty from the U.S. Department of Labor dated March 16, 2020, for non-filing of the 2018 Form 5500.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under **FASB ASC 820** are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities within active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017, respectively.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Self-directed brokerage account – These accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

- Collective investment trust funds "CIT**"** – Valued at the NAV of units of the fund, which is based on the estimated market value of the underlying investments less its liabilities.

- Pooled separate accounts "PSA" – Valued at the NAV of units of the fund, which is based on the estimated market value of the underlying investments less its liabilities.

The following table details the Plan's investments at fair value by level within the fair value hierarchy, as of December 31, 2018 and 2017.

2018

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 2,286,849	$ 2,286,849		
Self-directed brokerage	524,898	524,898		
Collective investment trusts [(a)]	11,542,217		-	-
Pooled separate accounts [(a)]	2,469,022			
Total	$ 16,822,986	$ 2,811,747	$ -	$ -

2017

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 1,970,428	$ 1,970,428		
Self-directed brokerage	498,275	498,275		
Collective investment trusts [(a)]	11,786,673		-	-
Pooled separate accounts [(a)]	1,678,319			
Total	$ 15,933,695	$ 2,468,703	$ -	$ -

[(a)] In accordance with FASB ASU Subtopic 820-10 certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The amounts presented in the fair value table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation in fair value of investments.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2018 Fair Value	2017 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective Investment Trust [(b)]	$ 11,542,217	$ 11,786,673	$ -	Daily	Daily
Pooled Separate Accounts [(b)]	$ 2,469,022	$ 1,678,319	$ -	Daily	Daily

[(b)] The underlying assets in the Pooled Separate Accounts and Collective Investment Trusts consist of mutual funds and exchange traded funds and are quoted in an active market. Additionally, since the applicable Collective Investment Trusts and Pooled Separate Accounts file a Form 5500 as a Direct Filing Entity "DFE", the investment strategies of the CIT's & PSA's are not disclosed.

Note 4 – Investment Contract with Insurance Company

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company (Principal) totaling $ 155,997 and $ 111,433 as of December 31, 2018 and 2017. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participant are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. An employer-level liquidation or employer-initiated transfer of the

plan's interest in the guaranteed investment contract will be subject to either a twelve-month irrevocable advance notice or a five percent (5%) surrender charge, whichever the employer chooses.

Note 5 – Information Certified by the Trustee

The Plan's administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to investment information and notes receivable from participants certified by Principal Trust Company, the Trustee of the Plan, which included all investments and notes receivable from participants as of December 31, 2018 and 2017, the total investment income for the year ended December 31, 2018 and 2017, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

Note 6 – Related-Party Transactions and Party-in-Interest Transactions

The known parties-in-interest that have provided services to the Plan for 2018 and 2017, respectively are as follows:

- The Plan Sponsor provides administrative services and absorbs administrative costs for the Plan.
- Principal Trust Company served as custodian and trustee of the Plan (holding the Plan's investment assets and executing transactions).
- Principal Life served as the recordkeeper of the Plan for 2018 and 2017, respectively.
- Calvin Martin & Company, PLLC was the Plan Auditor.
- The Plan had participant loans.

All of the above transactions are exempt party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 – Tax Status

The IRS has determined and the Plan has received a letter dated August 8 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Excess Contributions

ERISA and the Internal Revenue Code provide that plans cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive refunds in the year following the year of contributions made in that year in excess of the Code Section 401(k) limit and all earnings attributable to such contributions. For December 31, 2018 and 2017, excess contributions were $ 25,850 and $ 0, respectively.

Note 11 – Prohibited Transactions

Timely Remittance of Contributions
As of December 31, 2017, a notes receivable from participant totaling $ 365 were withheld from participants' wages during 2017, but through oversight were not remitted to the Plan within the time frame required by the Department of Labor under the Plan asset rules. This resulted in an estimated lost earnings calculation of $ 4, which has been recorded as a receivable. The Plan Sponsor has chosen to Self-Correct these errors under the (EPCRS) Employee Plans Compliance Resolution Program.

Enrollment Errors
Upon implementation of the two percent (2%) auto-enrollment feature beginning January 1, 2018, the Plan Sponsor did not enroll eligible employees timely. This failure resulted in a lost opportunity for participants who had elected to participate. The enrollment errors resulted in the employer being required to make a QNEC (Qualified Non-Elective Contribution) of fifty percent (50%) of the deferral amount totaling $ 5,247 with lost earnings of $1,213 both of which have been recorded as receivables. The Plan Sponsor has chosen to Self-Correct these errors under the (EPCRS) Employee Plans Compliance Resolution Program.

Exclusion of Bonus
The Employer intended the Plan Document to exclude bonuses from deferral deductions; however, bonuses are not excluded from wages per the Plan Document. The exclusion of bonus errors resulted in the employer being required to make a QNEC (Qualified Non-Elective Contribution) of fifty percent (50%) of the deferral amount totaling $ 8,509 with lost earnings of $1,980, both of which have been recorded as receivables. The Plan Sponsor has chosen to Self-Correct these errors under the (EPCRS) Employee Plans Compliance Resolution Program.

Match Calculation Errors
During the 2018 Plan year, matching contributions for certain employee groups and projects were not calculated correctly. This resulted in an employer QNEC (Qualified Non-Elective Contribution) in the amount of $ 4,716 with lost earnings of $ 262, both of which have been recorded as a receivable. The

Plan Sponsor has chosen to Self-Correct these errors under the (EPCRS) Employee Plans Compliance Resolution Program.

Employer Discretionary Contribution Error

During the 2018 Plan year, a two percent (2%) employer discretionary contribution for non-union employees was not calculated correctly. This resulted in an employer QNEC (Qualified Non-Elective Contribution) in the amount of $ 8,708 with lost earnings of $ 629, both of which have been recorded as a receivable. The Plan Sponsor has chosen to Self-Correct these errors under the (EPCRS) Employee Plans Compliance Resolution Program.
