Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the TwentyEighty 401(k) Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2019 - liquidation basis and 2018 and the related statement of changes in net assets available for benefits - liquidation basis for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Board of Directors approved a plan of liquidation on December 11, 2019, and management determined liquidation is imminent. As a result, the Plan has been using the liquidation basis of accounting for 2019. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of plan:

The following description of the TwentyEighty 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Termination

On December 11, 2019, the Board of Directors approved the termination of the Plan effective March 31, 2020. All participant accounts and plan assets are expected to be liquidated on or before June 30, 2020.

General

The Plan sponsor is TwentyEighty, Inc. (the Company, Plan Sponsor or Plan Administrator). The Plan is a defined contribution plan covering substantially all employees of the Company, and related employers, who have completed at least three months of service. There is no age requirement for entry into the Plan. Effective April 1, 2015, the Vital Smarts 401(k) Plan (VS), a qualified plan, was merged into the Plan. Effective entry dates are the first of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute from 1% to 60% of pre-tax compensation or Roth after-tax compensation, as defined in the Plan document. In addition, participants who have attained age 50 before the end of the Plan year are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Eligible participants are automatically enrolled at a deferral rate of 6% and their contributions are invested in a designated default investment fund until changed by the participant.

The Company may make discretionary matching contributions. For all participants other than those merged in from VS, the Company made discretionary matching contribution equal to 50% of eligible compensation that participants contributed to the Plan, up to 6%.

For former participants of VS, the Company made discretionary matching contributions of 100% of the first 3%, and 50% of the next 2% of eligible compensation that participants contributed to the Plan.

Note 1 - Description of plan - continued

Contributions - continued

Upon enrollment in the Plan, a participant may direct their contributions in 1% increments to any of the Plan's investment options. Participants may change their investment options daily.

Subsequent to year end, contributions of all kinds were frozen on March 31, 2020.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions and earnings thereon is based on years of continuous service.

Prior to the Plan termination, participants become vested in Company contributions in accordance with the following schedule:

Completed Years of Service	Percentage Matching Contributions Vested
1	33%
2	67%
3 or more	100%

Certain accounts related to participants of plans that merged into the Plan retain their original vesting schedule of one-, three-, or four-year graded vesting in accordance with the Plan adoption agreement addendum.

Note 1 - Description of plan - continued

Vesting - continued

Participants are immediately vested upon termination of the Plan, upon reaching the early retirement age of 55 with no service requirement, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts are used to pay plan administrative expenses and/or reduce the Company's contribution for the plan year.

All participants, other than VS participants, terminated on or after August 21, 2019, were fully vested in their participant account balances effective August 21, 2019 due to a partial plan termination.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $4,382 and $40,352, respectively. These accounts are used to pay Plan expenses and/or reduce Company contributions. During the year ended December 31, 2019, forfeitures totaling $111,808 were used to reduce Company contributions.

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon plan termination, attainment of age 59½, termination of service, early retirement at age 55, retirement at age 65, disability, or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pre-tax contributions and the vested amount from employer matching and profit sharing contributions merged in and earnings thereon.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than $1,000 up to 50% of the participant's vested account balance, not to exceed $50,000. Note receivable terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the repayment period may not extend beyond 10 years. Notes receivable are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note receivable.

Note 1 - Description of plan - continued

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Recordkeeping revenue in excess of agreed upon compensation is allocated to participants to reduce participant level administrative costs. During the year ended December 31, 2019 participants were allocated $27,009. Other income per the statement of changes in net assets available for benefits is a result of this revenue share income.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). On December 11, 2019, the Board of Directors approved the termination of the Plan. As a result, the Plan's financial statements as of December 31, 2019 and for the year ending December 31, 2019 have been prepared on the liquidation basis, in accordance with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimate net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2019 would be fair value. There were no material changes to the 2018 financial statements as a result of the change under the liquidation basis of accounting.

Common/collective trust fund

Investments in the common/collective trust fund (CCT) are reported at fair value. The common/collective trust fund, at the fund level, is composed primarily of fully benefit-responsive investment contracts held by the fund's trustee. These contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. The statements of net assets available for benefits present the fair value of the investment in the CCT. The statement of changes in net assets available for benefits is also prepared on the fair value basis.

Note 2 - Summary of significant accounting policies - continued

Stable value fund

Investments in the stable value fund are reported at fair value. The stable value fund, at the fund level, is composed primarily of fully benefit-responsive investment contracts held by the fund's trustee. These contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. The Plan has elected to value the stable value fund using net asset value (NAV) as the practical expedient to determine fair value.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with liquidation basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Note 2 - Summary of significant accounting policies - continued

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

New accounting pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). ASU 2018-13 changes the fair value measurement disclosure requirements of Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820). Applicability of the provisions in ASU 2018-13 can depend on whether the reporting entity is a non-public entity. New disclosure requirements under ASU 2018-13 are applicable only to other than non-public entities and not applicable to this Plan. Eliminated and modified disclosure requirements under ASU 2018-13 impact the reporting of transfers between Level 1 and Level 2 assets (defined in Note 4), Level 3 asset disclosures, and disclosures about investments in certain entities valued at net asset value. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. Entities early adopting are permitted to early adopt the eliminated or modified disclosure requirements and delay the adoption of all new disclosure requirements until the effective date. Retrospective or prospective application to periods presented varies by specified disclosure. Management has not elected to early adopt ASU 2018-13. Management does not believe the adoption of ASU 2018-13 will have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through April 22, 2020, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2019, have been incorporated into these financial statements.

Effective January 1, 2020, the Plan no longer permits new participant notes receivable.

Note 3 - Investments and information certified by the trustee:

Fidelity Management Trust Company (Fidelity) is the trustee for the Plan. Fidelity holds the Plan's investment assets and executes investment transactions. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest on notes receivable from participants, and interest and dividends for the year ended December 31, 2019, was obtained and derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair value measurements - continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no significant changes in the methodologies used at December 31, 2019 and 2018.

- Shares of mutual funds are valued on the basis of readily determinable market prices.

- Money market funds are stated at cost, which approximates fair value due to the short-term nature of the investment.

- Units of participation of the CCT are based on the fair value of the contractual terms of the underlying assets/investment contracts. The CCT's are priced daily. The price is calculated based on the contract value which is based on the specific provisions of the contract and at the Plan level is reported at fair value in the statements of net assets available for benefits and statement of changes in net assets available for benefits. A daily mil-rate is provided for income accretion. The daily mil-rate is a blend of the contracts' rate of return and the liquidity component's daily mil-rate. The contracts' rate of return is typically reset on a quarterly basis.

- Units of participation of the stable value fund are valued at the NAV provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidation will be carried out in an orderly business manner.

- Self-directed brokerage accounts consist primarily of money market funds, mutual funds, and common stocks that are valued on the basis of readily determinable market prices.

Note 4 - Fair value measurements - continued:

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Fair value measurements - continued:

There were no significant transfers between Level 1 and Level 2 investments or into or out of Level 3 investments during the years ended December 31, 2019 and 2018.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	$ 162,302	None	Daily	1 Day

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	$ 159,753	None	Daily	1 Day

Note 5 - Related-party transactions:

The Plan invests in shares of mutual funds, money market funds, self-directed brokerage accounts, a collective trust fund, and a stable value fund managed by an affiliate of Fidelity. Fidelity acts as a trustee for investments in the Plan. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Note 6 - Tax status:

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required

Note 6 - Tax status - continued:

to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan amendments:

In March 2018, the Plan was amended to disallow special salary deferral agreements on bonus pay and in May 2018, the Plan was amended to exclude certain types of wages from eligible compensation. In October 2018, the Plan was amended to remove the last day requirement for eligibility to receive the employer match.

Note 8 - Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 58,690,289	$ 49,839,428
Contributions receivable	-	(354,214)
Net assets available for benefits per the Form 5500	$ 58,690,289	$ 49,485,214

The following is a reconciliation of contributions per the financial statements to the Form 5500 for the year ended December 31, 2019:

Contributions per the financial statements	$ 6,486,262
Add: 2018 contributions receivable	354,214
Contributions per the Form 5500	$ 6,840,476
