Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. All assets related to the Genesis business unit were directed to be transferred to the Crenlo Retirement Savings Plan effective February 1, 2019. Our opinion is not modified with respect to this matter.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Paladin Brands Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective September 28, 2011, Paladin Brands Holding, Inc. (the Employer) adopted a prototype nonstandardized qualified retirement plan and formed the Paladin Brands Retirement Savings Plan. The assets of the Plan were previously held under the Dover Corporation Retirement Savings Plan and were transferred into this Plan on September 28, 2011.

The Plan was a defined contribution plan that allowed participants to defer receiving some of their compensation until their retirement and, in the event of death, receipt by their beneficiaries. The Plan was intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective May 1, 2018. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2019, the Employer was acquired by Stanley Black & Decker, Inc. The Board of Directors of the Employer resolved to cease all contributions under the Plan effective June 30, 2019 and to merge the assets of the Plan (excluding the Genesis business unit) into the Stanley Black & Decker Retirement Account Plan effective July 11, 2019. All assets related to the Genesis business unit were directed to be transferred to the Crenlo Retirement Savings Plan effective February 1, 2019. During the period ended July 11, 2019, \$39,234,334 of assets were transferred to the Stanley Black & Decker Retirement Account Plan and \$8,033,917 of assets were transferred to the Crenlo Retirement Savings Plan.

Eligibility

All employees of the Employer, excluding union employees covered by a collective bargaining agreement, nonresident aliens, and part-time employees with less than 1,000 hours of service, were eligible to contribute to the Plan immediately on the date in which the employee attains age 18. Employees that met these eligibility requirements were also eligible to receive Employer matching and discretionary nonelective contributions.

Automatic Enrollment

The Plan had an automatic enrollment feature for eligible employees at a 6% pre-tax contribution rate unless the employee elected to formally opt-out within 30 days or elected to contribute at a higher or lower rate. Effective May 1, 2018, the Plan was amended to automatically increase the automatic deferral percentage for each participant by 1% each year up to a maximum of 10% of eligible compensation unless a participant made an alternative election. Such employees received an immediate Employer match upon entering the Plan.

Contributions

Each year, participants elected to contribute to the Plan, through regular payroll deductions, up to 50% of eligible payroll period compensation, as defined by the Plan, subject to limitations imposed by the IRC. Eligible participants were permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax and after-tax contributions to the Plan. Participants were also permitted to roll over amounts representing distributions from other qualified employee benefit or defined contribution plans. Participants who had attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions.

The Plan allowed for both a fixed per-payroll matching contribution (basic Employer matching contribution) and an additional discretionary annual year-end matching contribution (year-end Employer matching contribution). The basic Employer matching contribution was a fixed 30% of the first 6% of a participant's compensation that they contributed to the Plan. At the discretion of Plan management, an additional year-end Employer matching contribution was allowed to be made to the Plan on behalf of contributing participants employed on the last day of the Plan year.

The Employer was permitted to contribute a discretionary nonelective Employer contribution to the Plan for participants who had satisfied the eligibility requirements specified above. Such contributions were allocated in proportion to the compensation of participants who were employed on the last day of the Plan year whether or not they had deferred any of their compensation into the Plan. The Employer did not make a discretionary nonelective Employer contribution for the period ended July 11, 2019 and year ended December 31, 2018.

Participant Accounts

Each participant's account was credited with the participant's contributions, the Employer's matching contribution, an allocation of the Employer's profit sharing contribution, if any, and forfeitures and an allocation of Plan earnings or losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant was entitled was the benefit that was to be provided by the participant's vested account.

The Plan permitted participants to direct the investment of their accounts into their choice of a variety of funds. Each participant had the option of directing their contributions into any of the investment accounts.

Vesting

Participants were immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus earnings thereon was based on years of continuous service. A participant was 100% vested in matching contributions after one year of credited service. A participant was 20% vested in discretionary nonelective contributions after two years of credited service and increases 20% for an additional credited year until 100% vested after six years of service. As the Plan was formed by an asset transfer from another plan, all participants carried over their vesting percentage from that plan. Notwithstanding the above, a participant was fully vested upon reaching normal retirement age, death, or permanent disability.

Benefit Payments

Upon termination of service due to death, retirement on or after normal retirement age, or other reasons, a participant was permitted to elect to receive the value of the vested interest in their account. Distributions from the Plan were generally made in the form of single lump-sum payments, although the Plan allowed installment distribution payments in the case of fully vested terminated participants who had reached age 55. The Plan's provisions also provided for in-service withdrawals or withdrawals in the event of financial hardship, as defined by the Plan.

Notes Receivable from Participants

A participant was permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the balance in the participant's account and bore interest at the current prime rate plus 1%, or such other rates prescribed by the Employer. Note terms ranged from one to five years, or longer for the purchase of a primary residence. Principal and interest were paid ratably through payroll deductions. A participant was permitted to have up to two notes outstanding at one time.

Forfeited Accounts

Forfeited nonvested accounts were used to reduce Employer matching contributions and to pay administrative expenses. Forfeited nonvested accounts as of July 11, 2019 and December 31, 2018 totaled \$-0- and \$41,957, respectively. There were \$57,774 and \$17,900 of forfeitures used to reduce Employer matching contributions during the period ended July 11, 2019 and year ended December 31, 2018, respectively. There were \$48 and \$1,284 of forfeitures used to pay administrative expenses during the period ended July 11, 2019 and year ended December 31, 2018, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 11, 2019 and December 31, 2018. Delinquent participant loans, if any, are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments as well as investment and trustee advisory fees are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through April 28, 2020, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 29,278,412	\$ -	\$ -	\$ 29,278,412
Collective Trust Funds	-	11,752,202	-	11,752,202
Total Investments at Fair Value	<u>\$ 29,278,412</u>	<u>\$ 11,752,202</u>	<u>\$ -</u>	<u>\$ 41,030,614</u>

There were no assets at fair value as of July 11, 2019.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Wells Fargo Bank, N.A., the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of July 11, 2019 and December 31, 2018, the statements of changes in net assets available for benefits for the period ended July 11, 2019 and year ended December 31, 2018.

NOTE 5 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such manner as the Employer may determine. Refer to Note 1 for Plan transfer.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in collective trust funds managed by Wells Fargo Bank, N.A., the trustee of the Plan. Therefore, these investments qualify as party-in-interest transactions. The Plan paid administrative expenses to Wells Fargo Bank, N.A. in the amounts of \$75,806 and \$142,971 for the period ended July 11, 2019 and year ended December 31, 2018, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
