Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by State Street Bank and Trust Company (State Street), at the direction of Transamerica Retirement Solutions, LLC, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from State Street as of June 10, 2019 and December 31, 2018 and for the period ended June 10, 2019, that the information provided to the plan administrator by State Street is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter - Plan Termination and Use of Liquidation Basis of Accounting

As further discussed in Notes 1 and 2 to the financial statements, those charged with governance, made a decision to terminate the Plan, upon the sale of Union Community Bank (the Company). As a result, in accordance and accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the accrual basis of accounting used in presenting the 2018 financial statements to the liquidation basis of accounting used in presenting the 2019 financial statement. Our disclaimer of opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by State Street, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Union Community Bank 401(k) Profit Sharing Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Plan Termination

Northwest Bank purchased Union Community Bank on March 8, 2019. As a result of this transaction, participants in the Plan terminated their employment with Union Community Bank and commended employment with Northwest Bank on March 9, 2019. Effective March 8, 2019, contributions were no longer accepted into the Plan and participants became 100 percent vested in their employer contributions.

The Plan merged with the Northwest Bank 401(k) Plan on May 10, 2019. Subsequent to the effective date, participants were able to take distributions, in accordance with the Plan documents. All assets of the Plan were distributed by June 10, 2019, as directed by participants.

General

The Union Community Bank 401(k) Profit Sharing Plan (the Plan) was a defined contribution plan covering all eligible employees of Union Community Bank (the Company). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Prior to March 8, 2019, an employee was eligible to make a salary deferral election upon the date of hire. Employees were also eligible to receive matching contributions and discretionary profit sharing contributions upon the date of hire. Entry into the Plan was permitted on the first day of the month coinciding with or next following the date on which the eligibility requirements were satisfied.

Contributions

Each year, participants could contribute up to 100% of pretax annual compensation, as defined by the Plan up to the maximum limits of the Internal Revenue Code (IRC). Participants could designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant contributions to the Plan were recorded in the period that payroll deductions were made from participants. For the period January 1, 2019 to March 8, 2019, the Company matched 100% of the first 1% of eligible participant compensation and 50% of the next 5% of eligible participant compensation, for a maximum match of 3.5% of eligible participant compensation. The matching contribution was $48,037 for the period ended June 10, 2019. There were no profit sharing contributions for the Plan for the period ended June 10, 2019. Participants directed the investment of all contributions into various investment options offered by the Plan. Contributions were subject to certain limitations.

Prior to March 8, 2019, participants were automatically enrolled into the Plan at 3% of eligible compensation. Employee deferrals would automatically be increased by 1% each year beginning with the third year until the deferred percentage reached 6%. Employees who did not select an investment option for their deferrals had their contributions invested in a moderate growth model. Employees had the option to opt out of participation or change their elective deferral at any time following automatic enrollment. If a Participant elected to opt out of automatic enrollment within 90 days of being enrolled the Employer could refund employee deferral contributions.

Participant Accounts

Each participant's account was credited with the participant's contribution and Company matching contributions, as well as allocations of (a) the Company's profit sharing contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations were based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions was based on years of continuous service. Participants were fully vested after two years of credited service for matching contributions and were fully vested after five years of credited service for profit sharing contributions, becoming 20% vested after one year of credited service and increased by 20% per completed year of service thereafter. Effective March 8, 2019, participants were 100 percent vested in their account balances.

Notes Receivable from Participants

Participant loans were not allowed under the Plan.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant would receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in their account. Effective March 8, 2019, installment payments were not available from the Plan.

Forfeited Accounts

Prior to March 8, 2019, forfeitures arising from distributions to participants who were less than 100% vested were used to restore participant accounts, offset Plan expenses or reduce Company contributions per guidelines established by the Plan. At June 10, 2019 and December 31, 2018, forfeited non-vested accounts totaled $0 and $14,300, respectively. Forfeitures were used to restore participant accounts and to offset Plan expenses totaling $2,872 and $11,526, respectively, in 2019.

2. Summary of Accounting Policies

Basis of Accounting

The 2018 financial statements of the Plan were prepared on the accrual basis of accounting.

On March 8, 2019, those charged with governance approved the sale of the Company to Northwest Bank and to merger the Plan into the Northwest Bank 401(k) Plan (Northwest Plan) as soon as administratively feasible. During the liquidation period, from March 8, 2019 through the termination date of June 10, 2019 all of the Plan's assets have been distributed to participants in the form of lump sum payments or rolled over to other qualified plans including the Northwest Plan. As a result, the Plan's financial statements as of June 10, 2019 and for the period March 8, 2019 through June 10, 2019, have been prepared on a liquidation basis. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realizable cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments at June 10, 2019 would have been fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. The investments in the common collective trusts were valued at net asset value (NAV) per unit, as determined by the trustees at year end. The NAV was used as the practical expedient to estimate fair value.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees were deducted prior to allocation of the Plan's investment earnings activity and, thus, were not separately identifiable as an expense.

Administration of Plan Assets

The Plan's assets were administered under a contract with Transamerica Retirement Solutions, LLC (Transamerica) as of June 10, 2019 and December 31, 2018, as trustee for the Plan. The trustee invested funds received from contributions, investment sales, interest, and dividend income and made distribution payments to participants.

Certain administrative expenses of maintaining the Plan were paid by the Company and were excluded from these financial statements. Investment related expenses were included in net appreciation of fair value of investments.

Payment of Benefits

Benefits were recorded when paid.

3. Fair Value Measurements

The Plan measured on a recurring basis its investments at fair value in accordance with U.S. GAAP. The framework for measuring fair value provided a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets or liabilities, and other observable inputs.

Level 3 - Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following was a description of the valuation methodologies used for assets measured at fair value at December 31, 2018. There have been no changes in the methodologies used at December 31, 2018. Due to the Plan merger, there were no investments at June 10, 2019.

Shares of registered investment companies and money market funds were valued at the quoted net asset value of shares held by the Plan at year end.

Money market mutual funds were valued using the amortized cost method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

The common collective trust fund was valued based upon the units of the common collective trust fund held by the Plan at year end times the respective unit value. The unit value of the common collective trust fund was based upon the net asset value (NAV). The NAV's unit price of the common collective trust was not quoted on any market; however, the unit price was based on the underlying investments which were traded in an active market and were priced by independent providers. The Plan had no unfunded commitments or redemption restrictions relating to the common collective trust fund at December 31, 2018.

The preceding methods may have produced a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Investment Assets at Fair Value at December 31, 2018	
	Level 1	Total
Money market funds	$ 33,035	$ 33,035
Registered investment companies	9,163,032	9,163,032
Total investments at fair value	9,196,067	9,196,067
Common collective trusts measured at net asset value*		2,676,050
Total Investments		$ 11,872,117

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Party-in-Interest Transactions

Certain plan investments were managed by Transamerica, and therefore, these transactions qualified as party-in-interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

5. Tax Status

Effective October 1, 2017, the Plan adopted the Transamerica Retirement Solutions Volume Submitter Profit Sharing Plan with CODA (Transamerica Plan) which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Transamerica Plan was designed in accordance with the applicable provisions of the IRC. The Plan administrator believed that the Plan was designed and was operated in compliance with the applicable requirements of the IRC and that the Plan was tax-exempt.

U.S. GAAP required management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at June 10, 2019 and December 31, 2018, and net appreciation in fair value of investments, interest and dividends for the period ended June 10, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company (State Street), at the direction of Transamerica, the trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. Transfer Out of Plan

The transfer out of the Plan to the Northwest Bank 401(k) Plan included $5,842,411 in participants' account balances, $32,960 in cash and an in-kind transfer of $1,079,033 for the Reliance Metlife Stable Value Fund investment.
