The plan administrator has obtained a certification from the trustee as of July 1, 2019 and for the period ended July 1, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter - 2018 Financial Statements

The financial statement of the Plan as of December 31, 2018, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, LLC, the trustee of the Plan. Their report, dated October 10, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2019

The form and content of the information included in the 2019 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements

1. Description of the Plan

The following description of the KapStone Paper and Packaging Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of KapStone Paper and Packaging Corporation (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was adopted on January 1, 2007.

Each employee shall become a participant of the Plan upon meeting eligibility for non-elective employer contributions or upon meeting eligibility for elective employee contributions. If an employee election is received prior to the date automatic enrollment would otherwise be effective, the employee shall become a participant as soon as administratively possible, generally on the first day of the first payroll period that begins after the date the election is received. If an eligible employee does not complete an election, he or she will automatically be enrolled in the Plan after 30 days of eligibility and become a participant in the Plan as soon as administratively possible unless he or she or opts out of the Plan's automatic enrollment feature. Automatic enrollment generally starts no later than 45 days from an employee's eligibility date.

Administration

Effective November 2, 2018 the Company was acquired by WestRock Company ("WestRock"). Also effective on November 2, 2018, WestRock became the administrator of the Plan. Fidelity Management Trust Company (the "Trustee") provided trustee and recordkeeping services during 2019.

Plan Merger

In connection with the acquisition of the Company by WestRock, the Plan was merged into the WestRock Company 401(k) Retirement Savings Plan ("WestRock Plan") effective July 1, 2019. Accordingly, assets totaling \$458,865,178 were transferred into the WestRock Plan.

Contributions

Each year, participants may contribute up to 100 percent of their eligible compensation as contributions, as defined by the Plan. Participants may also deposit amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Unless directed otherwise, contributions are invested by default in the Vanguard Target Retirement Trust fund for the year nearest the year in which the participant will attain age 65. Contributions are subject to certain maximum limitations established under the Internal Revenue Code ("IRC"). Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. The Company's matching contributions and non-elective Retirement Savings Account ("RSA") contributions as follows:

- For salaried and non-bargained hourly employees, the Company made discretionary matching contributions at 100 percent of the first 4 percent plus 50 percent of the next 4 percent of employee contributions (up to 6 percent of eligible compensation) and an RSA of 3 percent of base pay, with certain grandfathered employees receiving an additional 1 percent or 2 percent through the 2019 plan year

Notes to the Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and investment earnings, as well as charged with an allocation of administrative expenses. Allocations are based on the value of a participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their contributions, including earnings thereon. Except as noted below, all employees are immediately vested in Company matching contributions.

Vesting in the matching contribution portions of participant's accounts, including earnings thereon, for bargaining employees at the Roanoke Rapids, Longview, Seattle, Oakland, Twin Falls and Yakima locations is based on years of service as follows:

Years of Service Percentage

Less than 3 year	0%
3 or more years	100%

Vesting in the RSA, including earnings thereon, for non-bargaining employees and for bargaining employees at the Charleston, Roanoke Rapids, Longview, Seattle locations, Oakland, Twin Falls and Yakima locations is based on years of service as follows:

Years of Service Percentage

Less than 3 years	0%
3 or more years	100%

In addition, the Plan provides for full vesting of the Company's contributions, including earnings thereon, upon retirement, death or permanent and total disability. Normal retirement age is 65.

If a participant who is not fully vested terminates employment and returns to service after a break of five years or more, the value of the Company's unvested contributions credited to the participant's account prior to termination of employment is permanently forfeited. A participant who terminates employment but returns to service after a break in service of less than five years, may be entitled to restoration of the forfeited balance. Reinstated amounts will be invested in the participant's current investment elections, if available, or in the Plan default fund.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The participant may be granted two loans during any one-year period and only two loans may be outstanding at a time. The maximum loan term is five years for general purpose loans and fifteen years if the loan proceeds are used to purchase a primary residence which shall not exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with current interest rates used by the lending industry. Principal and interest are paid ratably through payroll deductions. Effective July 1, 2019, notes receivable from participants totaling approximately \$19,000,000 were transferred to the WestRock 401(k) Retirement Savings Plan.

Notes to the Financial Statements

Payment of Benefits

Upon termination a participant may defer receipt of the distribution until a later date, unless the vested account balance is \$5,000 or less. If the vested Account balance is \$1,000 or less, the account balance will be distributed as a lump sum distribution. For account balances greater than \$1,000 but not greater than \$5,000, a Fidelity IRA will be established on the participant's behalf. The participant may elect to rollover the balance to another plan or to take a full distribution regardless of the amount. A lump-sum withdrawal may also be made by an active employee upon attainment of age 59½ or in the event of hardship. Withdrawal requests for financial hardship are limited to the amount of a participant's fully vested account balance

Forfeited Accounts

As of December 31, 2018, the Plan had amounts totaling \$23,159 representing forfeited, non-vested amounts resulting from employee terminations. The Plan used approximately \$246,000 of forfeitures to reduce employer contributions during 2019.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. The net appreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments held by the Plan. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits were recorded when paid.

KapStone Paper and Packaging Corporation 401(k) Plan

Notes to the Financial Statements

Fees and Expenses

The Plan provides that the administrative costs and expenses of the Plan, including trustee and management fees, are paid through revenue sharing, participants' accounts, the forfeitures account, and by the Company. Fees for participant loans are paid by the participants receiving the loans.

3. Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments classified within level 3 whose fair value measurements consider several inputs may include level 1 or level 2 inputs as components of the overall fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practice expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. These investments are direct filing entities.

KapStone Paper and Packaging Corporation 401(k) Plan

Notes to the Financial Statements

Self-directed brokerage accounts: Comprised of various types of investments. The fair value of registered investment companies and publicly traded preferred and common stocks held by the Plan are determined by obtaining quoted prices on nationally recognized securities exchanges.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

<i>Assets at fair value as of December 31, 2018</i>	Level 1	Total
Mutual funds	\$ 35,845,594	\$ 35,845,594
Self-directed brokerage accounts	4,190,342	4,190,342
Investments measured at NAV*		377,003,932
Total assets at fair value		\$ 417,039,868

**Certain investments that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds	\$ 377,003,932	None	Daily	None

4. Information Certified by Fidelity

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of July 1, 2019 and December 31, 2018.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period ended July 1, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

KapStone Paper and Packaging Corporation 401(k) Plan

Notes to the Financial Statements

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares in self-directed brokerage accounts managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan were \$322,532 for the period ended July 1, 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated September 6, 2012 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America required plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides investment options in various combinations of investment securities. Investment securities are exposed to various risks including, but not limited to, interest rates, market conditions and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the Statement of Net Assets Available for Benefits through May 12, 2020, the date the financial statements were available to be issued.
