INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Libra Industries, Inc. 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of August 5, 2019 (in liquidation) and December 31, 2018, and the related statement of changes in net assets available for benefits for the period from January 1, 2019 through August 5, 2019 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of August 5, 2019 and December 31, 2018, and for the period from January 1, 2019 through August 5, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Libra Industries, Inc. 401(k) Retirement Savings Plan approved a plan liquidation effective May 31, 2019, and management determined that liquidation was imminent. As a result, the plan changed its basis of accounting to the liquidation basis used in presenting the 2019 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LIBRA INDUSTRIES, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 1 – Plan Description

The following description of the Libra Industries, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) retirement plan, which was formed for the purpose of providing retirement benefits to eligible employees of Libra Industries, Inc. (the Company). Prior to the termination of the Plan, employees would become eligible to participate in the Plan upon reaching age 21 and 1 month of service in which they are not an intern, a non-resident alien, or a seasonal employee with less than 1,000 hours, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator was responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Termination of Plan

On June 6, 2019, the Company's Plan Administrator formally approved the termination of the Plan, effective May 31, 2019, and active participants became 100% vested in their accounts. The Plan's net assets began being distributed to participants in May 2019, with all assets fully distributed on August 5, 2019.

Contributions

Prior to the termination of the Plan, each year participants could elect to contribute on a pre-tax basis between 1% and 80% of their annual compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The plan had included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. The Company's matching contribution was equal to 25% of the first 6% of the compensation that a participant contributed to the Plan. Additionally, the Company could make a discretionary matching contribution. Allocations of the Company's additional discretionary matching contribution were given only to participants employed at the end of the Plan year regardless of the amount of service completed during the Plan year. No discretionary matching contributions were authorized related to the 2019 Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined.

LIBRA INDUSTRIES, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Participant-Directed Investment Options

Prior to the termination of the Plan, upon enrollment, participants could direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants could change their investment options at any time.

Vesting

Prior to the termination of the Plan, participants were immediately vested in their contributions plus actual earnings thereon and vesting in the Company contributions was 20% upon the completion of two years of vesting service. A participant was 100% vested after 6 years of credited service. Upon termination of the Plan, active participants were immediately 100% vested in all employee and Company contributions plus actual earnings or losses thereon. Any inactive participant who had more than a 5 year gap in service prior to the termination of the Plan retained their original vesting rate.

Notes Receivable from Participants

Prior to the termination of the Plan, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account. Such loans bore interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money as determined by the Plan administrator. Principal and interest was paid ratably through payroll deductions.

Payment of Benefits

Prior to the termination of the Plan, upon termination of service due to death, disability, attainment of age 59 ½, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a future period. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions of a participant's 401(k) account balance could be authorized at any time by the plan administrator under certain hardship conditions. Effective upon termination of the Plan, participants received a lump-sum distribution equal to his or her account balance.

Forfeited Accounts

Prior to the termination of the Plan, forfeited non-vested accounts were used to pay plan expenses or to reduce future employer contributions. At December 31, 2018, forfeited non-vested accounts totaled \$897. During 2019, \$1,500 was used to reduce employer contributions or plan expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

Due to the decision to terminate the Plan effective May 31, 2019, management determined that liquidation of the Plan was imminent and accordingly, the financial statements for 2019 have been prepared using the liquidation basis of accounting.

LIBRA INDUSTRIES, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2018, contract value approximated fair value.

Use of Estimates

The preparation of the financial statements, in accordance with the liquidation basis of accounting, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded as received. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. Delinquent participant loans were reclassified as distributions based upon the terms of the plan document. No allowance for credit losses was recorded as of December 31, 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs incurred by the Plan were paid directly by the Company and are excluded from these financial statements. Certain fees related to distributions were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

Notes to the Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

Subsequent Events

Plan management has evaluated subsequent events through May 21, 2020, the date the financial statements were available to be issued.

Note 3 – Information Prepared and Certified by Standard Insurance Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at August 5, 2019 and December 31, 2018, and net appreciation in fair value of investments, and interest, for the period from January 1, 2019 through August 5, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Standard Insurance Company, the custodian of the Plan.

Note 4 – Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2018.

LIBRA INDUSTRIES, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 4 – Fair Value Measurements (Continued)

Pooled separate accounts: Valued at the net asset value (“NAV”) per unit based on quoted market prices of the underlying investments. The NAV, as provided by the custodian, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient was not used when it was determined to be probable that the Plan would sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) could occur daily. Redemptions were allowable daily with no notice.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2018:

<u>Description</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Investments measured using NAV as a practical expedient (a)				
Pooled separate accounts				<u>\$ 7,595,167</u>
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,595,167</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 – Guaranteed Investment Contract with Insurance Company

Prior to the termination of the Plan, the Plan had entered into a fully benefit-responsive investment contract with Standard Insurance Company. Standard Insurance Company maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The average yield and crediting interest rates were set monthly by Standard Insurance Company using a process similar to that used by banks or other insurance companies for similar products. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this would be the amount received by participants if they were to initiate permitted transactions under terms of the Plan.

LIBRA INDUSTRIES, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

Note 5 – Guaranteed Investment Contract with Insurance Company (Continued)

Contract value, as reported to the Plan by Standard Insurance Company, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6 – Related Party and Party-In-Interest Transactions

Prior to the termination of the Plan, certain Plan investments were managed by Standard Insurance Company. Standard Insurance Company was the custodian and recordkeeper as defined by the Plan and, therefore, such transactions and associated administrative expenses qualified as party-in-interest transactions.

Note 7 – Tax Status

Standard Insurance Company, sponsor of the Volume Submitter 401(k) specimen plan and related trust, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated volume submitter document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan has been amended and restated since the opinion letter was received. The plan administrator believes the Plan was designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax exempt.

In accordance with the liquidation basis of accounting, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of August 5, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
