Note A. Description of the Plan

The following description of Smothers & White, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1995 as a defined contribution retirement plan covering all full-time employees of Smothers & White, Inc. (the "Company"), who are age 21 or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan Sponsor and serves as Plan Administrator. During the year ended December 31, 2018, the plan changed names from SWS Management, Inc. 401(k) Profit Sharing Plan and Trust to Smothers & White, Inc. 401(k) Profit Sharing Plan. Effective February 1, 2018, SWS Management, Inc. ceased participation in the Plan and the employees split from SWS Management, Inc. and became either employees of Smothers & White, Inc. or Smothers Parts International. Both employers began participation in the Plan at that time. Effective September 10, 2018, Smothers Parts International ceased participation in the Plan. Effective January 1, 2018, the plan was restated to reflect the name change and change in participating employers.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may make discretionary match contributions to the Plan, although the Company is not required to do so. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions when made and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined and provided for in the Plan document. The benefit to which a participant is entitled is limited to the amount that can be provided from the participant's vested account balance. The investment direction for the account is provided by the participant.

Vesting

Participants are immediately 100% vested in their elective deferrals, and rollover contributions. Participants are 100% vested in the Company discretionary contributions after six years of credited service.

Note A. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their vested account balances subject to certain limits set forth in the Plan document and the IRC and with the approval of the Company. The amounts borrowed are secured by the participants' vested account balances. The notes bear a fixed interest rate equal to the prime rate plus two percent at the time that the loan is made. Note repayments are made by payroll deductions in equal installments over the term of the note. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum payment in an amount equal to the value of the participant's vested portion of his or her account. In the event of termination of employment before retirement, a participant will be entitled to receive his or her vested account balance. If a terminated participant's vested account balance is greater than $5,000, such participant may leave his or her funds in the Plan. If the terminated participant's vested account balance is equal to or less than $5,000, the Company may elect to distribute the participant's funds without consent. Participants may withdraw all or a portion of their vested account balances for specific hardship reasons, subject to approval of the Company.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The Plan’s financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Note B. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Net appreciation or depreciation in fair value of investments includes the change in market value of all Plan investments (including investments bought and sold as well as those held during the year) and all gains and losses, including amounts reinvested.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as a reduction of net appreciation in fair value of investments.

Note C. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2018, and for the period from September 24, 2018 to December 31, 2018, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

Description	2018	2017
Investments at fair value, mutual funds	$ 2,352,137	$ -
Investments at contract value, stable value funds	10,182	-
Notes receivable from participants	23,942	-

The Trustee also certified to the completeness and accuracy of $114,329 of net depreciation in fair value of investments and $1,398 of interest income on notes receivable from participants related to the assets listed above for the year ended December 31, 2018.

Note D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,352,137	$ -	$ -	$ 2,352,137
Investments at fair value	$ 2,352,137	$ -	$ -	$ 2,352,137

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,324,558	$ -	$ -	$ 2,324,558
Investments at fair value	$ 2,324,558	$ -	$ -	$ 2,324,558

Note E. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract. This investment meets the criteria of a fully benefit-responsive investment contract and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of these investments is $10,182 as of December 31, 2018.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code,
2. Premature termination of the contract,
3. Plan termination or merger,
4. Changes to the Plan's prohibition on competing investment options, and
5. Bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations.

Note E. Fully Benefit-Responsive Investment Contract (continued)

No events are currently known to be probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines,
2. A breach of material obligation under the contract,
3. A material misrepresentation, and
4. A material amendment to the agreements without the consent of the issuer.

Note F. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue, amend or modify and terminate the Plan without any liability for such termination subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in any unvested portion their accounts.

Note G. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer association, or relatives of such person. The Plan's trustees, record-keeper and Pisenti and Brinker, LLP (the Plan's auditor) are all considered parties-in-interest according to Section 3(14) of ERISA.

Note H. Income Tax Status

The Plan document is a volume submitter plan that received a favorable opinion letter from the Internal Revenue Service ("IRS") on February 1, 2018. The Plan has never requested a tax determination letter from the IRS. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC and that the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United State of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note J. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

	2018	2017
Net assets available for benefits per the financial statements	$ 2,391,214	$ 2,342,224
Excess contributions payable	-	1,781
Net assets available for benefits as reported in Schedule H of Form 5500	$ 2,391,214	$ 2,344,005

The following is a reconciliation of change in net assets per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

Net increase in net assets per financial statements	$ 48,990
Prior year excess contributions payable	(1,781)
Net increase in assets available for benefits as reported in Schedule H of Form 5500	$ 47,209

Note K. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through May 21, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus (COVID19) outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Subsequent to the outbreak in the United States, there has been substantial volatility in financial markets and the economy. These conditions and other economic events have had a significant adverse impact on investment portfolios. As a result, the Plan's investments have likely incurred a significant decline in fair value since December 31, 2018.
