Employee Retirement Plan

Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Falcon Transport Employee Retirement Plan (Plan), which comprise the statements of net assets available for benefits as December 19, 2019 (in liquidation) and December 31, 2018 (ongoing), and the related statement of changes in net assets available for benefits for the period from January 1, 2019 to December 19, 2019 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Newport Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the period from January 1, 2019 to December 19, 2019 and the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note A to the financial statements, the plan sponsor ceased operations during 2019 and the plan was terminated effective May 10, 2019 and therefore liquidation was determined to be imminent. As a result, the Plan has changed its basis of accounting from the accrual basis used in presenting the 2018 financial statements to the liquidation basis used in presenting the 2019 financial statements. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions as of and for the period from January 1, 2019 to December 19, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Plan Termination:

The plan sponsor abruptly ceased operations on April 27, 2019 and immediately closed. As a result, on May 8, 2019, the Plan adopted a termination amendment effective May 10, 2019, at which point liquidation was determined to be imminent. Final distributions were determined based upon all participants being 100% vested. Final distributions were made at various times with the last distribution occurring on December 19, 2019. All assets of the Plan were distributed in accordance with the terms of the Plan. As a result, the Plan has changed its basis of accounting from the accrual basis used in presenting the 2018 financial statements to the liquidation basis used in presenting the 2019 financial statements.

General:

Prior to termination, the Plan was a defined contribution 401(k) profit sharing plan covering substantially all employees who were employed by Falcon Transport Co. and affiliated companies (the Companies) as defined in the Plan agreement. Employees were eligible to participate after completion of three months of service and at age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants were able to contribute up to 100 percent of pretax annual compensation, up to \$19,000 in 2019 and \$18,500 in 2018, and an additional \$6,000 for those employees that were age 50 and older. Participants were able to contribute amounts representing distributions from other qualified defined benefit or contribution plans.

In addition, participants were able to direct the investment of their contribution into various investment options offered by the Plan. The Plan offered various common/collective trust and mutual fund accounts as investment options for participants.

In addition, the Companies were able to contribute a matching contribution equal to a percentage of the elective contribution made by the participant. The decision to make this contribution was determined at each pay period and solely at the discretion of management.

Until the Companies ceased operation in April 2019, the Companies matched 25 percent of the first 6 percent of the participant's contribution for all eligible participants of the Plan. Additional profit-sharing amounts could be contributed at the option of management. There were no profit-sharing contributions for the period January 1, 2019 to December 19, 2019. Contributions are subject to certain limitations.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Investment Valuation and Income Recognition:

Investments held by the Plan were required to be reported at fair value, except for the common/collective trusts, which were reported at net asset value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Participants' Accounts:

Each participant's account was credited with the participant's contribution and allocations of (a) the Companies' contribution, (b) Plan earnings, and (c) any forfeiture of terminated participants' non-vested accounts as defined by the Plan agreement in excess of Plan administrative expenses. Each participant's account was charged with an allocation of administrative expenses in excess of forfeitures for the period. The allocation of the Companies' matching contribution was based on the participant's contribution. The allocation of the Companies' profit sharing contribution was based on the participant's wages. Other allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting:

Participants were immediately vested in their voluntary contributions plus actual earnings thereon. Participants were 100% vested in the employer's profit sharing and matching contributions and actual earnings thereon after four years of credited service. Upon termination of the plan, participants immediately became 100% vested in employer's profit sharing and matching contributions.

Forfeitures:

Upon termination of service due to death, disability, or retirement, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, or other methods allowed by the Plan. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. Furthermore, participants could withdraw funds from their accounts for financial hardship. The nonvested amount was forfeited and could be used by the participating employer to reduce future plan administrative expenses or matching or discretionary contributions. For the period January 1, 2019 to December 19, 2019, forfeitures in the amount of \$1,578 were used to offset employer contributions and forfeitures in the amount of \$1,773 were used to offset administrative expenses.

Participant Notes Receivable:

Prior to termination of the plan, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at the prime rate plus 2 percent, and ranged from 5.25 percent to 7.25 percent, which were commensurate with local prevailing rates as determined by the plan administrator. The maximum number of loans that a participant could have outstanding at any one time is one. Principal and interest was paid ratably through payroll deductions. Upon final distribution of the participants' account balances, all loan balances were paid first and the remaining amount was distributed.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

As a result of the termination, the Plan changed its basis of accounts from the accrual basis to the liquidation basis. For the period from January 1, 2019 to December 19, 2019, the financial statements were prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). For the year ended December 31, 2018, the Plan used the accrual basis of accounting in accordance with U.S. GAAP. There were no material changes to the financial statements as a result of this change in accounting.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant could elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or periodic payments over a fixed period of time. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump sum distribution.

Upon plan termination, each participant's account balance was distributed by lump sum distribution or by direct transfer to another qualified plan or individual retirement account in accordance with Plan terms.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE D - INVESTMENTS AT FAIR VALUE

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments. As of December 19, 2019, the Plan had distributed all assets.

Assets at December 31, 2018 are comprised of the following:

	Assets at Fair Value		
	Level 1	Level 2	Total
Mutual funds	\$ 3,587,553	\$ 0	\$ 3,587,553
Common/collective trusts at net asset value	0	0	186,005
TOTAL INVESTMENTS	\$ 3,587,553	\$ 0	\$ 3,773,558

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fund	Fair Value at December 31, 2018	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	<u>\$186,005</u>	n/a	Daily	12 months

NOTE E - INCOME TAX STATUS

The IRS determined and informed the Companies by a letter dated March 31, 2014, that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believed that the Plan had been designed and operated in compliance with the applicable requirements of the IRC and therefore believed that the Plan was qualified and tax-exempt.
