Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pure's Food Specialties 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, the related statement of changes in net assets available for benefits for the period from April 15, 2018 (the Plan's inception date) to December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Principal Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2018, and for the period from April 15, 2018 (the Plan's inception date) to December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Note 1. Plan Description

The following description of the Pure's Food Specialties (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees, established by the Company effective April 15, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is defined as any employee of the Company who is 18 years of age. An employee becomes eligible to participate in the Plan after 30 days of service. The Plan Committee is responsible for the oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings and monitors performance.

Contributions: Each year, a participant may contribute up to the Internal Revenue Service (IRS) maximum provided these contributions will not cause the Plan to exceed discrimination limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes matching contributions equal to a percentage of the participant's elective deferrals. The matching contribution is discretionary. The Company did not make a matching contribution for the period from April 15, 2018 (date of inception) to December 31, 2018. Contributions are subject to certain limitations. The Plan has an auto enrollment for participants at 3 percent with no annual escalation.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions and (b) Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The discretionary match is subject to a three year cliff vesting schedule, in which participants are 100 percent vested after three years of credited service.

Investment options: Upon enrollment in the Plan, a participant may direct their accounts into a variety of investment choices as more fully described in the Plan's literature. Participants have the option to transfer monies between investments and change the allocation of their investment options daily.

Payment of benefits: On termination of service due to death, disability, retirement, or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, installments over a period of not more than the assumed life expectancy, or a partial withdrawal. Prior to termination of service, participants may also elect to receive a distribution upon attainment of age 59 ½ or a safe harbor hardship withdrawal distribution, as defined in the Plan.

Forfeited accounts: The Plan had no forfeited nonvested account balances at December 31, 2018. These accounts may be used to pay administrative expenses or to reduce employer contributions made after the forfeitures are determined. There were no forfeitures during the period from April 15, 2018 to December 31, 2018.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's losses on investments bought and sold as well as held during the year.

Excess employee contributions: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document.

Pending accounting pronouncements: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement,* which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through May 19, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Principal Life Insurance Company, the Custodian of the Plan

The following is a summary of the Plan's asset information as of December 31, 2018 and for the period from April 15, 2018 (date of inception) to December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Principal Life Insurance Company (Principal), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

Investments, at fair value:		
Units of collective investment trusts	$	104,361
Insurance company pooled separate accounts		26,749

Principal also certified to the completeness and accuracy of $12,718 of net depreciation in fair value of investments, related to the aforementioned assets for the period from April 15, 2018 (date of inception) to December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB Accounting Standards Codification (ASC) 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Units of collective investment trusts: The collective investment trusts are composed primarily of fully-benefit responsive investment contracts and are valued based on the net asset value (NAV) of units of the collective investment trusts. The NAV, as provided by the trustee, is issued as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Insurance company pooled separate accounts: The fair value of the investments in the insurance company's pooled separate accounts is determined by the insurance company and represents the NAV per share based on the fair value of the underlying investments comprising the pooled separate accounts. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018.

	Level 1	Level 2	Level 3	Total
	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				131,110
Investments measured at fair value				$ 131,110

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period from April 15, 2018 (date of inception) to December 31, 2018, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV practical expedient per share as of December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only for the Plan:

	Fair Value Estimated Using Net Asset Value Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of collective investment trust	$ 104,361	$ -	Immediate	12 Months
Pooled separate accounts	26,749	-	Daily	None
	$ 131,110	$ -		

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6. Related Party and Party-in-Interest Transactions

Plan investments consist of units of collective investment trusts and pooled separate accounts managed by Principal. Principal is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the custodian from the Plan amounted to approximately $600 for the period from April 15, 2018 (date of inception) to December 31, 2018.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan and are excluded from these financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8. Tax Status

Effective April 15, 2018, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan provider has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2018:

Net assets available for benefits per the financial statements	$	124,619
Differences in:		
Employee contributions receivable		69
Excess employee contributions		11,893
Net assets available for benefits per the Form 5500	$	136,581

The following is a reconciliation of the change in net assets available for benefits for the period from April 15, 2018 (date of inception) to December 31, 2018 per the financial statements to Form 5500:

Increase in net assets available for benefits per the financial statements	$	124,619
Difference in:		
Participant contributions		11,962
Increase in net assets available for benefits per Form 5500	$	136,581

Note 10. Subsequent Event

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The fair market values of Plan investments have experienced significant volatility during 2020 due to the uncertainty caused by the pandemic.

In March 2020, the Plan changed its third party administrator from Principal to Hessel & Associates, LLC.
