Report of Independent Auditors

To the Plan Administrator
Employee Savings Plan of Continental Graphics Corporation

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employee Savings Plan of Continental Graphics Corporation (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee held the Plan's investment assets and executed investment transactions. The Plan administrator obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee was complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Plan Merger

As further discussed in Note 1, the Plan was merged into The Boeing Company Voluntary Investment Plan (VIP) effective December 31, 2019, and the Plan's assets were transferred to the VIP at year end. Our disclaimer of opinion is not affected with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

The following description of the Employee Savings Plan of Continental Graphics Corporation (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was a non-standardized prototype defined contribution 401(k) plan covering certain employees of Continental Graphics Corporation and its subsidiary Inmedius, Inc. (collectively, the Company). An employee became eligible to participate in the Plan on the first day of the month following or coincident with the date they attained age 21 and completed 30 days of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2019, the Company was dissolved, the Company's employees were integrated into The Boeing Company, and the Plan was merged into The Boeing Company Voluntary Investment Plan.

Administration – Charles Schwab Bank (Schwab) was the trustee of the Plan.

Contributions – Contributions to the Plan were in the form of salary reductions which participants elected to defer in lieu of current compensation. Participants could elect to contribute, subject to statutory limitations, up to 100% of their eligible compensation. Participants age 50 or older were allowed to make catch-up contributions. The Plan allowed active employees to contribute to the Plan from pre-tax compensation, after tax compensation or a combination of both. Participants could elect to change contribution percentages to be effective the next pay period after the request was received or as soon as administratively possible. The allocation of both participant and employer contributions to the funds could be changed at any time and became effective on the day of the change or the next business day based on the day and time the request for a change was made in relation to the stock market close of business. The Plan also accepted certain rollover contributions.

Full-time employees were eligible for the employer matching contribution. Part-time employees were eligible for the employer matching contribution in any year they completed 1,000 or more hours of service in a consecutive 12-month period. The Company did not match catch-up contributions. The Company matched 75% of each eligible employee's contributions up to 8% of the employee's eligible compensation.

As a result of the freezing of employee pension contributions and pay-based benefit accruals for participants in the Continental Graphics Employee Pension Plan (Pension Plan) effective January 1, 2016, beginning January 1, 2015, the Company made Company contributions to the Plan for employees hired on or after January 1, 2006, as follows:

- 3% of eligible compensation for those under age 40
- 4% of eligible compensation for those age 40–49
- 5% of eligible compensation for those age 50 and over

Note 1 – Description of the Plan (continued)

Also as a result of the freezing of the employee pension contributions and pay-based benefit accruals for participants in the Pension Plan, effective January 1, 2016, the Company made additional Company contributions to the Plan for all eligible Company employees who were participants in the Pension Plan as follows:

- 9% of eligible compensation in 2016
- 8% of eligible compensation in 2017
- 7% of eligible compensation in 2018

Participant accounts – Individual accounts were maintained for each Plan participant. Each participant's account was credited with the participant's contributions, any employer contributions, and allocations of Plan earnings (losses) from the funds in which the account was invested, and charged with an allocation of expenses and participant-specific charges, if applicable. Allocations were based on participant earnings (losses), account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting – Participants were fully vested in their rollover and elective contributions including accumulated earnings. A participant was 100% vested in employer contributions after one year of credited service and also upon death, disability, or reaching early or normal retirement age. Generally, a participant must have worked at least 1,000 hours during a consecutive 12-month period to earn a year of service for vesting purposes.

Forfeitures – Forfeitures were the non-vested portion of a participant's account that was lost upon termination of employment. Forfeitures were retained in the Plan and were used to pay administrative expenses or reduce future employer contributions. At December 31, 2019 and 2018, forfeited amounts held under the Plan totaled \$0 and \$8,910, respectively. During the year ended December 31, 2019, \$10,398 in forfeitures were used to reduce employer contributions.

Withdrawals – Participants could elect to withdraw all or a portion of their pre-tax and after tax contribution accounts and rollover accounts at any time on or after the day the participant attained age 59-1/2. If a participant was under age 59-1/2, withdrawals from pre-tax and after tax contribution accounts were subject to certain hardship rules as provided by the Plan. If a participant took a hardship withdrawal, the participant's salary deferrals were suspended for six months from the date of the hardship withdrawal.

Notes receivable from participants – Participants were permitted to borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their total vested account balance at the time of the loan issuance and could have only one loan outstanding at any time. Loans receivable from participants had to be repaid within five years or within ten years if the loan was for the purchase of a primary residence. The interest rate for the loan was established at the time the loan was originated based on prevailing commercial rates.

Note 1 – Description of the Plan (continued)

Benefit payments – On termination of service, if the participant's vested balance (excluding rollover contributions) was \$5,000 or less, the balance would have been distributed to the participant in a lump sum as soon as administratively feasible. Upon a participant's death or retirement due to total and permanent disability, a participant's account balance became fully vested and non-forfeitable and would have been distributed in a lump sum as soon as administratively feasible. If a participant made no distribution election, annual distributions of the required minimum amount would begin after age 70-1/2.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan's investments were exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities would occur in the near term and such changes could have materially affect the amounts reported in the financial statements.

Valuation of investments and income recognition – The Plan's investments were stated at fair value. Fair value of the financial instrument was the price that would have been received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. The Plan's investments were valued as follows:

Mutual funds and money market fund – The Plan's investments in mutual funds, which are registered investment companies, and the money market fund were valued at the net asset value of shares held by the Plan at year end as quoted in an active market.

Self-directed brokerage accounts – The Plan's investments in self-directed brokerage accounts could include stocks, mutual funds, exchange-traded funds, and fixed income investments such as corporate and government bonds and were valued using quoted market prices of the investments.

Purchases and sales of securities were recorded on a trade-date basis, and dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis of accounting. Net appreciation or depreciation in fair value of investments consisted of gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (continued)

Notes receivable from participants – Notes receivable from participants were measured at amortized cost, which represented unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis.

Payment of benefits – Benefits were recorded when paid.

Expenses – Necessary and proper expenses of the Plan were paid from the Plan's assets, except for those expenses the Company was required by law or chose to pay.

Subsequent events – The Plan evaluated subsequent events through June 3, 2020, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Accounting Standards Codification (ASC) 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets, or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The methods used by the Plan may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments by general types of assets measured at fair value on a recurring basis at December 31, 2018. As required by ASC 820, assets were classified in their entirety based on the lowest level of input that was significant to the fair value measurement.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2018
Mutual funds	\$ 105,063,521	\$ -	\$ -	\$ 105,063,521
Money market fund	14,247,485	-	-	14,247,485
Self-directed brokerage accounts	6,292,000	-	-	6,292,000
	<u>\$ 125,603,006</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 125,603,006</u>

There were no transfers to or from Level 3 during the year ended December 31, 2019.

Note 4 – Information Certified by the Trustee

The following summary of unaudited information included in the Plan's financial statements was certified by Schwab as of December 31, 2019 and 2018, and for the year ended December 31, 2019. The information was furnished to the Plan administrator, and the Plan administrator obtained certifications from Schwab that the following information was complete and accurate:

- Investments at fair value as of December 31, 2018
- Non-interest bearing cash as of December 31, 2018
- Notes receivable from participants as of December 31, 2018
- Investment income for the year ended December 31, 2019
- Interest income on notes receivable from participants for the year ended December 31, 2019

Note 5 – Tax Status

The Plan was based on a prototype non-standardized defined contribution plan that received an advisory letter dated June 19, 2014, in which the Internal Revenue Service stated the prototype plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan was amended since the date of the advisory letter, however, the Plan administrator believed the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believed the Plan's tax-exempt status was not affected, and no provision for income taxes was included in the Plan's financial statements.

Note 6 – Related-Party Transactions

The Plan invested in a money market fund sponsored by an affiliate of Schwab. Therefore, those transactions qualified as exempt party-in-interest transactions.
