NOTE 1 – DESCRIPTION OF PLAN

Dynasty Wireline Services LLC 401(k) Plan (the Plan) is a qualified retirement plan adopted by Dynasty Wireline Services LLC (the Company). The Plan was originally effective on June 10, 2016, to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was amended and restated effective September 5, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees are eligible to participate and enter into the Plan when the employee has completed three months of service and has attained age 21.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have the amount contributed to the Plan as an elective deferral not to exceed a dollar limit which is set by law. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants may revoke or make modifications to their salary deferral elections. Participants who have attained or will attain age 50 before the end of a calendar year may make additional catch-up contributions.

The Plan includes an automatic deferral feature. Accordingly, the Company will automatically withhold 3% of a participant's compensation each payroll period and contribute that amount to the Plan unless the participant makes a contrary election. Participants may complete a salary reduction agreement at any time to select an alternative deferral amount or to elect not to defer under the Plan.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals. Each year, the Company will determine the formula for the discretionary matching contribution. The matching contribution for 2019 was equal to 50% of participant's salary deferrals that do not exceed 6%. The Plan will not match any catch-up deferrals.

Participants are also permitted to deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their elective deferrals, rollovers, and Plan earnings thereon. The participant's vested percentage for employer contributions is based on vesting periods of service. A participant becomes 100% vested after five periods of service.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers mutual funds and a fixed annuity as investment options for participants. Participants may exchange/transfer money between investment securities at any time.

Notes Receivable From Participants – Only active participants may request a loan. Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum of $50,000 reduced by the highest loan balance during the past 12 months or 50% of their vested account balance, whichever is less. The loans are adequately secured and bear a reasonable rate of interest. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits – Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan when they terminate employment with the Company. If the vested account balance exceeds $5,000, a participant's consent is required. If the vested account balance does not exceed $5,000, the Plan will distribute their account without their consent. If the amount of the distribution exceeds $1,000 and the participant does not elect to either receive or roll over the distribution, the distribution will be directly rolled over to an IRA.

Participants may be entitled to receive an in-service distribution. Generally, a participant may receive a distribution from certain accounts prior to termination of employment if the participant has attained age 59½ or has incurred a financial hardship.

Forfeitures – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used to pay administrative expenses or used to reduce any matching contribution. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $20,193 and $4,603, respectively. Also, in 2019, employer contributions were reduced by $6,077 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest and other income are recorded on the accrual basis.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Loan origination fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through June 2, 2020, the date the financial statements were available to be issued. See *Note 11* for discussion of subsequent events.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuities – Valued daily based on the valuation method disclosed in the annuity contract as calculated by the trustee. The inputs used by the trustee are generally considered obtainable/observable through the review of existing contracts and readily available financial information. The trustee determines and publishes the annuity's value and uses it as the basis for current participant transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 2,908,003**	**$ -**	**$ -**	**$ 2,908,003**

	2018

Investments at fair value	$ 1,263,823	$ 5,694	$ -	$ 1,269,517

NOTE 4 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by both Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustee of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by both Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Trust Company, LLC, is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Great-West Trust Company, LLC receives revenue from mutual fund service providers for services the trustee provides to the funds. This revenue is used to offset certain amounts owed for administrative services to the Plan. During 2019, $3,360 of revenue sharing was credited to the Plan and recorded as other income in the statement of changes in net assets available for benefits. Such amounts were applied to pay administrative expenses.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA provided by Great-West Trust Company, LLC. The prototype plan obtained a favorable opinion letter dated March 31, 2014. According to the prototype plan, the Plan's assets are qualified pursuant to section 401 of the Internal Revenue Code (IRC) and, accordingly, the Plan's net investment income is exempt from income taxes. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	**$ 3,425,730**	$ 1,562,235
Employer contribution receivable	**(421,079)**	(283,641)
Net assets available for benefits per the Form 5500	**$ 3,004,651**	$ 1,278,594

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2019, to Form 5500:

Employer contributions per the financial statements	$ 415,001
Less: employer contribution receivable at December 31, 2019	(421,079)
Add: employer contribution receivable at December 31, 2018	283,641
Employers contributions per Form 5500	$ 277,563

NOTE 10 – PROHIBITED TRANSACTIONS

During 2018, the Company failed to remit to the Plan's trustee certain participant contributions totaling $426 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the Plan were due to administrative errors. In 2019, the Company made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

NOTE 11 – SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the outbreak of the coronavirus disease (COVID-19) as a pandemic. The outbreak in the United States has negatively impacted economies and global financial markets.

While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Because of the uncertainty of the duration or impact of this pandemic, the near- and long-term financial impact cannot be reasonably estimated at this time.

In April 2020, the Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) enacted March 27, 2020. The CARES Act took immediate effect and allows for qualifying participants who experience adverse effects due to COVID-19 to take "coronavirus-related distributions" with a repayment or rollover during the three-year period beginning the date after the distribution date, increase the Plan's loan limits, and extend loan repayment deadlines. The CARES Act also permits the Plan to postpone required minimum distributions for one year. Full impact on the Plan is unknown at this time.
