Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Seachrome Corporation 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. **General.** The Plan is a defined contribution plan covering all employees of Seachrome Corporation and participating employers (collectively, the Company) who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.
- b. **Contributions.** Each year, participants may contribute any percentage of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers three Guaranteed interest accounts and sixty-one pooled separate accounts as investment options for participants. The Company can make matching discretionary contributions to the Plan. During year ended December 31, 2019, the Company contributed 25 percent of the first 5 percent of pretax compensation that a participant contributes to the Plan. Contributions are subject to certain statutory limitations.
- c. **Participant Accounts.** Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of credited service.
- e. **Payment of Benefits.** When participation in the Plan terminates for any reason other than death, the participant's vested account balance, as defined in the Plan agreement, shall be distributed in a lump-sum to such participants. When participation in the Plan is terminated by reason of death, the participant's vested account balance, as defined in the Plan agreement, shall be distributed to his or her designated beneficiary or executor. Distributions due to death shall be distributed in a lump sum, as defined in the Plan agreement. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the Plan agreement.

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN - continued

- f. **Forfeited Accounts**. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$923. These accounts can be used to reduce future employer contributions or to pay administrative expenses.
- g. **Notes Receivable from Participants**. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest of 5.50% to 7.50%, as determined using the prime rate on the day of the note request plus 2%. Principal and interest is paid ratably through payroll deductions.
- h. **Administrative Expenses**. Administrative expenses are paid to the third party administrator and audit fees are paid directly by the Plan sponsor and are not reported in these statements. In addition these fees may be paid out of forfeited accounts. Administrative expenses recorded in these financial statements are for asset charges, participant fees, and transaction fees charged by the various funds and are charged against the participant accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through June 3, 2020, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Seachrome Corporation 401(k) Plan
Notes to Financial Statements

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

Investments are reported at fair value. The investments in the pooled separate accounts are stated at fair value, and represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund, and are based on the net asset value of the shares held by the Plan at the end of the year. The fair value of the Guaranteed Interest Accounts is book value multiplied by a formula based on a composite interest rate and the number of months to maturity, which approximates fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Unaudited Information Certified by the Plan custodian.

The December 31, 2019 and 2018 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	2019	2018

NOTE 4 - INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets:

December 31,	2019	2018
Pooled separate accounts:		
Lifestyle Fund Conservative Portfolio	\$ 261,894	\$ 254,575
Lifestyle Fund Moderate Portfolio	371,062	315,112
Lifestyle Fund Balanced Portfolio	483,750	386,065
Lifestyle Fund Growth Portfolio	499,769	409,005
Utilities Fund	343,727	262,742
Vanguard Energy Fund	186,043	150,224
T. Rowe Price Science and Technology Fund	-	136,351

During the period ended December 31, 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$494,053 as follows:

Net appreciation in fair value of pooled separate accounts	\$ 488,609
Net appreciation in fair value of guaranteed interest accounts	5,444
Net appreciation in the fair value of investments	<u>\$ 494,053</u>

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The Company adopted a Volume Submitter Profit Sharing 401(k) Plan which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan has not yet filed for its own determination letter from the Internal Revenue Service. Although the Plan has been amended, the Plan administrator believes that the plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Seachrome Corporation 401(k) Plan
Notes to Financial Statements

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are units of pooled separate accounts and guaranteed interest accounts managed by John Hancock Life Insurance Company. Therefore, these transactions qualify as party-in-interest transactions.

Fees paid during the year for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services and totaled \$19,612.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - NONPARTICIPANT DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant directed investments is as follows:

Notes to Financial Statements

NOTE 10 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the assets or liability, and Level 3 inputs consist of prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (that is, the inputs are supported by little or no market activity). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Level 1 Fair Value Measurements

Pooled separate accounts: The fair value of participation units held in pooled separate accounts are supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

Guaranteed interest accounts: The fair value represents the value the Plan would receive if the contract was terminated, which is book value multiplied by a formula based on a composite interest rate and the number of months to maturity.
