Report on the Financial Statements

We have audited the accompanying 2018 financial statements of Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust (the “Plan”), which comprise the statement of net assets available for benefits as of December 31, 2018, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on the 2018 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the 2018 financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion on the 2018 Financial Statements

In our opinion, the 2018 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust as of December 31, 2018, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters - Report on 2017 Financial Statements and Report on Supplementary Information

The accompanying statement of net assets available for benefits of the Plan as of December 31, 2017 was not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

Our audit was conducted for the purpose of forming an opinion on the 2018 financial statements as a whole. The supplemental schedules of delinquent participant contributions for the year ended December 31, 2018, and of assets (held at end of year) as of December 31, 2018, are presented for the purpose of additional analysis and are not a required part of the 2018 financial statements, but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2018 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2018 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2018 financial statements or to the 2018 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2018 financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by Transamerica Financial Life Insurance Company, the custodian of the Plan as of December 31, 2018 and from June 27, 2018 to December 31, 2018, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

As of December 31, 2018 and 2017
and for the year ended December 31, 2018

1. Description of the Plan

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust (the “Plan”) is a defined contribution plan covering substantially all eligible employees of Fat Quarter Shop LLC (the “Company” or “Plan Sponsor”). The Plan became effective January 1, 2008 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective June 27, 2018, the Plan changed third-party providers from Paychex to Pensys Fiduciary Services, Inc. as the Plan Administrator, Transamerica Financial Life Insurance Company (“Transamerica”) as the custodian, and Transamerica Retirement Solutions, LLC as the recordkeeper. All Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Plan Amendments

Effective January 1, 2018, the Plan was amended and restated as follows:

- To exclude leased employees from participation in the Plan.
- To remove the 16 year minimum age requirement for Plan eligibility.
- To change the Plan entry date from immediately upon meeting age and eligibility service requirements.
- To increase the maximum employee contribution allowed from to 96% to 100% of annual eligible Plan compensation.
- To remove the following requirements for participation in employer profit sharing contributions: minimum service of one year (500 hours) and that the participant is employed on the last day of the Plan year.
- To permit hardship withdrawals.

The January 1, 2018 amendment and restatement included the elimination of distribution options effective April 1, 2018. The following distribution options were eliminated as of this date: partial withdrawals, installment payments, and annuity contracts.

The January 1, 2018 amendment and restatement included a safe harbor matching contribution under a Qualified Automatic Contribution Arrangement (QACA) and a delayed effective date of January 1, 2019 was applied to this safe harbor provision. Beginning in 2019, the Company will match the sum of 100% of the first 4% of each participant’s eligible Plan compensation, on an annual basis. Participants will be fully vested in the Company’s QACA safe harbor matching contributions.

All Plan provisions discussed below are as of the January 1, 2018 amendment and restatement.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Eligibility

Employees of the Company are eligible to participate in the Plan upon the completion of three months of service, as defined. Employees are eligible to participate in the Plan beginning the first of the month coinciding with or next following their eligibility date. Collectively bargained employees, non-resident aliens without U.S. income, and leased employees are not eligible to participate in the Plan.

Contributions

Participants are allowed to make elective pre-tax or Roth contributions to the Plan of up to 100% of their annual eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Company makes safe harbor matching contributions to the Plan of amounts determined and authorized by the Plan and the Company's Board of Directors up to the maximum amounts permitted by the IRC. The Company's safe harbor matching contributions are based on each participant's contribution, up to 3% of the participant's compensation, plus 50% of salary deferrals up to the next 2% of the participant's compensation. The Company may also make discretionary contributions. No discretionary contributions were approved or made for 2018.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in employer safe harbor matching contributions, their contributions, including rollover contributions, plus actual earnings thereon. A participant is 100% vested upon death, disability, or retirement. Vesting in the Company's discretionary contributions, plus actual earnings thereon, is based on years of credited service, as defined. Company discretionary contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 2 years	0 %
2 years	20 %
3 years	40%
4 years	60%
5 years	80%
6 years and more	100%

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service. Forfeitures are retained in the Plan and used either to pay Plan administrative expenses or to reduce employer contributions. The forfeited unvested account balance totaled \$0 at December 31, 2018 and 2017.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of i) \$50,000 or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2%. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended.

1. Description of the Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form. In general, if a participant's employment is terminated other than due to retirement or death, the participant may not receive a lump sum distribution of his/her vested account balance prior to normal retirement, with the participant's consent. Participant account balances that are less than \$5,000, but in excess of \$1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan Agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies using information provided by investment advisers, the custodian, and the insurance company. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividend income is not broken out from net depreciation of investments, but these amounts are not expected to be material. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. as termination of employment).

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, May 19, 2020, the date the financial statements and supplemental schedules were available to be issued. See specific subsequent events disclosed in Note 6.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate accounts*: Pooled separate accounts (PSAs) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	December 31, 2017			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,429,740	\$ –	\$ –	\$ 1,429,740
Total	\$ 1,429,740	\$ –	\$ –	\$ 1,429,740

Investments, at fair value, that are valued using NAV as a practical expedient totaled \$1,443,231 as of December 31, 2018.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of Levels 1, 2, or 3.

4. Transamerica Stable Value Option

The Plan invests in a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The contract provides for a stable value fund under a group annuity contract with Transamerica under their Stable Value Option investment choices. The Transamerica Stable Value Option investment choices are backed by the general account of Transamerica.

While Transamerica declares rates periodically and backs the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. The account is credited with earnings and charged for participant withdrawals, administrative expenses, and contract charges, as appropriate.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

4. Transamerica Stable Value Option (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity.

As described in Note 2, because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (i) complete or partial plan termination; (ii) changes to plan's investment options; or (iii) sale of a division of the plan sponsor, corporate layoff of early retirement program. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Related-Party and Party-in-Interest Transactions

Plan assets include investment in funds managed by Transamerica. Transamerica serves as the Plan's custodian and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

6. Subsequent Events

As discussed in Note 1, changes to the Company's safe harbor matching contribution included in the January 1, 2018 amendment and restatement take effect on January 1, 2019. Refer to Note 1 for specific changes to the Plan provisions.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

7. Income Tax Status

The Plan adopted a volume submitter plan document that received an advisory letter from the IRS on March 31, 2014. The advisory letter stated that the volume submitter plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2019-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. The Plan has adopted other discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, and for the year ended December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

8. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2018, the Company failed to remit to the Plan's custodian certain employee contributions totaling \$33,160 within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator is in the process of taking corrective action in 2020, including payment of lost interest.
