Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of a Matter

As more fully described in Note 11, *Subsequent Events*, to the financial statements, due to the outbreak of a novel coronavirus (COVID-19), which was declared a global pandemic by the World Health Organization in March 2020, there has been substantial volatility in world financial markets resulting in declines in the market value of investments. Our opinion is not modified with respect to this matter.

The plan administrator has obtained certifications from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of a Matter

As more fully described in Note 11, *Subsequent Events*, to the financial statements, due to the outbreak of a novel coronavirus (COVID-19), which was declared a global pandemic by the World Health Organization in March 2020, there has been substantial volatility in world financial markets resulting in declines in the market value of investments. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2019 and delinquent participant contributions for the year ended December 31, 2019 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in these financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements
December 31, 2019 and 2018

Note 1 - Description of the Plan

The following description of the Rexam Retirement Savings Plan for Collectively Bargained Employees (the "Plan") is provided for general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1994 by the Plan's former Sponsor, American National Can Company ("ANCC") and was most recently restated January 1, 2015. On July 31, 2000, ANCC was acquired by Rexam Inc., a wholly-owned subsidiary of Rexam PLC. On June 30, 2016, Ball Corporation (the "Company") completed its acquisition of Rexam PLC. The Plan Sponsor changed from Rexam Inc. to Ball Inc. effective November 1, 2016, which is a wholly-owned subsidiary of Ball Corporation.

The Plan provides benefits to eligible union hourly associates of Rexam Beverage Can Company. The Plan is a voluntary defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is not insured by the Pension Benefit Guaranty Corporation. The Employee Benefits Administration Committee ("EBAC") of Ball Corporation is responsible for oversight of the Plan. The Benefit Plans Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Trustee and Recordkeeper of the Plan

The trustee of the Plan is Vanguard Fiduciary Trust Company (the "Trustee" or "Vanguard"). The Trustee holds all assets of the Plan in accordance with provisions of the agreement with the Company. Vanguard is also the recordkeeper of the Plan.

Eligibility

Eligibility to participate in the Plan is obtained for all employees the first day of the month following or coincident with the completion of 30 days of service. However, employees who are considered temporary or seasonal only become eligible upon completion of 1,000 hours of service in a computation period, as defined by the Plan Document. Once a temporary or seasonal employee becomes eligible they remain eligible for all future periods of service.

Contributions

Participants may elect to make contributions up to 50% of their eligible compensation on a pre-tax or after-tax basis, not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code (the "IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, not to exceed the maximum annual contribution limit allowed by the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans, as a rollover into the Plan.

The Plan has an auto-enrollment and auto-escalation feature. Participants who do not opt out of the Plan, or elect to make contributions of a different amount, are automatically enrolled 60 days after their hire date. For participants that are automatically enrolled in the Plan, enrollment begins at a pre-tax contribution rate of 3% of eligible pay. The contribution rate will increase by one percentage point each June until it reaches 15%, subject to IRC limits. The contributions are invested in the date-specific Vanguard Target Retirement Funds closest to the date the participant will reach age 65, unless directed otherwise by the participant. The Target Retirement Funds will gradually shift its emphasis from more aggressive investments to more conservative ones based on the participant's target retirement date. Participants may opt out of the auto-escalation feature at any time. No active employee groups allow for Company contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of Plan earnings (losses) and certain administrative expenses. Plan earnings (losses) and expenses are allocated to individuals' accounts based on each participant's account balance in their respective investment options selected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Transfers Out

Certain employees from the Plan may transfer locations or become a salaried employee, in which case, they become participants of, and their account balances are transferred to, the Ball Corporation 401(k) and Employee Stock Ownership Plan.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon.

Forfeitures

Forfeitures of nonvested accounts are used to reduce Company contributions and/or to pay the Plan's administrative expenses. The balances are included within the investment accounts. Forfeitures available at December 31, 2019 and 2018 were $2,088 and $6,695, respectively. For the year ended December 31, 2019, Plan administrative expenses of $5,700 were paid from the forfeitures balance and no employer contributions were paid from the forfeitures balance.

Notes Receivable from Participants

Participants may borrow from their fully vested accounts up to the lesser of 50% of their vested account balance or $50,000 (minus highest outstanding note balance during the last 12 month period). Notes must be repaid over a period of no more than 5 years, or up to 15 years if the note is used to purchase a primary residence. All notes become due and payable within 90 days upon termination of employment. The notes are collateralized by the balances in the participant's account and currently bear an interest rate of 1% over the prime interest rate and are fixed for the term of the loan. At December 31, 2019, interest rates on outstanding notes receivable from participants ranged from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount, receive installment payments, leave the funds in the Plan, or roll funds over to another employer's eligible plan or an individual retirement account ("IRA"). If a participant's vested account balance is $5,000 or less, it cannot be left in the Plan. If the balance is $1,000 or less, the balance will be distributed in a lump sum payment. If the balance is more than $1,000 but less than or equal to $5,000, the amount will be transferred to a Vanguard IRA, unless a distribution is requested. Withdrawals for qualified emergencies of eligible contributions are permitted.

Rollovers

Eligible employees are permitted to rollover distributions from other qualified plans to their account at any time during the Plan year. Rollovers from other qualified plans were $43,620 for the year ended December 31, 2019.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Accordingly, income is recognized when earned, and expenses are recognized when incurred. Distributions to participants are recorded when paid.

Contributions

Participant contributions are recorded in the period payroll deductions are made. Contributions are credited in the year in which the participant receives the paycheck from which the contributions are deducted.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences could be material.

Investment Valuation

The Plan's investments are stated at fair value, which is described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefit Plans Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Income Recognition

Presented in the statement of changes in net assets available for benefits is the net appreciation/(depreciation) in the fair value or losses in fair value of the Plan's investments, which consists of the realized gains/(losses) and the unrealized appreciation/(depreciation) in value of those investments. Capital gains/(losses) are included in the net appreciation/(depreciation) in the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Expenses of the Plan

Certain costs and expenses incurred in establishing, amending and administering the Plan, including the fees and expenses of the Trustee, are paid by the Company and are excluded from the financial statements. The Plan pays for certain loan and distribution transaction fees and the annual recordkeeping fees that are charged to the related participants' accounts.

Plan recordkeeping fees are paid as a part of the expense ratios—the cost of running the fund, expressed as a percentage of the fund's assets, as of the most recent fund prospectus—charged by the Plan investments. The range of expense ratios for the years ended December 31, 2019 and 2018 was 0.02 percent to 0.66 percent. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. The annual plan recordkeeping fee of $52 per participant is paid by Plan participants via an automatic quarterly deduction.

Note 3 – Information Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Interest and dividend income, net appreciation in the fair value of investments and interest earned on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the supplemental Schedule, Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2019.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities observable in active markets.

Level 2 Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds are exchange-traded open-ended funds.

Collective investment trusts: The investments include lifecycle (targeted maturity funds), a stable value fund and a large growth fund. The fair values of the Plan's interest in the funds are based on the Net Asset Value ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. Generally, under ordinary market conditions, all collective investment trust positions provide daily market liquidity to plan participants and the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During the years ended December 31, 2019 and 2018, there were no liabilities accounted for at fair value on a recurring basis and no Level 3 assets or liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,703,042	$ -	$ -	$ 19,703,042
Total investments in the fair value hierarchy table	$ 19,703,042	$ -	$ -	$ 19,703,042
Collective investment trusts (measured at net asset value) (a)				19,244,029
Total investments at fair value				$ 38,947,071

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,104,565	$ -	$ -	$ 18,104,565
Total investments in the fair value hierarchy table	$ 18,104,565	$ -	$ -	$ 18,104,565
Collective investment trusts (measured at net asset value) (a)				18,768,795
Total investments at fair value				$ 36,873,360

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of levels 1, 2, or 3.

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2019 and 2018.

	Fair Value as of December 31,				
	2019	2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period (plan level)
Target Date Funds	$ 14,604,366	$ 13,843,925	None	Daily	None
Stable Value Fund	$ 4,438,813	$ 4,924,870	None	Daily	12 months
Large Growth Fund	$ 200,850	$ -	None	30 days	None

Note 5 - Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated November 6, 2015 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and units of collective investment trusts managed by Vanguard. Vanguard is the trustee as defined by the Plan. Notes receivable are secured by the vested balance of participant accounts. Fees paid by the Plan for the investment management services are included in net appreciation/(depreciation) in fair value of investments. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

Vanguard receives revenue from mutual fund and collective investment trust fund service providers for services Vanguard provides to the funds. The revenue may be applied to offset certain amounts owed to Vanguard for its administrative services to the Plan. If the revenue received exceeds the amount owed under the Master Plan Services Agreement, Vanguard remits the excess to the Plan's trust on an annual basis. During 2019, there were no excess amounts. The Plan or the Company may make a payment to Vanguard for administrative expenses not covered by revenue sharing. During 2019, $53,151 was paid to Vanguard from the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, all amounts credited to a participant's account will become fully vested, to the extent not already vested, and distributed as defined in the Plan Document.

Note 8 – Concentrations, Risks and Uncertainties

Investments that represent 10% or more of Plan assets at year end are as follows:

	December 31, 2019	December 31, 2018
Vanguard Institutional Index Fund Plus Shares (b)	$ 7,556,678	$ 6,166,204
Vanguard Wellington Fund Admiral Shares (b)	6,247,974	5,933,437
Vanguard Retirement Savings Trust II (b)	4,438,813	4,924,870

(b) party-in interest

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Market values of investments may decline for a number of reasons, including changes in prevailing market prices and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in values of investment securities in the near term could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. See Subsequent Events disclosures in Note 11.

Note 9 - Delinquent Participant Contributions

The Company erroneously failed to remit participant contributions and payments on participant notes receivable totaling $137,299, to the Plan on a timely basis for the year ended December 31, 2018. The Company remitted lost earnings on the 2018 late contributions outside of the Department of Labor's Voluntary Fiduciary Correction Program ("VFCP") during the year ended December 31, 2019. See the accompanying supplemental Schedule of Delinquent Participant Contributions.

Note 10 – Department of Labor Audit

In February 2019, the Plan received a letter from the Department of Labor ("DOL") stating their intent to audit the Plan. The audit is currently in progress and no findings or actions directed by the DOL have been identified as of the date these financial statements were available to be issued.

Note 11 – Subsequent Events

Management has evaluated subsequent events through the date these financial statements were issued, and determined that there were no events or transactions which require recognition or disclosure in these financial statements, except as noted below.

Effective January 1, 2020, a Participant who has terminated employment with the Company and who still has an Account under the Plan may elect to receive a rollover contribution into their account.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

On March 4, 2020, the EBAC was absorbed into the Global Pension Benefits Committee ("GPBC"), and the GPBC became the administrator of the Plan.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. Certain provisions of the CARES Act have been adopted by the Plan, and the Plan will later be amended to include these provisions.
