To the Plan Administrator
Dana Kepner Company 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dana Kepner Company 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018 and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A. (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and notes receivable from participants and executes related transactions. The plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2019 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Note 1 - Plan Description

The following description of Dana Kepner Company 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1992. The plan adoption agreement was restated effective January 1, 2012 and amended in 2014. The Plan is available to employees who have completed one month of service. Plan entry dates are monthly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The board of directors of Dana Kepner Company, Inc. (the "Company") administers the Plan. David Wickett serves as plan trustee. Wells Fargo Bank, N.A. (Wells Fargo) serves as trustee, manages plan assets, and maintains the Plan's records. Wells Fargo offers plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Note 2 - Summary of Significant Accounting Policies

Contributions

Participants may make before-tax and after-tax contributions up to 100 percent of their annual eligible compensation, as limited by the Internal Revenue Service (IRS), which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Plan provides an automatic enrollment feature deferring 5 percent of eligible compensation, upon meeting eligibility requirements, unless the participant elects to opt out.

The Company may make a discretionary matching contribution to the Plan based on each participant's years of service and the participant's elective contributions, limited to the first 5 percent of each participant's eligible compensation, as defined in the plan document. Currently, for participants with less than five years of service, the Company may make a matching contribution equal to 25 percent of each participant's elective contributions. For participants with at least five years of service, the Company may make a matching quarterly contribution equal to 50 percent of each participant's elective contributions.

Participants' Accounts

Each participant's account is credited or debited with the participant's contributions and withdrawals, as applicable, and an allocation of the Company's contributions, plan earnings or losses, forfeitures, and plan expenses. Allocations are based upon plan earnings or losses and account balances defined by the plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100 percent vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Note 2 - Summary of Significant Accounting Policies (Continued)

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20
3	40
4	60
5	80
6 or more	100

A participant's account becomes 100 percent vested upon death, attaining normal retirement age (the age of 65) while an employee, retirement due to disability, or termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. Participants may have a maximum of two loans outstanding at any given time. The loans are secured by the balances in the participants' accounts; bear interest at the prime rate per Wells Fargo plus 1 percent, ranging from 4.25 percent to 6.50 percent, which is commensurate with local prevailing rates, as determined quarterly by the plan administrator at loan origination; and mature at various dates through July 2038. Loans have a maximum term of five years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed 20 years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. Loans in the amount of $36,163 were deemed a distribution in the current year.

Benefit Payments

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump sum, partial payment, or installment payments in the amount equal to the participant's vested account balance. Benefits are recorded when paid.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically distributed to an individual retirement account established for the benefit of the participant. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100 percent vested, the nonvested portion (forfeitures) of the participant's account shall be placed in a separate account. Forfeitures can be used to reduce future company contributions. Forfeitures in the amount of $11,511 were applied to reduce employer contributions during the year ended December 31, 2019. The balance of this account at December 31, 2019 and 2018 was $2,639 and $409, respectively, recorded in total investments at fair value on the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's advisor determines the Plan's valuation policy utilizing information provided by the investment advisors, including the appointment of investment managers, and the monitoring of the performance of the Plan's investment funds.

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Concentration of Investments

At December 31, 2019 and 2018, two and three investments accounted for 34 and 42 percent, respectively, of total investments at fair value. During the year ended December 31, 2019, two investments accounted for 42 percent of investment earnings. A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including May 20, 2020, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements, except as noted below.

Declines in Investment Values

Subsequent to year end, the Plan’s investment portfolio has incurred a significant decline in fair value, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

Note 2 - Summary of Significant Accounting Policies (Continued)

Custodian Integration

Subsequent to year end, Wells Fargo will be integrating with Principal Financial Group as part of its acquisition, which was completed during the year.

Note 3 - Assets Certified by the Custodian

Wells Fargo Bank, N.A. (the "Trustee") holds the Plan's investments and notes receivable from participants and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and schedule of assets held at end of year are based solely on information certified by the Trustee.

The plan administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the Trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets held at end of year.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 10,490,896	$ -	$ -	$ 10,490,896
Investments measured at NAV (1)				3,055,225
Total investments at fair value				$ 13,546,121

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 8,369,941	$ -	$ -	$ 8,369,941
Investments measured at NAV (1)				2,639,155
Total investments at fair value				$ 11,009,096

(1) Investments measured at net asset value have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation to total investments on the statements of net assets available for benefits.

There were no changes to the valuation techniques used during the period.

Reported Net Asset Values

The Plan's investments in common collective trust investments had a value of $3,055,225 and $2,639,155 as of December 31, 2019 and 2018, respectively, determined based upon the net asset value of the investments comprising the funds. NAV is used as a practical expedient to approximate fair value. NAV investments have no unfunded commitments, can be redeemed daily, and have daily redemption notice periods.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100 percent vested, and the plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Parties and Party-in-interest Transactions

The Company provides administrative services to the Plan in accordance with the plan agreement and does not charge the Plan a fee for these services.

Certain plan investments are common collective trust investments, which are managed by Wells Fargo. Wells Fargo is the asset custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

In addition, the Plan provides for loans to participants, which are also party-in-interest transactions, that are exempt from the prohibited transaction rules.

Note 8 - Income Taxes

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has received a determination letter from the IRS dated March 31, 2014.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Reconciliation of the Financial Statements to Form 5500

Contributions and receivables, for financial reporting purposes, differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2019 due to the accrual of employer and participant contributions paid to the Plan subsequent to year end.
