1 – DESCRIPTION OF PLAN

GENERAL

The BWI Companies, Inc. 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1996, and was amended and restated as of April 1, 2019. The Plan covers substantially all employees of BWI Companies Inc. (the "Company" or "Plan Administrator"). Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC ("Great-West" or "Trustees"), in conjunction with Empower Retirement Services ("Empower"), serve as Trustees and Record-keeper, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation at the age of twenty-one on the first day of the quarter following one year of employment, as defined by the Plan document. Participants may modify investment elections, transfer existing account balances, and obtain information regarding investments on a daily basis. Each participant's account is credited with the participant salary deferrals, discretionary Company matching contributions, and an allocation of Plan earnings and charged with certain administrative expenses.

CONTRIBUTIONS

The Plan is funded through participant pre-tax elective deferrals, rollover contributions, and discretionary Company matching contributions. A participant may elect to contribute a portion of his or her eligible pre-tax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,000 for 2019). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2019). Effective April 1, 2019, the Plan was amended and restated to remove after-tax Roth contributions. Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

During 2019, the Company elected a matching contribution in an amount equal to 50% of the participant's deferral, up to 6% of the participant's eligible compensation.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participants with vested account balances greater than $5,000 may defer their distributions to a later date. Participant account balances of $5,000 or less at the time of distributions will be cashed out as an involuntary lump sum payment.

1 – DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both participant contributions and Company contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in elective deferrals, rollover contributions, qualified non-elective contributions and the actual earnings received thereon. Vesting of discretionary Company matching contributions and earnings is based on years of continuous service. Participants vest 20% per year after two years of service and are 100% after six years of service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures are available to pay administrative expenses or reduce future Company contributions or may be reallocated to participants. At December 31, 2019 and 2018, forfeited non-vested accounts available for future use totaled $21,365 and $12,192 respectively. During 2019, forfeitures of $325 were used to pay administrative expenses of the Plan. During 2019, forfeitures of $12,192 were reallocated to participants. Those amounts are reported as a component of net assets available for benefits.

REVENUE SHARING ACCOUNT

Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. For the year ended December 31, 2019, there was revenue sharing contributions to the Plan of $61,058, which are included in "Other income" on the Statement of Changes in Net Assets Available for Benefits. Funds of $57,312 were used to pay administrative expenses for the year ended December 31, 2019.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants whose vested account balance is $2,000 or greater. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee is charged at inception of the note. An administrative fee will be charged per year, per loan, and is deducted quarterly from the participant's account.

1 – DESCRIPTION OF PLAN, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS, CONTINUED

The notes are secured by the balance in the participant's account and bear interest based on the prime rate reported in the *Wall Street Journal* plus 1%. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed thirty years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. As of December 31, 2019, notes receivable to participants had rates of 4.25% to 9.25% and maturities from January 2020 through May 2037. As of December 31, 2018, notes receivable to participants had rates at 4.25% to 9.25% and maturities from January 2019 through May 2037.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in the Company contributions portion of their account.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provisions of the Plan (see "Note 5 - Guaranteed Investment Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 42,368,113	$ -	$ -	$ 42,368,113
Total investments, at fair value	$ 42,368,113	$ -	$ -	$ 42,368,113

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2018:

Total investments, at fair value	$ 33,334,879	$ -	$ -	$ 33,334,879

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustees and parties-in-interest, as defined by ERISA, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except for comparing such information certified by the Trustees to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2019	2018
Mutual funds of registered investment companies, at fair value	$ 42,368,113	$ 33,334,879
Guaranteed investment contract, at contract value	5,904,170	6,263,678
Total investments	$ 48,272,283	$ 39,598,557
Notes receivables from participants	$ 1,021,612	$ 1,121,191
Interest and dividends	$ 1,999,961	
Interest on notes receivables from participants	$ 56,879	
Net appreciation of fair value of investments	$ 6,601,682	

5 – GUARANTEED INVESTMENT CONTRACT

The Key Guarantee Portfolio Fund is a fully benefit-responsive group annuity contract issued by Great-West Life & Annuity Insurance Company ("Guaranteed Investment Contract" or "GIC"). There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but could not be less than 0%. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. A surrender charge can be charged based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12 month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. These events could be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Employer-initiated events such as early retirement incentives, Plan termination, spin-offs, or mergers
- Premature termination of the contract
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events occurred that limited the ability of the Plan to transact at contract value with the contract issuers or that limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle an amount different from the contract value. Those events could be different under each contract. Examples of such events include the following:

- A plan change that materially alters the amount of contributions or withdrawals to be directed in or out of the contract;
- A change in the Plan's investment options; or
- A change in the investment philosophy for the Plan's stable value option (or comparable investment option).

6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include units in a guaranteed investment contract managed by Great-West Life and Annuity Insurance Company, the Plan's Trustee. Therefore, these transactions qualify as a party-in-interest investment.

7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a guaranteed investment contract. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect Participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 – TAX STATUS OF THE PLAN

The Plan was based on a prototype plan developed by Great-West Trust Company, LLC which received a favorable opinion letter dated March 31, 2014. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, on January 11, 2017, the Plan received a notice from the DOL that the Plan had been selected for a limited review for the period January 1, 2013 to present date. The Plan received a closing letter on May 1, 2020.

9 – RECONCILATION TO THE 2019 FORM 5500

For the Plan year ending December 31, 2019, there are no reconciling items to the Form 5500.

10 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Plan has evaluated events or transactions occurring after December 31, 2019, the Statements of Net Assets Available for Benefits date, through June 24, 2020, the date the financial statements were ready to be issued, and determined there were no events or transactions besides the events or transactions, that would impact the financial statements for the year ended December 31, 2019, except those noted below.

In March 2020, the World Health Organization categorized the outbreak of the SARS-CoV-2 coronavirus ("COVID-19") as a pandemic. The COVID-19 outbreak occurred globally causing significant fluctuations in financial markets in the United States and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is not able at this time to estimate the full impact on the Plan's financial statements.

10 – SUBSEQUENT EVENTS, CONTINUED

Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") during 2020,
including the following:

- Allowing participants to take distributions of up to $100,000 from the Plan,
- Increasing new notes receivable available borrowings of up to $100,000 through September 23, 2020 unless otherwise extended,
- Providing for the deferment of payments on existing notes receivable through December 31, 2020, and
- Deferring minimum required distributions.
