NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Employee Savings Incentive Thrift Plan of Forbes Management Company Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Termination

On January 7, 2019, the Highlander Management Co., formerly known as Forbes Management Company Inc. (the "Company") Board of Directors adopted a resolution to freeze employee contributions after June 30, 2019 and as soon as practical thereafter distribute, as part of a plan of termination, the net asset of the Plan to its vested participants. Accordingly, all participants of the Plan at the time of termination, are 100% vested and must take a distribution, including rollover distributions, between July 1, 2019 and September 27, 2019. The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and subject to the terms of the Plan. For all current and terminated participants who failed to return the appropriate distribution forms by September 27, 2019, the Company, directed Fidelity Investments to distribute their account in the form of an automatic rollover into an IRA established in each participant's name, held with Millennium Trust Company, as custodian. As of October 4, 2019, all account balances were distributed from the Plan and the Plan has no net assets.

Prior to Plan termination, provisions of the Plan were as follows:

General

The Plan is a defined contribution plan covering all eligible employees of Forbes Family Holdings Inc. and its subsidiaries ("Forbes" or the "Company"). During 2012, Forbes Family Holdings Inc. changed its name to FFH-SH Inc. The Plan permits full-time employees and hourly and temporary employees who have worked at least 1,000 hours for the Plan year to participate in the Plan on the first day of the month following the completion of 30 days of uninterrupted employment. The Plan administrator is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors. Accordingly the financial statements of the Plan as of October 4, 2019 and for the period from January 1, 2019 to October 4, 2019 have been prepared on the liquidation basis of accounting. All expenses that the Plan is responsible for have been recorded.

The Plan has adopted a Fidelity sponsored Model Defined Contribution Volume Submitter Plan Document as a participating employer.

Contributions

Each year, participants may contribute up to 50% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes on behalf of each eligible participant a discretionary amount equal to 100% of the first 3% of a participant's base salary limited to \$130,000 of compensation for a maximum match of \$3,900 per participant per year. These contributions were funded by forfeitures and employer cash contributions during the period ended October 4, 2019.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's contributions (if applicable), as well as Plan earnings. Participants' accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances or specific participants' transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee elective contributions are fully vested upon contribution.

Effective December 31, 2014, the Plan was amended to provide that participants are fully and immediately vested in all employer matching contributions and employer discretionary profit sharing contribution amounts. Prior to such amendment, the Company's matching contributions vest based on the employee's number of years of vesting service.

Notes Receivable from Participants

Participants may borrow from their Plan accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and a participant may not have more than two loans outstanding at any time. The interest rate shall be determined at the time of the loan application and shall be 1% above the prime rate. The period of repayment for any loan shall not exceed five years, unless the loan is to be used in conjunction with the purchase of the principal residence of the participant, in which case the repayment shall not exceed 15 years. Principal and interest are paid ratably through semimonthly payroll deductions.

Payment of Benefits

Upon retirement, death or disability, if earlier, or termination of employment in the case of vested benefits, the balance in the participant's account will be paid to the participant or his or her beneficiaries either in a lump sum or in installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59-½ or for hardship purposes.

Forfeited Accounts

As of October 4, 2019 and December 31, 2018, forfeited non-vested accounts totaled \$0 and \$6,928, respectively. During the period ended October 4, 2019, \$6,953 of employer matching contributions were funded from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

In accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), the Plan has changed its basis of accounting from the ongoing plan basis in presenting the 2018 financial statements to the liquidation basis used in presenting the 2019 financial statements, as the Board of Directors approved a Plan liquidation on January 7, 2019. There was no impact on the financial statements as a result of this change.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Loans are collateralized by the balance in the participant's account and a participant may not have more than two loans outstanding at any time. No allowance for credit losses has been recorded as of October 4, 2019 and December 31, 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded. As of October 4, 2019 there are no notes receivable from participants.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

NOTE 3 - CERTIFICATION BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the Plan's trustee, has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of October 4, 2019 and December 31, 2018.
- Net investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2019 to October 4, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements. There are no assets held in the Plan as of October 4, 2019 as a result of the Plan termination and distribution of all of the Plan's net assets.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018:

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,743,433	\$ -	\$ -	\$ 21,743,433
Total investments	<u>\$ 21,743,433</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,743,433</u>

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee, as defined by the Plan. The Plan also permits notes receivable from participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

As more fully described in the Note 1, the Company has elected to terminate the Plan effective July 1, 2019.

NOTE 7 - INCOME TAX STATUS

The Plan uses a volume submitter plan and received an advisory letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the "Code"). Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of October 4, 2019 and December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 29, 2020, which is the date the financial statements were available to be issued. There are no subsequent events that would require recognition or disclosure in the Plan's financial statements.
