Independent Auditor's Report

To the Participants and Administrator of the
Johnson Controls Select Hourly Retirement Savings and Investment Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of Johnson Controls Select Hourly Retirement Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Johnson Controls Select Hourly Retirement Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description provided to all participants for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan adopted effective August 1, 1974 for participation by eligible employees of Johnson Controls, Inc. ("JCI Inc.") and selected subsidiaries, as designated by the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On April 30, 2019, the Company sold its Power Solutions business to a third party and Power Solutions participants of the Plan became enrolled in a new plan, Power Solutions Retirement Savings and Investment Plan. Participants had the election to transfer their Plan balances to the new plan in May 2019. These transfers approximated \$1 million.

The Plan is administered by the Employee Benefits Policy Committee appointed by the Company.

CONTRIBUTIONS

Participants can designate an amount up to twenty-five percent (25%) of their gross annual eligible compensation as contributions. The Plan has provided multiple company contribution schedules based on specific eligibility rules. A full listing of the schedules can be found in the Plan document.

Participant contributions are deposited in the investment funds of their choice. Participants may reallocate their account balances among the available investment funds at any time in increments of one percent (1%). However, participants were able to reallocate deposits out of the Fixed Income Fund no more than once each calendar quarter in order to maximize the rate of return for that fund.

For certain participant groups, if the participant does not make an election to participate in the Plan within 60 days of becoming eligible, the participant will be automatically enrolled to make pre-tax contributions depending on their employment classification. If automatically enrolled, the participant's contributions will be invested in a target date fund based on their birth date and the fund's target retirement date.

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. A participant's interest in employer contributions plus actual earnings (losses) thereon, vests based on eligibility rules specific to certain groups of employees.

If employment terminates other than by reason of retirement, death or total and permanent disability and the participant is not reemployed by the Company or its affiliates within 72 months of that date, the participant's interest in the non-vested portion of the employer contributions is forfeited. The Company may apply any forfeited amounts to reduce future employer contributions to the Plan and to pay plan expenses.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefit payments are recorded when paid.

PARTICIPANT ACCOUNTS

Participant recordkeeping is performed by Fidelity Investments Institutional Retirement Services Company ("Fidelity").

**JOHNSON CONTROLS SELECT HOURLY RETIREMENT SAVINGS AND
INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018**

As of December 31, 2019 and 2018, Plan assets of \$477,487,737 and \$429,854,013, respectively, have been allocated to the accounts of persons who are no longer active participants of the Plan, but who have not yet received distributions as of that date. Requested but unpaid distributions at December 31, 2019 were deemed to be immaterial.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Loans are subject to certain limitations based on the Plan document. Only two loans per participant may be outstanding at any time. Each loan may be for a term up to five years. Regular payroll deductions are required to repay a loan. Each loan's interest rate is fixed at the prime rate at the beginning of the calendar quarter in which it is issued. Interest rates range between 3.25% and 9.50% as of December 31, 2019. At termination, participants may continue to make monthly loan payments until the balances of any loans are paid off.

The notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. At the time of borrowing, the assets of the participant are sold proportionally to finance the loan. The loan is collateralized by the participant's assets in the Plan.

Should a participant fail to make a loan payment when due (including retirement or termination), the participant is given a grace period to cure the delinquency through the end of the calendar quarter following the calendar quarter in which the default arose. If the participant fails to cure the delinquency, a deemed distribution occurs in accordance with the provisions of the Plan document. The Plan has not made a provision for uncollectible loans as there are none.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, as allowed by Plan provisions, with all remaining expenses paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

FAIR VALUE MEASUREMENTS

ASC 820, "Fair Value Measurement," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a three-level fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability as follows:

- Level 1:* Observable inputs such as quoted prices in active markets;
- Level 2:* Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3:* Unobservable inputs where there is little or no market data, which requires the reporting entity to develop its own assumptions.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

INVESTMENT PLAN

DECEMBER 31, 2019 AND 2018**

SAVINGS AND INVESTMENT MASTER TRUST

All investments of the Plan are included under a master trust arrangement, the Master Trust, which is trustee by Fidelity. All investments of the Master Trust, except the Fixed Income Fund, are stated at fair market value. The Fixed Income Fund, a stable value fund, contained wrap contracts which were stated at contract value. Contract value, as reported to the Plan by Fidelity, represented contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses. As of December 31, 2019, the Fixed Income Fund has a balance of \$0.

Investment income or loss of the Master Trust is allocated among the participating plans daily based on the plans' relative equity interests in each of the Master Trust's investment programs as of the beginning of the applicable day. Interest income and share price appreciation or depreciation are recorded daily by each of the applicable investment programs. Dividend income is recorded either quarterly or semi-annually, depending on the investment program.

The net assets held in the Master Trust as of December 31, 2019 and 2018 and the changes in net assets held in the Master Trust for the year ended December 31, 2019 for the Master Trust are presented in Note 7.

At December 31, 2019 and 2018, unallocated participant forfeitures of non-vested employer contributions of \$439,175 and \$2,313,803, respectively, related to the Plan, were in the Master Trust.

NEW ACCOUNTING PRONOUNCEMENTS

Recently Issued Accounting Pronouncements

In February 2017, the FASB issued Accounting Standards Update (ASU) No. 2017-06, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting." ASU No. 2017-06 clarifies the presentation requirements by a plan's interest in a master trust and requires disclosure of the dollar amount of the plan's interest in each investment type held by a master trust, as well as disclosure of the master trust's other assets and liabilities, and the dollar amount of the plan's interest in each of those balances. ASU No. 2017-06 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted, and will be applied retrospectively to all periods presented. The Company has adopted this guidance on the Plan's financial statements effective for the year ended December 31, 2019.

DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through June 25, 2020, the date which the financial statements were available to be issued. Subsequent to December 31, 2019, the 2019 novel coronavirus ("COVID-19") has, and may continue to adversely affect, the macro-economic environment and global economy. Due to the disruption of COVID-19 on the global economy, the values of investment securities have declined significantly and may continue to be adversely affected.

NOTE 3 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 5, 2014, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

INVESTMENT PLAN

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

On October 31, 2016, Johnson Controls International plc completed the spin-off of its Automotive Experience business by way of transfer to Adient plc and the issuance of ordinary shares of Adient directly to holders of Johnson Controls ordinary shares on a pro rata basis. Each participant received one unit of the new Adient Stock Fund for every ten units of JCI plc Stock fund that they held in the Plan immediately preceding the spin-off. A new Adient Stock Fund was established in the Plan in order to hold distributed shares. The Adient Stock Fund is a closed investment in the Plan, which means balances can be taken out of the Adient Stock Fund but no new contributions or exchanges can be made into this Fund.

For 2019, the Plan sold units in the Adient Stock Fund of approximately \$.7 million and had an investment gain of approximately \$1.6 million. The total value of the Plan's investment in the Adient Stock Fund was approximately \$5.2 and \$4.2 million at December 31, 2019 and 2018, respectively.

For 2019, the Plan purchased units in the JCI plc Stock Fund of approximately \$.7 million. Also, for 2019, the Plan sold units of approximately \$13.1 million and had an investment gain of approximately \$30.6 million. The total value of the Plan's investment in the JCI plc Stock Fund was approximately \$94.8 and \$76.7 million at December 31, 2019 and 2018, respectively.

The unit values of the JCI plc Stock Fund and Adient Stock Fund are recorded and maintained by Fidelity and the Plan. Plan participants may direct up to 25% of their employee and employer contributions to the JCI plc Stock Fund. In addition, participants may exchange a portion of their account balance into the JCI plc Stock Fund, provided the transaction does not cause the portion of their account balance invested in the JCI plc Stock Fund to exceed 25%.

Certain of the assets of the Master Trust are invested in registered investment companies managed by Fidelity Investments, for which Fidelity Management & Research Company ("FMR Co.") provides investment advisory services. FMR Co. is an affiliate of both Fidelity, and Fidelity Workplace Services, LLC, record keeper of the Plan. Expenses paid to FMR Co. and/or its affiliates by the Plan during the year ended December 31, 2019 was \$483,809. These transactions and investments, as well as participant loans, qualify as exempt "party-in-interest" transactions, as "party-in-interest" is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common Stock Funds: The fair value for the Johnson Controls International plc Stock Fund ("JCI plc Stock Fund"), formerly known as the Johnson Controls Common Stock Fund ("JCI Stock Fund"), and the Adient Stock Fund is determined by indirect quoted market prices. The value of the funds are not published, but the investment manager reports daily the underlying holdings. The underlying holdings are direct quoted market prices on liquid and regulated financial exchanges. The fair value of the investments in the JCI plc Stock Fund and Adient Stock Fund reflect a unit value computed daily based on the share price and the value of the fund's short-term investments. At December 31, 2019 and 2018, the Plan held 10,981,030 and 12,130,285 units of the Johnson Controls plc Stock Fund at a unit value of \$8.63 and \$6.31, respectively. At December 31, 2019 and 2018, the Plan held 1,058,798 and 1,198,645 units of the Adient Stock Fund at a unit value of \$4.87 and \$3.48, respectively.

Other Separate Accounts: The fair value for Other Separate Accounts is determined by indirect quoted market prices. These investments are generally held in a commingled trust. The value of the trust is not published, but the investment manager reports daily the underlying holdings. The underlying holdings are direct quoted market prices on liquid and regulated financial exchanges. The Plan has implemented a white-label fund structure for its defined contribution investment options, aside from the JCI and Adient company Stock Funds. This structure places the individual fund offerings into unitized collective trusts for each asset class, which are valued at the NAV, published by Fidelity, based on the fair values of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
