BALON CORPORATION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF THE PLAN

The following description of the Balon Corporation 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Balon Corporation, Viking Forge, and SFO Capital. These companies are affiliated through common ownership and are herein referred to as the "Plan Sponsor." Great-West Trust Company, LLC, trustee of the Plan, holds the investment assets and executes investment transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – Employees who are at least 18 years of age and who have worked 60 days may enter the Plan on the first day of the next calendar quarter.

Contributions – Employees may elect to contribute to the Plan up to 100% of their annual earnings as 401(k) deferrals (pre-tax) or ROTH (after-tax) contributions, subject to certain Internal Revenue Code ("IRC") provisions. The Plan also allows "catch up" contributions for participants beginning in the year that the participant reaches the age of 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan's auto-enrollment deferral feature enrolls all newly eligible participants into the Plan at a rate of 3%, unless the participant affirmatively elects another amount, or declines to participate. Participants who are automatically enrolled in the Plan will have their contribution rate increased at a rate of 1% each year on January 1st, up to a maximum amount of 10%.

The Plan Sponsor makes safe-harbor matching contributions equal to 100% of the salary deferral that does not exceed 1% of compensation plus 50% of salary deferrals over 1% and up to 6% of compensation that a participant contributes to the Plan. The safe-harbor match is calculated and remitted to the Plan every payroll. In addition, the Plan Sponsor may also make a discretionary matching contribution and/or a profit sharing contribution to the Plan. There were no discretionary contributions made to the Plan for 2019. All contributions are subject to certain limitations, as outlined in the Plan document.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective investment trust as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's voluntary contribution, the Plan Sponsor's contributions, and allocations of Plan earnings or losses, as defined by the Plan document. The benefit to which a participant is entitled is the benefit provided by the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings or losses thereon. The safe-harbor matching contribution is full vested and after two years of credited service.

Prior to October 1, 2018, participants vested in employer matching and discretionary contributions plus actual earnings or losses thereon based on years of service as follows:

2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Effective October 1, 2018, the Plan adopted Amendment 4 which modified the vesting schedule for employer matching and discretionary contributions plus actual earnings or losses thereon as follows:

1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures – Upon termination of a participant's employment with the Plan Sponsor, the nonvested portion of the Plan Sponsor's matching and discretionary contributions are used to reduce future Plan Sponsor contributions. Forfeited nonvested accounts were \$53,489 and \$3,115 at December 31, 2019 and 2018, respectively. No forfeitures were used in 2019.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000, up to the lesser of \$50,000 or 50% of their vested account balance. Note terms typically require repayment within five years. The notes are secured by the balance in the participant's account and typically bear interest at a rate equal to 2% above prime rate as published in the Wall Street Journal as of the date of the note. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participants' vested interest in his/her account, or installments over a certain period. However, if the vested account does not exceed \$5,000, the Plan permits only a lump –sum distribution.

Plan Expenses – Recordkeeping and trustee fees that are paid by the Plan are reflected in the financial statements as administrative expenses. All other expenses of the Plan are paid for by the Plan Sponsor and are excluded from these financial statements.

Termination of the Plan – Although the Plan Sponsor has not expressed any intent to do so, it has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes

therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions – Company and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2019 or 2018.

Revenue Sharing Income – The Plan receives revenue sharing. The income from revenue sharing is credited back to the specific employees that invested in the funds generating the revenue.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through June 25, 2020, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies at December 31, 2019 and 2018.

Mutual Funds – Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust – Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its' liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2019 and 2018.

	Fair Value Measurements Using:			Fair Value
	Level 1	Level 2	Level 3	
December 31, 2019:				
Mutual Funds	\$ 67,215,794	\$ -	\$ -	\$ 67,215,794
Total assets in the fair value heirarchy	67,215,794	-	-	67,215,794
Investments measured at net asset value (a)				3,412,496
Investments measured at fair value	<u>\$ 67,215,794</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 70,628,290</u>
December 31, 2018:				
Mutual Funds	\$ 53,135,446	\$ -	\$ -	\$ 53,135,446
Total assets in the fair value heirarchy	53,135,446	-	-	53,135,446
Investments measured at net asset value (a)				2,195,059
Investments measured at fair value	<u>\$ 53,135,446</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 55,330,505</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The investment is valued daily, there are no unfunded purchase commitments, and no withdrawal restrictions.

4. RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility due to the level of risk associated with certain investment securities. It is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Great West Trust Company LLC, trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2019, and for the year then ended:

- Investments, at fair value
- Notes receivable from participants, and related income
- Net appreciation in fair value of investments
- Interest and dividend income
- Income from revenue recapture
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. TAX STATUS

The Plan is based on a prototype plan which has received an opinion letter dated March 31, 2014 which stated the prototype plan is a qualified plan in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS, and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

As described in Note 1, the Plan paid certain recordkeeping and trustee fees to various service providers. These transactions qualify as exempt party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

8. SUBSEQUENT EVENTS

The Plan was amended effective January 1, 2020 for the following changes:

- Plan participants may change their deferral rate at any time (previously a change could be made only at the beginning of each quarter).
- Newly eligible Plan participants may enter the Plan on the first day of the quarter after meeting the eligibility requirements, or any date after that (previously Plan entry was only allowed on the first day of each quarter).
- A true-up contribution will be made at the end of each year to calculate the safe harbor match based on annual earnings and contributions.
- Participants will be permitted to elect a different contribution level for bonus payments.

The global pandemic of the Coronavirus that surfaced at the end of 2019, and has increased in severity and intensity throughout 2020, has disrupted the world's economy and caused a steep decline in financial markets. As discussed in Note 4, the investments in the Plan are sensitive to these types of events and have been adversely affected by the market changes.
