INDEPENDENT AUDITOR'S REPORT

To the Trustees, Plan Administrator, and Plan Participants of the
General Re Corporation and Government Employees
Companies Savings and Stock Ownership Plan
Stamford, CT

Report on the Financial Statements

We have audited the accompanying financial statements of the General Re Corporation and Government Employees Companies Savings and Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the General Re Corporation and Government Employees Companies Savings and Stock Ownership Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included in the 2019 supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. GENERAL RE CORPORATION AND GOVERNMENT EMPLOYEES COMPANIES SAVINGS AND STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2019 AND 2018 AND FOR THE YEAR ENDED DECEMBER 31, 2019

1. DESCRIPTION OF THE PLAN

The following description of the General Re Corporation and Government Employees Companies Savings and Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering employees of General Re Corporation (“Gen Re”), and its Domestic Subsidiaries who are regularly scheduled to complete at least one thousand hours of service (“Company Service”) per year and also covers employees of various subsidiaries of GEICO Corporation (“GEICO”) who meet the eligibility requirements set forth in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Gen Re and GEICO are wholly-owned subsidiaries of Berkshire Hathaway Inc.

Employee Stock Ownership Plan - In July 1989, Gen Re established a leveraged Employee Stock Ownership Plan (“ESOP”) which is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (“IRC”) of 1986, as amended, and is subject to the applicable provisions of ERISA. The Plan entered into a \$150,000,000 term loan agreement (the “Loan”) with the Plan sponsor, Gen Re. The Loan provided for annual payments of principal and interest and was initially to be repaid in full by 2014, with an interest rate of 9.25%. The proceeds of the Loan were used by the Plan to purchase 1,754,386 shares of 7-1/4% cumulative convertible preferred stock of Gen Re (“Preferred Stock”), which was used as collateral for the Loan.

On December 21, 1998, Gen Re merged with Berkshire Hathaway Inc. At that time, the Plan trustee, State Street Bank and Trust Company (“State Street”), converted 1,686,721 shares of Preferred Stock, which was the amount outstanding as of December 21, 1998, into 177,106 shares of Berkshire Hathaway Class B common stock (“Berkshire Common Stock”). The Berkshire Common Stock then became the collateral for the Loan.

Effective January 1, 1999, Gen Re changed the original terms of the Loan. The revised agreement provides that any outstanding amount due on the Loan is payable upon maturity in 2034 with interest payments at an annual rate of 6.5% and annual principal prepayment as required.

Effective January 21, 2010 Berkshire Common Stock was split 50 for 1. All appropriate allocations were made to the records of State Street, Fidelity Management Trust Company (“Fidelity”) and Gen Re. The impact of the stock split was retroactively applied to all share numbers included in the Plan’s financial statements.

Effective December 31, 2017 the Plan was amended to include eligible employees of GEICO as a class of participants in the Plan and as a result the Plan changed its name to the General Re Corporation and Government Employees Companies Savings and Stock Ownership Plan. The intent of this amendment was to allow GEICO employees to become Plan participants and receive unallocated shares of Berkshire Common Stock for their annual profit sharing award. GEICO shares in the expenses and makes employer contributions to the ESOP Trust in return for shares to be released. Such payments are applied against the outstanding debt service of the Loan.

In December 2019, an amendment to the Plan was adopted that no new GEICO employees shall be participants in the Plan for Plan years beginning on or after January 1, 2019 (“the freeze”) and no ESOP GEICO contributions shall be made under the Plan with respect to services performed and compensation earned by the GEICO employees, that were formerly eligible to be Participants, for Plan years beginning on or after January 1, 2019. Therefore, there will be no further allocations to GEICO employees as they are no longer participants. Effective June 1, 2020, the Plan was amended and restated. Please refer to Note 7.

Gen Re makes annual cash contributions necessary to repay the Loan which allows for the allocation of Berkshire Common Stock to Plan participants. No future GEICO contributions related to the Loan (or otherwise) are expected. The Loan is guaranteed by the Plan sponsor. The Plan’s investment in the Berkshire B ESOP Fund consists solely of Berkshire Common Stock shares.

The lender has no rights against shares of Berkshire Common Stock once the shares are allocated to participants. During the year ended December 31, 2019, additional funds of \$10,679,337 were contributed to support the Plan’s debt service. Gen Re contributed \$366,717 and GEICO contributed \$10,312,620. The debt service included \$143,429 of interest expense; \$49,333 from Gen Re and \$94,096 from GEICO. The Loan balance was \$441,590 and \$10,977,497 at December 31, 2019 and 2018 respectively.

The Plan allocated 1,011,440 shares of Berkshire Common Stock to participants in 2019; 43,047 to Gen Re participants and 968,393 to GEICO participants. In 2019, the Plan also used 944 shares for fees, 193,268 shares were sold and retired from the Plan, 1,460 shares were used from the forfeiture account toward Gen Re employer contributions and the ESOP account had a 9,033 share decrease in the supplemental share account due to benefit and loan activity. GEICO participants diversified 208,208 shares from Berkshire Common Stock into other funds held by the Plan and applied 29,345 of forfeiture shares during 2019.

The Plan held 3,507,992 allocated shares and 102,345 unallocated shares of Berkshire Common Stock as of December 31, 2019. As of December 31, 2018, the Plan held 2,878,769 allocated shares and 1,113,785 unallocated shares.

Contributions - The Plan allows Gen Re participants to make after-tax contributions as well as tax-deferred contributions to the Plan as permitted under IRC Section 401(k). Such participants may contribute up to 16% of their annual base salary, subject to IRC limitations for 401(k) contributions, which, for tax-deferred contributions, was \$19,000 for 2019. Gen Re participants who have attained age 50 before the end of the Plan year were eligible to make Catch-Up contributions up to \$6,000 for 2019. Gen Re participant contributions may be allocated among any of the Gen Re Fidelity investment funds, at the participant’s discretion, with the exception of the Berkshire B ESOP Fund. Gen Re contributes an amount equal to 100% of a participant’s contribution up to 6% of the participant’s base salary, except for United States Aviation Underwriters, Inc. (“USAU”) participants who are matched at 100% of a participant’s contribution up to 4 % of their base salary. In 2019, the Plan allocated \$8,019,300 in matching contributions to Gen Re participants using shares of Berkshire Common Stock.

The Plan allowed Gen Re to make additional discretionary contributions for USAU participants in 2019 based on age and salary through December 31, 2019. Such discretionary contributions ranged from 5% to 8% of salary. In 2019, the Plan allocated \$1,147,097 in these discretionary contributions using shares of Berkshire Common Stock.

Gen Re participants are automatically enrolled at a 6% (4% for USAU participants) pre-tax deferral rate upon becoming eligible to participate in the Plan and may elect to change or discontinue deferrals at any time. Gen Re eligible employees who are not participating in the Plan as of the last payroll period ending before April 1st of any year will be automatically enrolled in the Plan at a 1% pre-tax deferral rate. Gen Re participants who contribute less than 6% (4% for USAU participants) of their compensation will automatically have their contribution rate increased by 1%, unless they affirmatively elect not to have their contribution rate increased.

Prior to January, 1, 2019, as described above, GEICO participants were generally eligible to receive a contribution in the form of a profit sharing award after completing one year of qualifying service. GEICO contributions are pursuant to the GEICO profit sharing plan and are authorized at the sole discretion of the GEICO Board of Directors. The profit sharing award settled in 2019 was effective December 31, 2018 based on GEICO 2018 eligibility and totaled \$198,840,135. GEICO participants are not eligible to contribute to the Plan. The employer contribution receivable at December 31, 2018 was \$10,311,886 and related to GEICO's 2019 allocations. This receivable balance was settled in 2019 when the Plan allocated 968,393 shares with a fair value of \$198,840,135 to GEICO participants. \$6,024,875 was funded via the forfeiture balance at Vanguard for GEICO participants. Although there will be no allocations related to 2019 GEICO activity and there is no receivable as of December 31, 2019, contributions made by GEICO in 2019 were used to settle amounts receivable at December 31, 2018 for amounts allocated related to 2018 activity that occurred prior to the freeze.

Refer to the Interfund Transfers section for information on Gen Re and GEICO participants' rights to diversify contributions out of the Berkshire Common Stock.

Payment of Benefits - Upon termination, Gen Re participants are required to receive a lump sum distribution to the extent that their vested account balance is \$1,000 or less. If a participant's account balance is greater than such amount, distributions will be made either in a lump sum or on a periodic basis, as defined in the Plan Document. Active participants may withdraw Pre-Tax and Catch-Up contributions beginning at age 59½ without penalty.

For GEICO participants, upon termination, if a participant's vested account balance equals \$1,000 or less and the participant does not elect otherwise, the participant will receive a lump sum distribution. Upon termination, if a participant's vested account balance exceeds \$1,000 but is equal to or less than \$5,000 and the employee does not elect otherwise, the vested account balance will be rolled over to an IRA held at Vanguard Group Inc. If the vested account balance exceeds \$5,000, a participant is entitled to a lump sum distribution. However, if the termination is due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in monthly or annual installments which provide payments for a period certain of 5, 10 or 15 years.

Participant Accounts - Each Gen Re participant's account is credited with the participant's contributions, which includes amounts transferred from other plans ("rollovers"), Gen Re contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily.

Each GEICO participant's account is credited with contributions as awarded and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in the account. Participant accounts are also valued daily.

Vesting - All Gen Re participant contributions vest immediately. Gen Re participants are not allowed to withdraw contribution amounts that have not been in their account for at least two years. While actively employed, participants become 50%, 75%, and 100% vested in the value of Gen Re contributions after two, three and four years, respectively, of Gen Re service.

While actively employed, the value of contributions to GEICO participants typically vest based on years of service and years of vesting service, at the following rates: 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years. A GEICO participant becomes 100% vested upon reaching age 65 or if he or she dies while still employed by GEICO.

Forfeited Accounts - Forfeited nonvested accounts are allocated at Gen Re and GEICO's discretion to other participants' accounts based on terms as defined in the Plan agreement. For Gen Re, during 2019 forfeitures totaled \$108,509 and no forfeitures were allocated to participant accounts. GEICO has a balance in their forfeiture account of \$10,378,057, of which \$10,313,576 was forfeited during the year. Such GEICO forfeitures can be used to pay Vanguard expenses and they cannot and do not revert back to this Plan.

Interfund Transfers – Gen Re participants are permitted to change the investment of their interests in any of the participant directed funds on a daily basis subject to certain limits. As a result of the Pension Protection Act of 2006, effective January 1, 2007, participants may, at their discretion, diversify out of the Berkshire B ESOP Fund at any time to any other participant directed funds offered in the Plan. This includes both Gen Re match amounts and additional contributions. There are no service, age or vesting restrictions on a participant's ability to divest and participants will have sole discretion regarding the amount of shares to divest and the timing of these divestiture elections.

GEICO participants are permitted to diversify out of their Berkshire B ESOP Fund into a selection of Vanguard funds. There is no restriction on a GEICO participant's ability to divest and participants have sole discretion regarding the timing and amount to divest.

Notes Receivable from Participants - The Plan allows Gen Re participants to borrow from the "before-tax" and "rollover" portions of their respective accounts. Such loans may not exceed the lesser of one-half of the participant's vested account balance or \$50,000. Non-residence loans are repayable over 6 to 60 months. The Plan also allows loans to Gen Re participants for purchases of principal residences, which are repayable over a 30-year period. A fixed interest rate of the prime rate plus one percent calculated at the inception of the loan is charged over the life of the loan. The interest rate for new loans was 6.50% and 6.25% in 2019 and 2018, respectively. Interest and principal repayments are credited directly to the borrower's respective account and are repaid in monthly installments through payroll deductions or directly by the participant. Notes receivable from participants are reflected as assets of the Plan.

GEICO participants are not permitted to borrow from the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The financial statements are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties - The Plan utilizes various investment instruments, including common stock, mutual funds, and collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. Such changes could also materially affect participant account balances.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for a description of the fair value methodology.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable are recorded as distributions based on the terms of the Plan document. Notes receivable are measured with no allowance for credit losses since repayment of principal and interest are received through payroll deductions or directly from the participant, and the notes are collateralized by the individual participant's account balances.

Expenses - The management and service fees of the Fidelity Group of Mutual Funds are charged to operations of the respective funds. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. State Street fees and administrative expenses, which consist primarily of consulting and auditing fees, are paid by the Plan using unallocated shares. These amounted to \$196,618. Vanguard expenses are paid from forfeitures from GEICO participants.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. All amounts allocated to accounts of participants who have elected to withdraw from the Plan have been paid as of December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels at the actual date of the event or change in circumstances that caused the transfer at the end of the reporting period.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the determination of which category within the fair value hierarchy is appropriate for any given investment is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Berkshire Common Stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Berkshire B Unitized Stock Fund – Represents a unitized employer stock fund comprised of underlying Berkshire Common Stock and a short-term cash component. A unitized fund is not a registered security. The value of the unit reflects the combined market value of the underlying stock and market value of the short-term cash position. The market value of the common stock portion of the Berkshire B Unitized Stock Fund is based on the closing market price of the Berkshire Common Stock on the New York Stock Exchange multiplied by the number of shares held in the fund. The carrying amount of the short-term cash component approximates fair value.

Mutual Funds – Valued at the daily closing price as reported on the active market on which the individual securities are traded. These funds are required to publish their daily net asset value and to transact at that price.

Collective Trust Funds – For Gen Re, this consists of the Managed Income Portfolio (“MIP”), which is a collective trust fund sponsored by Fidelity. The MIP’s fair value is measured at net asset value per share as reported by the fund manager. The net asset value is used as a practical expedient to estimate fair value. The redemption frequency is daily and there are no restrictions or notice period required. The Plan had no outstanding funding commitments to the collective trust fund as of December 31, 2019 and 2018. The Plan also holds several collective trust funds at Vanguard which relate to GEICO participants. These collective trusts are also valued at net asset value and have no redemption restrictions.

Invested assets, measured at fair value in the financial statements, are summarized below as of December 31, 2019 and 2018 with fair values shown according to the fair value hierarchy. Notes receivable from participants and the Loan payable to Gen Re are not reported at fair value. Investments measured at net asset value as a practical expedient are not required to be classified according to the fair value hierarchy. The net asset value investment is included to permit reconciliation to the statement of net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of Levels 1, 2 or 3.

4. PLAN TERMINATION

As noted in Note 7, effective June 1, 2020 the Plan was amended and restated. Gen Re intends to continue to operate the Plan, but reserve the right to suspend contributions temporarily or to amend or terminate the Plan. If the Plan were to be terminated, all participants would become fully vested, and all the Plan assets would be used solely to provide the benefits payable to participants and their beneficiaries, in accordance with the

provisions of ERISA.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and are managed by Fidelity Investments Institutional Operations Company, Inc. (“FIIO”) or Fidelity Management and Research Company (“FMR”). Fidelity Management Trust Company (“FMTC”) manages the collective trust and is the administrator as defined by the Plan and these transactions qualify as exempt party-in-interest transactions. FIIO, FMR and FMTC are affiliated entities. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. These fees and service fees are also considered party-in-interest transactions.

The Berkshire B ESOP Fund and the Berkshire B Unitized Stock Fund consist of Berkshire Common Stock shares issued by Berkshire Hathaway Inc., the ultimate parent of the Plan sponsor.

Shares of Berkshire Common Stock in the Berkshire B ESOP Fund have fair values of \$818,801,863 and \$815,199,316 as of December 31, 2019 and 2018, respectively. This investment appreciated in value during the year ended December 31, 2019 by \$83,924,095.

Shares of Berkshire Common Stock and cash in the Berkshire B Unitized Stock Fund have fair values of \$58,794,412 and \$61,571,162 as of December 31, 2019 and 2018, respectively. The stock investment portion of this fund appreciated in value during the year ended December 31, 2019 by \$6,093,235.

Notes receivable from participants are also considered party-in-interest transactions.

As of December 31, 2017 Vanguard, Group, Inc. (“Vanguard”) was named administrator of any GEICO related Berkshire Common Stock allocations. In addition, the Plan invests in several Vanguard Group Inc. and Vanguard Fiduciary Trust Company funds. Vanguard manages the investments related to GEICO participants. Fees paid by GEICO for investment management services were included as a reduction of the return earned on each fund. These fees and service fees are also considered party-in-interest transactions.

Certain administrative functions may be performed by officers and employees of Gen Re and GEICO and these officers and employees may also be participants of the Plan. Gen Re and GEICO pay the salaries of these officers and employees on behalf of the Plan.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed Gen Re by a letter dated November 1, 2017 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

7. SUBSEQUENT EVENTS

Since December 31, 2019, the outbreak of COVID-19 has adversely affected, and in the future it or other epidemics, pandemics or outbreaks may adversely affect Gen Re's operations, including the ESOP. This is or may be due to closures or restrictions requested or mandated by governmental authorities, disruption to supply chains and workforce, reduction of demand for products and services, credit losses when customers and other counterparties fail to satisfy their obligations to Gen Re, and volatility in global equity securities markets, among other factors. Most of these risks are shared with all businesses. The potential effects of the pandemic, including the impact of litigation and regulatory or legislative actions, cannot be reasonably estimated at this time.

Effective as of June 1, 2020, the Plan was amended and restated to:

- 1) discontinue the GEICO Companies' participation in the ESOP portion of the Plan so that the GEICO Companies' are no longer participating employers in the Plan and to transfer assets under the ESOP attributable to employees of the GEICO Companies' to the trust under the Revised Profit Sharing Plan for the Employees of the Government Employees Companies, and,
- 2) rename the Plan the "Employee Savings and Stock Ownership Plan of General Re Corporation and its Domestic Subsidiaries".

Effective June 1, 2020, the total GEICO asset value transferred out of the Plan was \$331,211,203 (unaudited), which represented participant account balances and forfeitures accumulated related to former GEICO participants.

In addition to the transfer of assets noted above, effective June 1, 2020, the effective date of the amendment and restatement, GEICO employees are not eligible and will not participate in the amended and restated Employee Savings and Stock Ownership Plan of General Re Corporation and its Domestic Subsidiaries.
