Caraustar Industries, Inc. Employees' Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Caraustar Industries, Inc. ("Company" or Employer") Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by the Company for the benefit of all covered employees who have reached 18 years of age and 1,000 hours of service for part-time employees. Certain union employees are eligible based on the applicable provisions per their collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Administration

At December 31, 2019 and 2018, the assets of the Plan were record-kept by Massachusetts Mutual Life Insurance Company ("Mass Mutual") where certain investments are held. Reliance Trust Company ("Reliance") is the trustee of the Plan as defined by the plan document.

Contributions

Each year, participants may contribute up to the maximum percentage allowable of their annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. After 90 days of employment, employees who are eligible to participate in the Plan, are not subject to a collective bargaining agreement, and have not selected a particular withholding percentage will automatically have 3% of their eligible compensation withheld and contributed to the Plan. Deferral percentages for automatically enrolled participants increase one percent on each participant's anniversary date in the Plan up to a maximum deferral percentage of 10 percent. Participants subject to collective bargaining agreements receive benefits under the Plan based on the applicable provisions as set forth in their respective collective bargaining agreement.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

For all employees not subject to a collective bargaining agreement, the Company's Safe Harbor Matching Contribution is 100% of the participant's total pretax deferral up to 3% of the participant's annual compensation and an additional 50% of the participant's total pretax deferral on the next 2% of the participant's annual compensation.

The Company also has an Employer Matching Contribution for employees subject to a collective bargaining agreement that is based on the terms agreed to within the respective collective bargaining agreement.

Caraustar Industries, Inc. Employees' Savings Plan

Notes to Financial Statements

The Company is required to make Company Retirement Contributions to certain participant accounts, as defined, based on a percentage of a participant's pensionable earnings and credited service, as defined, at the end of each year as shown below:

<i>Years of Credited Service</i>	<i>Company Contribution</i>
1 year, but less than 5 years	1.0% of pensionable earnings
5 years, but less than 10 years	2.0% of pensionable earnings
10 years, but less than 15 years	2.5% of pensionable earnings
15 years, but less than 20 years	3.0% of pensionable earnings
20 years, but less than 25 years	3.5% of pensionable earnings
25 or more years	4.0% of pensionable earnings

Such Company Retirement Contributions were \$5,135,625 for the year ended December 31, 2019.

Participant Accounts

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a separate account-guaranteed interest contract as investment options for participants. Participants may change their investment elections at any time.

Each participant's account is credited with the participant's contributions and the Company's contributions as well as allocations of Plan earnings thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus the actual earnings thereon. Participants are immediately vested in the Company's Safe Harbor Matching Contributions. Employer Matching Contributions vest according to the following schedule:

<i>Years of Service</i>	<i>Vested Interest</i>
Less than 1 year	0%
1 year, but less than 2 years	25%
2 years, but less than 3 years	50%
3 years, but less than 4 years	75%
4 or more years	100%

Participants become fully vested in the Company Retirement Contributions after three years of credited service. There is no partial vesting.

Participants who reach retirement age, become disabled, or die become vested immediately in Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate is the prime rate, as published in The Wall Street Journal on the last business day in the month in which the loan is taken out, plus 1%. The loans are repaid through ratable bi-weekly payroll deductions.

Caraustar Industries, Inc. Employees' Savings Plan

Notes to Financial Statements

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The normal age of retirement is 65; however, a participant may receive benefit payments beginning at the age of 59½ without penalty. The form of payment is a lump-sum distribution or an annuity to be paid in monthly, quarterly, or annual installments over a period not to exceed 10 years. A participant's pretax contributions and the vested portion of the Company's matching contributions may be withdrawn before retirement or termination of employment only under certain hardship conditions, as defined by the Internal Revenue Code. Vested balances under \$1,000 shall be automatically distributed as a lump sum at the discretion of the Company. Vested balances between \$1,000 and \$5,000 may be rolled over into a qualified IRA at the discretion of the plan administrator.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$553,038 and \$342,249, respectively. These accounts will be used to reduce future Company contributions. In 2019, employer contributions were reduced by \$29,416 from forfeited nonvested accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, Trustee, and recordkeeper. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2019 or 2018.

Caraustar Industries, Inc. Employees' Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan participants, which include the administrative costs of common or collective trust and mutual funds, loan processing fees, and in-service withdrawal fees. The Plan has an expense reimbursement account to reimburse the Plan for reasonable administrative expenses. The reimbursement account is credited monthly with an amount equal to 0.13% of the Plan's assets, divided by 12. During 2019, \$125,238 in Plan expenses were paid through expense reimbursement credits from Mass Mutual, the record keeper. At the end of each year, unused reimbursement credits are allocated to participants' accounts, upon written direction from the Company. Each participant with a balance in the Plan on the allocation date receives a pro-rata share of the total unused reimbursement credits in the same proportion that each recipient's account balance bears to the total balance of the recipients' accounts as of the allocation date. During the 2019 Plan year, the participants received no allocation related to the Plan year ended December 31, 2018. The participants received no allocation in 2019 related to the Plan year ended December 31, 2019.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Caraustar Industries, Inc. Employees' Savings Plan

Notes to Financial Statements

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common or collective trust: Valued using the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments or trading restrictions as of December 31, 2019.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

<i>Assets at Fair Value as of December 31, 2019</i>	Level 1	Total
Mutual funds	\$ 110,686,081	\$ 110,686,081
Common or collective trust measured at NAV*	-	221,006,857
Total assets at fair value	\$ 110,686,081	\$ 331,692,938

<i>Assets at Fair Value as of December 31, 2018</i>	Level 1	Total

4. Information Certified by Reliance and Mass Mutual

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance and Mass Mutual have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2019	2108
Mutual funds	\$ 110,686,081	\$ 92,376,205
Common or collective trust	\$ 221,006,857	\$ 181,827,895
Separate account-guaranteed interest contract	\$ 39,222,924	\$ 35,341,015

Caraustar Industries, Inc. Employees' Savings Plan

Notes to Financial Statements

<i>Year Ended December 31,</i>	<i>2019</i>
Interest income on notes receivable from participants	\$ 610,280
Dividend income from mutual funds	\$ 4,321,517
Interest income from separate account-guaranteed interest contract	\$ 1,421,227
Net appreciation in fair value of investments	\$ 60,344,373

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Group Annuity Contract with Mass Mutual

The Plan entered into a benefit-responsive investment contract with Mass Mutual through the Mass Mutual Diversified Separate Account Guaranteed Investment Contract (the "SAGIC"). Mass Mutual maintains the contributions in a separate account. The separate account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the SAGIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the SAGIC. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is set quarterly. The SAGIC does not allow the crediting interest rate to fall below zero percent.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary); that cause a significant withdrawal from the Plan; or
4. the failure of the trust to qualify for exemption from federal income taxes

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a separate account guaranteed investment contract managed by Mass Mutual; therefore, these transactions related to such investments qualify as exempt party-in-interest transactions under ERISA. Fees paid by participants to Mass Mutual for recordkeeping services totaled \$632,431 for the year ended December 31, 2019. Fees paid by the

Caraustar Industries, Inc. Employees' Savings Plan

Notes to Financial Statements

Plan for the investment management services are included in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no contributions would thereafter be made to the Plan and participants would become 100 percent vested in their Employer contributions.

8. Tax Status

The Plan obtained its latest determination letter on July 8, 2015, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Subsequent Event

The Plan has evaluated subsequent events from the date of the Statement of Net Assets Available for Benefits through June 30, 2020, the date the financial statements were available to be issued and determined that no subsequent events occurred requiring adjustments to, or disclosure in, the financial statements, other than the following:

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States and the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

The Retirement Plan Committee decided to amend the Plan to allow for COVID-19 distributions of up to \$100,000 of employee contributions, loans of up to \$100,000 and deferral of loan payments for up to one year for qualified participants pursuant to the Coronavirus Aid, Relief and Economic Security ("CARES") Act, enacted on March 27, 2020. Plan operations have been modified to comply with this amendment.
