**NOTES TO FINANCIAL STATEMENTS**

## 1. DESCRIPTION OF PLAN

The following description of the Team Air Express 401(k) Plan (the Plan) provides only general information. The Plan is sponsored by Team Air Express, Inc. (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on November 1, 1990, as amended from time to time, covering all employees of the Company. Employees are eligible to participate on the first day of the Plan's quarterly entry dates after completing three months of service and having attained the age of 19. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as well as all provisions of the federal income tax laws.

During the year ended December 31, 2019, the Plan was amended to exclude fringe benefits and bonus compensations for all contribution types.

Effective January 1, 2020, the Plan was amended to a Safe Harbor Plan, which changed the employer matching formula to be equal to 100% of each participant's elective deferrals, not exceeding 4% of the participant's compensation. Additionally, effective May 15, 2020, the safe harbor match was suspended due to the poor condition of the economy as a direct result of the global COVID-19 pandemic.

The Plan Administrators and Trustee of the Plan are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may make tax-deferred contributions to the Plan not to exceed the amount deductible for federal income tax purposes. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute to the Plan by making a matching contribution equal to a uniform percentage of salary deferrals, which percentage will be determined each year at the option of the Company. A match limit of 2% of employee gross compensation (excluding bonuses) was adopted effective January 1, 2015. The Company may also make an additional contribution equal to a percentage of participant compensation. Contributions are subject to Internal Revenue Service (IRS) limitations.

## 1. DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions and employer contributions (if any), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions, rollover contributions from other plans and actual earnings thereon. Vesting in the Company's matching contributions and profit-sharing contributions (if any) of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon retirement, permanent disability, death or reaching age 55 while employed by the Company. If a participant separates from the employment of the Company for any other reason, a participant shall be vested based upon the following schedule:

| Years of Vesting Service | Percentage Vested |
|---|---|
| Less than 1 year | 0% |
| 1 year, less than 2 years | 0% |
| 2 years, less than 3 years | 20% |
| 3 years, less than 4 years | 40% |
| 4 years, less than 5 years | 60% |
| 5 years, less than 6 years | 80% |
| 6 or more years | 100% |

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes (Note 2), are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrators. Two loans per participant may be outstanding at any one time. Principal and interest on notes receivable from participants are repaid through payroll deductions.

Payment of Benefits

Distributions from the Plan will be made in one lump-sum payment in cash equal to the value of the participant's vested interest in his or her account balance. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $5,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $9,351 and $16,025, respectively. These accounts may be used to pay administrative expenses and to reduce the employer's profit sharing and matching contributions to the Plan. During the year ended December 31, 2019, $11,371 of forfeitures were used to pay administrative expenses or reduce the employer's matching contributions.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's only fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrators determine the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the Plan's investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants (Note 1) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are earned. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

During the year ended December 31, 2019, the Plan incurred administrative fees of $20,992 directly with its third-party administrator (Note 6). These charges are reflected in the accompanying statement of changes in net assets available for benefits.

Recent Accounting Pronouncements

During the year ended December 31, 2019 and through May 26, 2020, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Plan management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements.

Subsequent Events

In preparing the financial statements, the Plan's management has reviewed, as determined necessary by the Plan's management, events that have occurred after December 31, 2019, up until the issuance of the financial statements, which occurred on May 26, 2020.

## 3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Valuations based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Valuations based on quoted prices in markets that are not active, or financial instruments for which all significant inputs are observable; either directly or indirectly; and

Level 3 Valuations based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable; thus, reflecting assumptions about the market participants.

## 3. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Level 1 Fair Value Measurements

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019

| | Level 1 | Total |
|---|---|---|
| Mutual funds | $ 4,910,347 | $ 4,910,347 |

Assets at Fair Value as of December 31, 2018

| | | |
|---|---|---|
| Mutual funds | $ 3,819,775 | $ 3,819,775 |

## 4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a synthetic investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. The investment contract is for the Invesco Stable Value Fund in the Invesco Stable Value Trust (Trust) which is a collective trust fund in the Institutional Retirement Trust. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

## 4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

The Plan's synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Wrapper contracts' interest crediting rates are typically reset on a monthly or quarterly basis according to each contract. While there may be slight variations from one contract to another, most wrapper contracts use a formula that is based on the characteristics of the underlying fixed income portfolio. Over time, the crediting rate formula amortizes the Trust's realized and unrealized market value gains and losses over the duration of the underlying investments.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include termination of the Plan, a material adverse change to the provisions of the Plan, the employer electing to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. While it is possible that the Plan may experience a plan termination or other event that would trigger fair value payouts under the Trust's wrapper agreements, the Plan's management does not believe these events are probable of occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

## 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

## 6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by an affiliate of the Trustee, Capital Research and Management Company. Therefore, these transactions qualify as party-in-interest transactions.

FASCore, the Plan's recordkeeper, provides certain administrative services to the Plan pursuant to a contract between the Company and FASCore. FASCore receives revenue from mutual fund service providers for services FASCore provides to the funds. This revenue is used to offset certain amounts owed to FASCore for its administrative services to the Plan.

## 7. TAX STATUS

The Plan, as originally drafted, is a Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement. The IRS has determined and informed the Company of the prototype plan by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). However, a determination letter from the Internal Revenue Service has not yet been requested by the Company to determine if the Plan as amended was designed in accordance with applicable sections of the IRC. The Plan Administrators believe the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. The Plan further cautions that it is not possible to list such factors, and one should not consider the identified factors as a complete list of all risks and uncertainties.

## 9. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

For the years ended December 31, 2019 and 2018, the Plan Administrators have elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrators instructed the auditors to not perform any auditing procedures with respect to the information certified by the Trustee of the Plan in 2019 and 2018, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.

The following information was obtained from data that has been prepared and certified to as complete and accurate by the Trustee of the Plan, as of December 31, 2019 and 2018 and for the year ended December 31, 2019:
