NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 AND 2018 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Total Quality Maintenance, Inc. Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General **-** The Plan is a defined contribution plan that was established on October 1, 2000 by Total Quality Maintenance, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Minnesota Life Insurance Company ("Minnesota Life") to act as custodian and with Securian Financial Services ("Securian") to process and maintain certain records of participant data. The Company has contracted with a third-party administrator to provide certain record-keeping and plan services. Certain Company personnel serve as plan trustees.

Contributions **-** Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer safe harbor matching contribution subject to certain eligibility requirements. For the year ended September 30, 2019, the Company contributed a safe harbor matching contribution equal to 100% of the participant's elective deferrals not to exceed 3% of the participant's eligible compensation, plus 50% of the participant's elective deferrals between 3% and 5% of the participant's eligible compensation. The Company's safe harbor matching contribution was $107,904 for the year ended September 30, 2019 of which $14,728 was a receivable as of September 30, 2019 and was paid in October 2019. The Plan also allows for an employer discretionary non-safe harbor matching contribution and/or an employer discretionary profit sharing contribution subject to certain eligibility requirements; none were made for the year ended September 30, 2019.

Participant Accounts **-** Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contribution, the discretionary non-safe harbor matching contributions (if any), an allocation of the discretionary profit sharing contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the discretionary non-safe harbor matching contribution and discretionary profit sharing contribution are determined by the employer each year. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting **-** Participants are 100% vested in their contributions, rollover amounts and safe harbor matching contributions, plus actual earnings thereon. Vesting in the discretionary non-safe harbor matching contribution and discretionary profit sharing contribution and earnings is based on years of credited service as follows: less than 2 years – 0%, 2 years but less than 3 years – 20%, 3 years but less than 4 years – 40%, 4 years but less than 5 years – 60%, 5 years but less than 6 years – 80% and 6 years or more – 100%**.** Participants become fully vested in the event of death, disability, retirement age, or plan termination.

Notes Receivable from Participants **-** Notes receivable from participants are not permitted in the Plan.

Payment of Benefits **-** Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions. Hardship distributions are not permitted in the Plan.

Forfeited Accounts **-** Forfeited non-vested employer accounts can be used to restore forfeitures, to reduce company contributions, to be reallocated to eligible participants as company contributions or to pay plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting **-** The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates* -** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition* -** Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Minnesota Life. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Excess Contributions Payable* -** Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of September 30, 2019 and 2018 there were no excess contributions payable.

***Plan Expenses* -** For the year ended September 30, 2019, some plan fees were paid by the Company and these amounts are excluded from the Plan's financial statements. Investment/fund fees, certain participant transaction fees, annual plan administration fees, and third-party administrator fees are charged to participant accounts as applicable.

***Payment of Benefits* -** Benefits are recorded when paid.

***Subsequent Events* -** The Plan has evaluated subsequent events through June 23, 2020, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life has certified to the completeness and accuracy of:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of September 30, 2019 and 2018.
- Interest and net appreciation in fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended September 30, 2019.
- Investments reflected on the Schedule of Assets (Held at End of Year).

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2019 and 2018.

Pooled Separate Accounts: Units held in the Plan's pooled separate accounts under the Plan's contract with Minnesota Life are valued using a net asset value ("NAV") method similar to a mutual fund NAV calculation. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchases, and redemption activity in the fund. The Plan invests in the custodian's pooled separate accounts, which invest in various types of securities. The NAV is used as a practical expedient to estimate fair value for the funds. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAV. For the pooled separate accounts under the Plan's contract with Minnesota Life there are no unfunded commitments and the units can be redeemed daily. The contract can be liquidated with a 60 day discontinuance written notice sent by the Company to Minnesota Life. A market value/liquidation charge may apply upon termination of the contract. At this time, the Plan Sponsor does not intend to terminate its contract with Minnesota Life.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of September 30, 2019			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV (a)	$ -	$ -	$ -	$2,462,171
Investments at fair value	$ -	$ -	$ -	$2,462,171

	Assets at Fair Value as of September 30, 2018			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV (a)	$ -	$ -	$ -	$2,136,616
Investments at fair value	$ -	$ -	$ -	$2,136,616

(a) In accordance with FASB ASU Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6 - GUARANTEED ACCOUNT

The Minnesota Life Guaranteed Return Account is invested in the general assets of Minnesota Life. General assets are predominately fixed income investments. The fund is considered fully benefit responsive. As of September 30, 2019 and 2018, the fund is reported at contract value which approximates fair value.

The fund's value does not fluctuate daily with the investment markets. Minnesota Life guarantees the principal amount and pays a stated rate of interest. The guarantees are based on the financial strength and claims-paying ability of Minnesota Life, an affiliate of Securian. Because the fund guarantees the preservation of principal and accrued interest, Minnesota Life assumes the market risk associated with the investment of these assets. To assist in managing this risk, the following transfer restrictions apply: transfer restrictions may exist for transfers out of the fund to any competing investment option. Currently the Plan has no competing investment options. The fund's minimum crediting rate under the contract is 1.50%. The rate from October 1, 2018 to September 30, 2019 was 1.50%.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by Minnesota Life. Any purchases and sales of these investments are performed in the open market at fair value or contract value. Plan related fees are paid to Minnesota Life, Securian, and the third-party administrator. The Plan has other service providers. All these transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan has adopted a volume submitter plan which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - SUBSEQUENT EVENT

The COVID-19 outbreak in the United States has resulted in government mandated closures of nonessential businesses, directives aimed at restricting movement for residents of many states, and related financial market disruptions. The Plan Administrator is unable to quantify the potential effects of the pandemic on the financial status of the Plan.

Effective April 27, 2020, the Plan adopted the following provisions based on the Coronavirus Aid, Relief, and Economic Security Act (CARES Act):

1. A coronavirus–related distribution is allowed from the Plan to a Qualified Individual. A coronavirus-related distribution is limited to a total of $100,000. It must be taken between January 1, 2020 through December 31, 2020. A coronavirus-related distribution is not eligible for rollover and the mandatory 20% federal tax withholding does not apply. A default of 10% withholding will apply unless the participant elects out of this withholding. Unless a participant elects otherwise, a coronavirus-related distribution will be included in the participant's gross income ratably over three tax years beginning with the year of distribution. A participant who receives a coronavirus-related distribution may repay the distribution within three years to any eligible retirement plan to which a rollover contribution can be made.
2. The 10% early distribution penalty tax (for distributions made before age $59^1/_2$) will not apply to a distribution that otherwise qualifies as a coronavirus-related distribution.
3. All Required Minimum Distributions ("RMDs") are waived for the year 2020. This waiver would also apply to 2019 RMDs that are due by April 1, 2020 for individuals who turned age $70^1/_2$ last year and have not already taken their RMD.
